Ootacamund

Sir,

In reply to your official Memo,
No. 229 Revenue dated the 5th August 1890,
I have the honor, with reference to G. O.
No. 1962 dated the 21st March 1890, Revenue-
to inform you that, with regard to the
agency through which the quinine powders
could be best distributed, I have nothing
further to add, beyond what was stated
in my letter, No. 75 of 7th February 1890, when
I wrote that I thought the distribution should
be effected through the District Revenue
officials, but as to the particular way, in
which this should be accomplished, I
intended to leave it to the Collector, or other
officer of each District to decide.

2. I should have written to this effect sooner, had I been in a position to send out quinine, in any large quantities, but as up to a recent date, I have been only just able to meet the Indents, which have been put in, I have been obliged to let this matter stand over. The manufacture of quinine is now going on rapidly, and in a short time will be going on faster still, and I shall then be well a head, of all orders, and so, before long, I hope to be able to recommence the preparation of the powders.

3. If a large number of packets are sent to any place, at one time, the cost of Carriage would be, as Government in their order remark, greatly reduced.

I have the honor to be
Sir
Your Most obedient Servant
M. C. Lawson
