PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

THE HON. MR. H. W. BLISS.

READ—again the following Proceedings of the Board of Revenue (Land Revenue),
dated 10th October 1890, Mis. No. 6462:—

Read—Government Order, dated 15th September 1890, No. 733, Revenue.

ABSTRACT.—Orders passed on papers relating to the distribution to Collectors of quinine
manufactured at the Government factory, Naduvatam.

Resolution—dated 10th October 1890, Mis. No. 6462.

Communicated to the Collectors of the Districts noted in paragraph 2 of the
Government Order, who will arrange for the disposal of the quinine as directed by
Government and report the result in due course; care must be taken that the quinine
is not adulterated by the vendor.

READ—again the following Proceedings of the Board of Revenue (Revenue Settlement,
Land Records and Agriculture), dated 13th March 1891, No. 336,
Routine:—

MR. CLOGSTOUN.

Read—the following letter from E. J. SEWELL, Esq., Acting Collector of Cuddapah,
to the Secretary to the Commissioner of Revenue Settlement, Land Records
and Agriculture, dated Cuddapah, 9th March 1891, Disposal No. 523-
Eng.:—

With reference to Board's Proceedings, Mis. No. 6462, dated 10th October 1890,
I have the honour to report that a notice showing the prices at which each packet of
quinine would be sold was published in the District Gazette. From the reports up to
the end of January 1891, it appears that 24 packets have been sold in all the taluks of

the district including the Huzur Treasury. If it be borne in mind that a number of bottles of quinine have recently been sold by the Tahsildars, I consider that people are availing themselves of the advantages allowed to a satisfactory extent.

2. Out of 75 oz. of Naduvatam quinine supplied to this district, 59 oz. have been sold. Tahsildars have been asked to send up monthly reports showing the progress made in the distribution of the medicine. An indent for a further supply will be submitted as soon as the balance in hand is exhausted.

Resolution—dated 13th March 1891, No. 335, Routine.

Transferred to the Land Revenue Department.

(A true Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to the Commissioners of Land Revenue.

READ—also the following letter from E. C. JOHNSON, Esq., Collector of Ganjam, to the Secretary to the Commissioners of Land Revenue, dated Chatrapur, 15th May 1891, Current No. 1050-Acc. :—

With reference to Government Order, No. 733, Revenue, dated 15th September last, communicated with Board's Proceedings, Mis. No. 6462, dated 10th October last, I have the honour to report that in the last six months a supply of 47 packets of sulphate of quinine was received from the Government Botanist. Of these, 43 were distributed among 7 of my Taluk officers within whose jurisdiction considerable malarious tracts lie. The necessary instructions for observance in making the sales have also been given to and are being followed by them. Of the packets issued to taluks only 15 were sold as noted below up to the end of April last :—

Taluk officers.	Number of packets supplied.	Number of packets sold.	Balance.
1. Tahsildar of Goomsur	16	7	9
2. Deputy Tahsildar of Surada	8	4	4
3. Manager of Kallikot	6	4	2
4. Tahsildar of Berbampore	3	..	3
5. Deputy Tahsildar of Ganjam	4	..	4
6. Do. of Parlakimedi	3	..	3
7. Do. of Purushottapur	3	..	3
Total ..	43	15	28

In only 3 of the 7 taluks there is some demand for the drug. The Taluk officers concerned report that it may, in course of time, find a ready market. In the remaining taluks it is reported that the drug has found no purchasers in spite of all the endeavours of the officers concerned. This is evident from the fact that not even a single packet out of 13 issued to them in November last could be sold in the course of six months. The cause of there being no demand for it is reported to be that almost all the people of these places being Uriyas have a sentimental aversion to the use of foreign medicines, and prefer their own native drugs.

RESOLUTION—dated 3rd June 1891, No. 339.

Submitted to Government, with reference to Government Order, dated 15th September 1890, No. 733, Revenue. The result is not very satisfactory, but the experiment should be continued. The Collectors do not say if any attempt was made to sell the quinine in broken packets, or in single 5 grain doses.

2. The other Collectors, to whom the quinine was sent under the Government Order quoted, will be requested to report results.
