PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the Secretary to the Board of Revenue, dated Ootacamund, 21st March 1885, No. 83:—

As directed in G.O., dated 16th February 1885, No. 196, Revenue, communicated with Board's Proceedings, dated 3rd March 1885, Mis. No. 1987, I have the honor to put my proposals into figures as follows:—

Designation	Pay	Allowance at the rate of 50 per cent. on pay.
First-class Revenue Inspector	RS. 50	RS. 25 0 0
Second-class Revenue Inspector	40	20 0 0
Head Clerk, Deputy Tahsildar and Sub-Magistrate's Office	30 0 0	15 0 0
Second Clerk, Deputy Tahsildar and Sub-Magistrate's Office	25 0 0	12 8 0
Third Clerk, Deputy Tahsildar and Sub-Magistrate's Office	15 0 0	7 8 0
Total	160 0 0	80 0 0

In Mr. Garstin's scheme, it has been proposed to raise the pay of the Head Clerk from Rs. 30 to Rs. 40, and to add a new clerk to the establishment on Rs. 20. This will raise the total allowance by Rs. 15, making it Rs. 95.

The work cannot be said to be heavy, but there is always a difficulty in getting men to take up appointments in the South-east Wynaad. It is necessary, not only to tempt them with comparatively high pay, but to provide an extra number of hands to carry on the work in spite of the constant interruptions owing to sickness.

READ—the following letter from W. LOGAN, Esq., Collector of Malabar, to the Secretary to the Board of Revenue, dated Calicut, 22nd April 1885, No. 1586:—

Referring to G.O., dated 16th February 1885, No. 196, Revenue, communicated with Board's Proceedings of 3rd March, Mis. No. 1987, I have the honor to submit my proposals in regard to the grant of extra hill allowances to the officers of the Revenue Department, who are employed in the Wynaad Taluk. I must observe that Wynaad is, and has always been, a heart-breaking taluk to administer efficiently, and the only practical solution of the difficulty lies in attracting young and intelligent men there by the offer of liberal emoluments.

2. A statement showing the present establishment and that proposed by Mr. Garstin in his report on the revision of the Revenue establishments for Wynaad and for an ordinary taluk in the plains is annexed. It will be observed that the salaries proposed by him are almost uniform in the two, and that where a slight increase has been recommended, the enhancement *per se* is insufficient to induce efficient men to take service in a highly insalubrious and malarious climate like that of Wynaad. The reason for allowing one extra gumastah for the Vayitri Deputy Tahsildar's Cutcherry is owing to the heavy stamp and other sub-treasury transactions in that office.

• Figure for Kentucky which is one of the best cases which is made by the State.

3. A list of the present and proposed establishment for the Deputy Collector, Wynaad, as compared with that of an ordinary division on the plains is also appended. The salary recommended by Mr. Garstin is almost uniform in the two and takes no account of the disadvantages of residence in fever-stricken Wynaad :—

4. The question is what extra allowance should be granted. It appears that the officers employed in the Police, the Public Works, the Local Funds and some other departments in Wynaad draw in addition to their substantive pay an allowance of 50 per cent. thereof in consideration of the hardships of the Wynaad climate. This "Wynaad allowance" as it is called is by no means too liberal, and the Revenue Department is clearly as well entitled to it as any other department. My recommendation therefore is that the establishments be made uniform with those in the low country except the extra gumastah for the Deputy Tahsildar's office at Vayitri, and that the Wynaad allowance should be granted to them save in the following cases. As to the Deputy Tahsildar, Vayitri, his pay was fixed at Rs. 125 in consideration of the unhealthiness of the climate, and no increased allowance need be made to him. I would limit the allowance to the Tahsildar to 25 per cent. of his pay, making his total emoluments Rs. 250. The Deputy Collector, Mr. Underwood, now draws a special allowance of Rs. 150 per mensem.

5. In conclusion I would *strongly* and *urgently* recommend that if any delay is likely to arise in obtaining the sanction of the Government of India to the general revision of the Revenue establishments, the "Wynaad allowance" now proposed be sanctioned on the *present* pay of the establishments so as to afford *some* relief to them in the meanwhile. When the revised establishment comes into force the allowance will be calculated on the revised salary.

RESOLUTION—dated 24th June 1885, No. 1892.

In their Proceedings, dated 10th January 1885, No. 73, the Board recommended that the establishment of the Head Assistant Collector of the Nilgiris and that of the Deputy Tahsildar of Gudalur and the Revenue Inspectors should, while serving in the Wynaad, receive special allowances in compensation for climate similar to those now drawn by certain officials in Malabar Wynaad. Government requested an expression of opinion by the Collector of Malabar, and both Mr. Logan and Mr. Burrows agree in insisting upon the necessity for granting special rates of pay in order to secure competent men for service in the feverish locality referred to. The Wynaad allowance ordinarily given is 50 per cent. of salary; but, looking into the details of the several

establishments as they now stand, it is evident that in many cases the salary has been fixed with reference to considerations of climate, and, where this is the case, it is obviously unnecessary to raise present salaries by one half. Moreover, in his scheme of revision drawn up by Mr. Garstin and approved, with modifications, by Government, it is clear that weight has been given to climatic considerations in determining the rate of salary to be paid.

* Mr. Garstin's report, page 26, paragraph 66, and page 46, paragraph 76.

Without going so far as to concur with Mr. Burrows in including the special allowance proposed by Mr. Garstin in the amount of salaries upon which the special allowance should be calculated, the Board, with their Second Member's concurrence, would in some cases allow certain additions to be made, in order to bring salaries up to a reasonable level for corresponding appointments in the neighbouring plains and as being no more than adequate remuneration for work performed under ordinary conditions in regard to climate.

2. For the rest in the statement appended to this resolution, the Board have reduced to the level of similar appointments on the plains a number of salaries preparatory to calculating the Wynaad allowance. For instance, the salaries of Deputy Tahsildars of Gudalur and Vayitri, which are now Rs. 150 and Rs. 125, respectively, are reduced to Rs. 100 each, which is the rate of pay given to the Deputy Tahsildars of Ootacamund and Coonoor. The addition of the special allowances will raise the salaries of the Wynaad Deputy Tahsildars to Rs. 150 each. Similarly, the pay of the peons of the Head Assistant Collector's office is at present Rs. 11 and 10 apiece; they are proposed to be fixed at Rs. 8 and Rs. 7 plus special allowances. The masalchi of this office now draws Rs. 7; this should be reduced to Rs. 6. In the offices of the Deputy Tahsildars of Vayitri and Gudalur the pay of the peons should be reduced to Rs. 6, of a masalchi to Rs. 5, and of a duffarbund to Rs. 7. Besides reducing the pay of such servants as these in the Wynaad Tahsildar's office, the salary proper of the duffarbund should be fixed at Rs. 8 and of the sweeper at Rs. 5. In the case of clerks and gumastahs, the Board do not propose, in every case, to reduce their pay for the purpose of calculating the allowances to the level of that at present obtaining on the plains; and in making their proposals in the statement they have been guided chiefly by the recommendations of Mr. Garstin regarding officials filling similar posts on the plains; and, as Mr. Garstin's revised scale involves the enhancement of the salaries of clerks in many cases, it is thought undesirable temporarily to reduce the salaries of such officials where they do not materially exceed the new scale.

3. As regards the Tahsildar of Wynaad, the Board concur with Mr. Logan in the opinion that it will suffice to grant him a special allowance of 25 per cent. of his present salary, or Rs. 60 a month. His pay will then be Rs. 250. The pay of the Revenue Inspectors in Nilgiris Wynaad may be left as it is. These salaries are sufficient and special allowances are uncalled for in their case.

4. The financial effect of the Board's proposals as shown on the statement will be a charge of Rs. 594 a month upon present salaries, modified as suggested, and of Rs. 737 upon those of the new scale, modified as proposed.

* O.Os, 18th March 1884, No. 390, and 3rd May 1884, No. 610.

5. Upon the actual cost of establishment at present the increase per mensem will be for—

Nilgiris Wynaad	Rs.

Total ..	462

The Board recommend that sanction be accorded to these proposals.

5. In conclusion I would *strongly* and *urgently* recommend that if any delay is likely to arise in obtaining the sanction of the Government of India to the general revision of the Revenue establishments, the "Wynad allowance" now proposed be sanctioned on the *present* pay of the establishments so as to afford *some* relief to them in the meanwhile. When the revised establishment comes into force the allowance will be calculated on the revised salary.

In their Proceedings, dated 10th January 1885, No. 73, the Board recommended that the establishment of the Head Assistant Collector of the Nilgiris and that of the Deputy Tahsildar of Gúdálúr and the Revenue Inspectors should, while serving in the Wynaad, receive special allowances in compensation for climate similar to those now drawn by certain officials in Malabar-Wynaad. The Government requested an expression of opinion by the Collector of Malabar, and Mr. Logan and Mr. Burrows agree in insisting upon the necessity for granting special rates of pay in order to secure competent men for service in the feverish localities referred to. The Wynaad allowance ordinarily given is 50 per cent. of salary; but looking into the details of the several

establishments as they now stand, it is evident that in many cases the salary has been fixed with reference to considerations of climate, and, where this is the case, it is obviously unnecessary to raise present salaries by one half. Moreover, in his scheme of revision drawn up by Mr. Garstin and approved, with modifications, by Government, it is clear that weight has been given to climatic considerations in determining the rate of salary to be paid.

Without going so far as to concur with Mr. Burrows in including the increments proposed by Mr. Garstin in the amount of salaries upon which the special allowance should be calculated, the Board, with their Second Member's concurrence, would in some cases allow certain additions to be made, in order to bring salaries up to a reasonable level for corresponding appointments in the neighbouring plains and as being no more than adequate remuneration for work performed under ordinary conditions in regard to climate.

2. For the rest in the statement appended to this resolution, the Board have reduced to the level of similar appointments on the plains a number of salaries preparatory to calculating the Wynaad allowance. For instance, the salaries of the Deputy Tahsildars of Gúdálár and Vayitri, which are now Rs. 150 and Rs. 125, respectively, are reduced to Rs. 100 each, which is the rate of pay given to the Deputy Tahsildars of Ootacamund and Coonoor. The addition of the special allowances will raise the salaries of the Wynaad Deputy Tahsildars to Rs. 150 each. Similarly, the pay of the peons of the Head Assistant Collector's office is at present Rs. 11 and 10 apiece; they are proposed to be fixed at Rs. 8 and Rs. 7 plus special allowances. The masalchi of this office now draws Rs. 7; this should be reduced to Rs. 6. In the offices of the Deputy Tahsildars of Vayitri and Gúdálár the pay of the peons should be reduced to Rs. 6, of a masalchi to Rs. 5, and of a dufferbund to Rs. 7. Besides reducing the pay of such servants as these in the Wynaad Tahsildar's office, the salary proper of the duffadar should be fixed at Rs. 8 and of the sweeper at Rs. 5. In the case of clerks and gumastahs, the Board do not propose, in every case, to reduce their pay for the purpose of calculating the allowances to the level of that at present obtaining on the plains; and in making their proposals in the statement they have been guided chiefly by the recommendations of Mr. Garstin regarding officials filling similar posts on the plains; and, as Mr. Garstin's revised scale involves the enhancement of the salaries of clerks in many cases it is thought undesirable temporarily to reduce the salaries of such officials where they do not materially exceed the new scale.

3. As regards the Tahsildar of Wynaad, the Board concur with Mr. Logan in the opinion that it will suffice to grant him a special allowance of 25 per cent. of his present salary, or Rs. 50 a month. His pay will then be Rs. 250. The pay of the Revenue Inspectors in Nilgiris-Wynaad may be left as it is. These salaries are sufficient and special allowances are uncalled for in their case.

4. The financial effect of the Board's proposals as shown on the statement will be a charge of Rs. 594 a month upon present salaries, modified as suggested, and of Rs. 737 upon those of the new scale, modified as proposed.

5. Upon the actual cost of establishment at present the increase per mensem will be for—
