G.O. No.	3242	Press Mis.
Dated	2nd June	1891.

Not to be folded or roughly handled

No 10

From

Ag. Civil Surgeon

Cocanada

To

The Ag Collector

Codanin District

Sir

I have the honor to inform you that I have repeatedly drawn the attention of the Chairman of the Municipality to the dangerously insanitary condition of the land to the north & north east of the market tank but without the least effect and therefore request that you will be so good as to call on him the urgent necessity of improving the condition of these parts if he has any regard for the safety and well being of the public.

The swampy parts on the East side of the tank Mr Brown the L. E. Engineer suggests should be converted into a tank, the Canal water which is close by, let into it and let out into the adjacent fields, the earth that is removed can be utilized in raising the swampy parts on the west side of the road where in the rainy season the huts are more or less submerged & in forming the bund of the tank. This I should think would be the cheapest, easiest, & most useful way of

ling the difficulty.

I have the honor to be
Sir

Your most obedient servant

(D) W. J. Harwood

Of Civil Surgeon

693

Municipal Officer

Cocanada 12th April 1891

1085 M

From

G. P. Norton Esq.

Chairman

Municipal Council
Cocanada

To

The Revenue Officers in Charge
of the Cocanada Division

Sir,

There is a piece of land situated to the North
and North East of the Market Tank said to
belong to Government measuring in all 63 cents.
This was formerly a putrid ditch but had gra-
dually been raised by the Municipal Council
by filling the same with street rubbish and
then covered with earth. Now it is all over
flat and on equal levels, but the Council
cannot see their way to utilize the same
for any convenient purpose, because it
belongs to Government and any interference
on the part of the Council towards its improve-
ment would be of no use. Consequently
the Council hitherto declined to interfere
as any amount of funds it may happen to
utilize towards its improvement being con-
sidered to be nothing but a mere wastage.

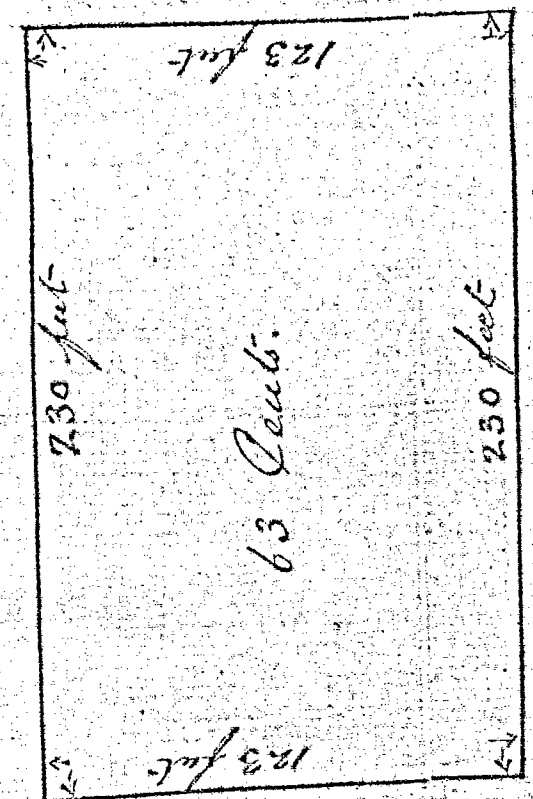

As the land being left a yard there has been every likelihood of its being full of refuse. This, the Civil Surgeon of the place has seen and reported frequently to the Council of its insalubrious and dangerous condition. But seeing that the Council made no definite reply to his communications, he reported the matter to the Collector with certain suggestions, who was pleased to refer the same to the Council with his endorsement (Vide copy of the Civil Surgeon's letter & the collector's endorsement annexed thereto enclosed). The matter was placed before the Council at its meeting held on the 21st March last, when it was resolved that the Government be requested to give over the site to the Council, when only the Council can carry out the suggestions of the Civil Surgeon (Vide copy of the Resolution Enclosed)

I now beg to enclose a plan of the site together with its dimensions and request therefore that you will be so good as to obtain the sanction of the Government for making over the land to the Council, free of any charge, so as to enable the Council to meet with the suggestions of both the Civil Surgeon and of the collector of the district

I have the honor to be
 Sir
 Your most obedient servant

to his Endorsement No. $\frac{693}{12/2/1891}$ on Civil Sur-
geon's letter No. $\frac{10}{12-1-1891}$

(2) The Municipal Council requests
that a piece of waste land measuring 63
Cents and situated to the South East of the
Madras Bank may be made over to it free
of charge so that the land might be converted
into a tank as suggested by the Civil Surgeon.
I see no objection to the proposal. As the
tank would not be a source of income to the
Municipality the land may be assigned
rent free.
