Answer

138

The number of appeals from the District of
North West disposed of by the B. of Rest, during
the period referred to in the question was 56.
Of these, 40 were taken, as one of the least Rest
County took part in the disposal of 50, out
of which number he disposed of about 9
40 appeals against his own decisions in
Collection of N. West.

much surprised and concerned that this
B. of Rest should have taken the side of the
lawyer, who was his legal bond
holder, that of 183 he was legally bound
to dispose of all appeals that came before
him, and that, strictly speaking, he could
not have for any of them to his colleagues
with out a reference to the B. of Rest. On the other hand,
notwithstanding the fact that he has always been
his difficulty, the fact is, however, that he has
throughout his career (long to the procedure
in law, strictly speaking, informal)

by the time getting one of his colleagues to
dispose of all objects of his own decision in 148
a Col. even though the decision on appeal might
be to issue under his own signature. He
for. Karpov reports the same action with strong
disapproval.

They are not aware whether the Hon. W. Kelloggman
has been in possession of this information
at the last Council then
to make an amendment to insert a clause
into the Bill to prevent members of the B. for
disposing of appeals against decisions passed
by themselves as Q.W. - if he was, it is to be
regretted that he did not say so at the time.
Had he done so, he would not have opposed his
amendment.

The B. of Rice has now proposed to add the
following provision to the Notification under the
new Bill:

- Provided that where a paper which would,
under the above Notification, go before a single
member, is an appeal against a decision previously
passed by the in divided members or a committee
such paper shall be presented to any other member
where the former was disqualified.
- The for approval the suggestion which will prevent

The Govt. will take steps
to prevent by law a rule
in the guidance of members
of the B. which will have
the effect of preventing any
renewal of such an
incident.
