Simla, the 16th July 1892.

SIR,

IN supersession of my Circular No. $\frac{25}{21}$, dated 24th October 1891, I am directed to intimate that the Secretary of State has recently approved of the arrangements originally proposed in Circular No. $\frac{7}{21}$, dated 17th July 1891, and to request therefore, that if no objection is raised to this proposal, a sum of Rs. 500 may, in renewal of the original arrangement, be provisionally entered in the provincial budget of each year for expenditure by the Department of Land Records and Agriculture, or such other agency as the Local Government may determine, on the purchase of specimens, on the institution of enquiries, and on other similar objects connected with the Imperial Institute.

2. It is requested that arrangements for the expenditure of the grant may be made in direct communication with the Reporter on Economic Products to the Government of India.

3. If the expenditure required in any one year is in the opinion of the Local Government likely to exceed Rs. 500, a reference should be made to the Government of India either direct or through the Reporter on Economic Products. The Secretary of State has restricted the total annual expenditure to Rs. 4,000 for all provinces, and arrangements must therefore be made by the Imperial Government for inter-adjustment of grants if in any one province the expenditure of Rs. 500 has to be exceeded.

An Imperial grant will be provided to meet the cost of freight and miscellaneous charges which cannot be met from provincial grants.

I have the honour to be,

SIR,

Your most obedient Servant,

Secretary to the Government of India.
