Proceedings of the Board of Revenue

(Land Revenue),

Dated 8 September 1893,
No. 5208 Ellis

READ *Government Order Revenue, Department, dated*

15 August 1893, No. 3028.

Resolution

With reference to the G.O. read above, the Board begs to submit that para 2 of the revised Standing Order No. 6, as submitted in Boards' Proceedings, dated 5 July 1893, No. 395, will be clearer if it is arranged as follows, leaving the instructions now issued by Government for a separate para:—

"2 - (1) Persons wishing to plant trees for their private benefit, whether as plantation for firewood or otherwise, will be allowed.

G.O. 3028
15-8-93

for that purpose, and so long as the terms of the concession are fulfilled (vide paras 4, 5 and 7 of the Standing Order) such land will be exempt from assessment for 20 years (subject to the provisions in clause (2) following and in para 3 of the Standing Order) whether it is cultivated by the grantee or not.

(2) As a rule, the land granted for private tope-planting under clause (1) above must have been waste for 10 years. If the tope be planted in land usually under cultivation, such land will as a general rule be assessed with full tax from the time the trees are planted whether it be cultivated or not.

(3) After the lapse of the period of 20 years referred to in clause (1), the full assessment on the land will be charged; and if

if the land be unassessed, the collector will determine the assessment to be levied. In so doing he may allow for the sterility of the soil or take account of other matters which in his opinion may justify special treatment".

2. The separate para above referred to might run as follows:-

"9. In the case of

- (1) unassessed land granted for private topes.
- (2) unassessed land granted for ^{public} ~~private~~ topes, and
- (3) Cultivated land granted for public or private topes,

the collector is at liberty if he thinks that the circumstances specially require it, to recommend to the Board, in the first two cases, greater indulgence than is ordinarily allowable

under

under the preceding paras, and in the third
case the grant of some indulgence.

Quo. 6806 of 1893.

3726/10: October 1893

L. 6. 10/10

The amendments proposed
by the Board are approved -
but the word "unassessed" in
para 2 of the Prop. "9" (1) & (2)
should be struck out as
unnecessary -

L. 4/10

The amendments are clear
enough & are in accordance
with L. 6. 3028 15. 8. 93 -

L. 4/10

L. O. 10/10

It is not under-
stood what the Board means
by 'greater' indulgence in the
case of unassessed land granted
for 'public' topes and by 'some'
indulgence in the case of cul-
tivated land granted for the
same purpose, seeing that under
para 1 of the S.O. (no. 6) the
grant would seem to be rent-
free in both cases.

2. It is observed also
that while in paras 1 & 3 of the
S.O. (paras 1 & 2 as amended in
B.P.s 3 5-7-93 no. 395) lands
ordinarily grantable for 'topes'
are described as 'waste,' men-
tion is made of only 'unassessed
land' in the addition proposed
in para 2 of present Progs. of
the Board. It should be ex-
plained why 'Assessed waste
land' is not referred to in this
para.
