REVENUE BOARD OFFICE MADRAS

Proceedings of the Board of Revenue

(Land Revenue).

Dated 16th Sept. 189/.

No. 563. Revn.

The Hon. Mr. J. Sweeny
Mr. C. Mac Watters.

READ the following letter from Messrs Binny and Co. Madras, dated 9th September 1891.

With reference to our letter of the 15th July, we have now the honour to send you herewith a map showing the land in the Godaveri District applied for by us for Coal Mining.

The amount of land shown in the accompanying map is slightly in excess of what was stated in the Schedule attached to our letter, above referred to, the excess in portion consisting of that piece in the Bed of the Godaveri River, contained by the red lines D to the west of Gummadidem village and E in the South west corner near Darrapilli village.

We trust that government will have no objection to including this piece in the lease when we point out that it is but a small

lease

least valuable part of the field.

Resolution

Submitted for the orders of Government. The Board sees no objection to the extension of boundary of the land to be demised, asked for by Messrs Binny and Company if it lies within the "deep bed" line of the river. Beyond this line as the Board has reported in a recent Proceedings dated 16th September 1891, No. 562. probably belongs to Hyderabad. The easiest and speediest plan would probably be to extend the area "up to the British boundary" leaving it to be settled later what that boundary is.

THE HON. MR. J. GROSE.
MR. G. MCWATTERS.

READ—the following letter from Messrs. BINNY and Co., to the Secretary to the Board of Revenue (Land Revenue), dated Madras, 9th September 1891.

With reference to our letter of the 15th July, we have now the honor to send you, herewith, a map showing the land in the Godávari district applied for by us for coal-mining.

The amount of land shown in the accompanying map is slightly in excess of what was stated in the schedule attached to our letter above referred to, the excess portion consisting of that piece in the bed of the Godávari river contained by the red lines D to the west of Gumagudiem village and E in the north-west corner near Davrapilli village.

We trust that Government will have no objection to including this piece in the lease, when we point out that it is, we consider, the least valuable part of the field.

RESOLUTION—dated 16th September 1891, No. 563.

Submitted for the orders of Government. The Board sees no objection to the extension of boundary of the land to be demised asked for by Messrs. Binny and Co., if it lies within the "deep bed" line of the river. Beyond this line, as the Board has reported in a recent Proceedings (Board's Proceedings, dated 16th September 1891, No. 562), probably belongs to Hyderabad. The easiest and speediest plan would probably be to extend the area "up to the British boundary," leaving it to be settled later what that boundary is.
