My dear Chertal Rao.

In reply to your letter of the 3rd instant.

I am directed to say that Govt. are very sorry to hear that you feel yourself treated with want of consideration in the matter of the abolition of the Superintendentship of stamps. You should remember that you yourself suggested this measure and Govt. in consenting to it were under the impression that you were desirous of retiring or at least indifferent in the matter. As for the Inspector-Generalship of Registration

Mr. Hammet is still strong and fit for service and there appears no chance of its being immediately vacant. Even if it were, your health is not such that you could stand the travelling and Gov. looking to that alone would hardly be justified in appointing you to the Office; for which otherwise you are more than fit.

I am to assure you that your high worth and meritorious service are fully appreciated and in recognition of them, I am authorized by H. E. the Governor and the Members of Government to say that on your sons passing the B. A. degree

he will be placed in a position to obtain some official training and as soon as he has qualified in Revenue Knowledge, he will be put in as a Deputy Col.

I trust to hear soon to hear from you that this letter has removed from your mind all feelings of soreness and ideas that Gov. are carelessly treating you in the hardship.

Yours sincerely

In the matter of

be allowed to mention that, if

quite willing to have him
in that capacity.

the impression that in
Charat Krishna's case
it was not solely on
account of his dis-
qualification in the
matter of tests but in
order to see whether
he proved himself in
the respects suited
for the post of Deputy
Commissioner. The letter

I wrote to him at the
 time. Having been the
 appointment made this
 he was told that if he
gave satisfaction and
 passed the New Law
 within 2 yrs he could
 be confirmed. The order
 for order is also put up.
 The period of probation is
 not mentioned. He is
 in it. His family
 rejoiced but I have

The first of these is the fact that the
 world is not a uniform whole, but a
 collection of many different parts, each
 with its own characteristics and laws.
 This is the principle of diversity, and it
 is the basis of all knowledge. Without
 it, we could not understand the world
 as it is, or the mind as it works.
 The second principle is that of unity.
 Although the world is made of many
 different parts, there is a certain
 harmony and order in the whole.
 This is the principle of unity, and it
 is the basis of all science. Without
 it, we could not understand the world
 as it is, or the mind as it works.
 The third principle is that of causality.
 Everything that happens in the world
 has a cause, and every cause has an
 effect. This is the principle of causality,
 and it is the basis of all philosophy.
 Without it, we could not understand
 the world as it is, or the mind as it
 works.

My dear Sir

When I was obliged to retire
on Pension, the Govt were pleased
to promise to give my son a Dy
Collector's appointment on his
passing the U.L. examinations. He
passed the examination & also the
Revenue test & the Govt appointed
him a Dy Collector in July last. But,
in doing so, they appointed him
on probation for 2 years, apparently
to test his fitness for the post. Now,
I understand that the Govt have
issued an order that all Dy
Collectors not holding confirmed
appointments should pass the
High Proficiency examination

in two vernaculars, or
in one fully, & partially in
the other if they have passed
in one vernacular in the
University examinations. My
son's optional language in
the University was Sanskrit
& so, he has again to become
a schoolboy & study & pass
in two vernaculars. This
will not only subject him to
the annoyance & anxiety of
having to pass two examinations,
but will also disable him to
pay full attention to his
official work & deprive him
of the benefit of nearly 3 years
service as it will take that time
for him to pass. Mr

Power under whom my son
is now working, is ready, I
understand, to testify to his
fitness for the post, and
considering the nature of the
promise made to me, I beg
that you will kindly consider
whether he cannot be
confirmed in his appointment
with retrospective effect from
the date of his appointment,
& thus saved from the
necessity of passing the
examinations. — The
examination rules did not
exist when he was appointed,
& the probation was only to
test his fitness. I thought
of representing this matter

My dear Sir,
With reference to our conversation
the other day, I beg to enclose
the Chief Secy's Dept. Order in
which the Govt. promises of Govt.
to appoint my son as Dy. Collector
in recognition of my humble
services is conveyed. From
this you will readily observe that
the Govt. does not require my son
to pass even the Revenue test,
but promises to make him a Dy.
Collector on his passing the B. L.
examination after placing him
in a position to receive official
training. He having however
passed the Revenue test including
the account codes, the Govt. would

please no despatch with the
previous special training contemplated
I made him a B4 color at once.
I may also mention here that
he ^{was} first made honorary B4 color
& then taken on the regular establish-
ment after about 3 months of
experience.

Under these circumstances,
I trust that you will readily
see that the new examination
rules should not affect him.

Hoping that my prayer
will receive favorable
consideration.

The letter from the
Chief Secretary to Chandra

promised a Deputy Col-
lectorate for his son,
Krishna Row, as soon as Krishna
Row had qualified in Revenue
knowledge, & Krishna Row
has since passed the test
in that knowledge. Con-
sidering the circumstances
& the "high worth & meritorious
services" of Chandra Row
this promise was particularly
binding. Nevertheless Krishna
Row having had no official
experience was approached
on probation, the intention
being, as I understand it, to
prove his administrative
