Recording G. O. R.D directing a Survey and settlt: of the whole inam villages in the Tanjore dt for ascertaining the assessment on which to levy the village cess and ordering the cost to be charged to the V. S. Funds; and suggesting to Govt: the propriety of a moiety of the cost being charged to the Local Funds.

C No 2544

For orders:

In G.O. dt 23-2-1944 the Govt directed that the cost conducting the survey and settlement of the whole inam villages attached to Govt villages in the Tanjore district should be charged to the village Service Fund as the survey is required only for purposes of the village cess Act.

The Board suggests in the current read above that as the assessment value of these villages will also be useful for calculating the land cess, the local funds of the district may be made to bear a moiety of the cost.

It will be seen from the rule under the above G.O. that the question whether the local funds could be made to bear a portion of the cost was then raised. The then Govt remarked as follows:

"The case of local funds is different as land cess is levied on these villages in any case and there is no ground for charging local funds with any portion

of

Under S. 64 ii of the L. Bds Act - the Bd - questn - it is the duty of the Collector to determine the "fair annual rent and water-rate" on Inams - and by S. 73 & 76 it is the Collector who is to collect the rent - It is submitted, therefore, that the Circuit Board cannot properly be asked to pay for Survey &c -
