For orders

Orders are requested
as to whether the Provisional
Mining and Prospecting rules
can be published in the
Gazette, when the Government of
India says (G. I. letter in G. O.
6-12-92 no 5317) that though the
rules have received the Secretary
of States general sanction, certain
details are still under consi-
deration which will probably
entail a further reference to
His Lordships.

Better not
publish them
in the Gazette
J. H. G.

It will be noted that
when the Government of India
first communicated its draft
rules, it stated that the Secretary
of States sanction will be
necessary before they can be
officially promulgated, that
the rules should not therefore
be published, but they may
be utilized as a guide in
framing proposals. (para 3 of
the G. I. letter in G. O. 8-4-91 no. 2223)

This Caution was re-
peated in its subsequent letter
dated

Dated 11-5-92 (L.O. 25342 23.5.92).

With which it forwarded an amended copy of the rules.

Subsequent Correspondence on the subject has been as follows:—

In its letter of 23-6-92 (L.O. 87-92 No 3178), Local Governments were authorized to grant exploring licenses in accordance with the Provisional Rules, without reference to the Govt of India.

With letter of 21-9-92 (pp. 9-15 of L.O. of 2-11-92 No 1116-7) the Govt of India forwarded a Standard form of Mining lease.

In letter of 19-1-93 (L.O. 15-2-93 No 648) the Govt of India said that in anticipation of the official issue of the rules, Local Governments may grant both prospecting & mining concessions to. It appears from this letter that the official issue of the rules is delayed because the Secretary of State has accepted the rules not in their entirety, but with

with certain exceptions.

The question is whether in these circumstances, the rules can be published in the Local Gazette. Being Imperial Rules, applicable throughout British India, they should first appear, it is thought, in the Gazette of India.

If the rules cannot be published in the Local Gazette before they appear in the Gazette of India, they should not, it is thought, be communicated to private persons.

If, however, it is thought that there is no objection to the rules being published and communicated to persons interested, orders are requested as to whether both the rules and the Standard form of Mining lease may be published.

R.V.S.

12/3 Submitted the publication in the Gazette would be postponed at present - but that copies may be furnished to interested persons who want them - L.S. 14/3
