GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 9th December 1892, Forest No. 696 :—

Read—the following letter from W. G. UNDERWOOD, Esq., Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue, dated 6th July 1892, No. 778 :—

I have the honour to forward herewith the papers connected with the reservation of Vengalammacheruvu reserve for submission to Government.

ENCLOSURE No. 1.

From M.R.Ry. C. SOMASUNDARA SHASTRIAR Avergal, Special Deputy Collector on Forest Settlement Duty, Nellore, Bellary and Anantapur, to the Collector of Anantapur, dated Tadpatri, 20th May 1892, No. 493.

I have the honour to submit, for transmission to Government, a draft notification under section 16 of the Madras Forest Act V of 1882 in respect of the proposed Vengalammacheruvu reserved forest, which appeared as item No. 2 of the notification under section 4 published at page 79 of the *Fort St. George Gazette*, dated 19th March 1889, the Head Assistant Collector, Penukonda, having been originally appointed Forest Settlement-officer. This notification was published in the District Gazette, dated 6th April 1889. By the notification published in the *Fort St. George Gazette*, dated the 25th November 1890, the settlement of this block was transferred to me from the Head Assistant Collector. The proclamation under section 6 of the Act issued by my predecessor was published in a supplement to the District Gazette, dated 4th May 1889, and the time allowed for the preference of claims expired on the 4th August 1889.

2. This block is situated in the Penukonda taluk and its settlement was conducted by the Head Assistant Collector. The late District Forest-officer Mr. Nallasawmy Naidu having informed me that the previous settlement was incomplete as none of my predecessors had perambulated the boundary of the reserve, I inspected and perambulated the reserve in February last with the present District Forest-officer, but no fresh claims were received.

3. This reserve is merely an extension of the Kottakota reserve on its southern and western sides, the boundaries of the two reserves being conterminous. In all fifteen claims were preferred in connection with this reserve, of which fourteen relating to occupied lands were disposed of by Mr. Bell, late Head Assistant Collector, Penukonda. The remaining claim for pasturage was rejected by me. Mr. Bell in the aforesaid fourteen land claims recorded the order that "the reserve boundary as now proposed by the Forest Department will exclude all the lands for which these claims Nos. 1 to 14 are put forward. There is therefore nothing more to be done so far as these claims are concerned." The present District Forest-officer, however, having represented that it would be inconvenient to exclude the fields concerned in claims Nos. 8, 9, 10 and 14, I negotiated with the claimants for the acquisition of their lands and the parties having offered to give up their lands accepting other lands outside the reserve in exchange, this arrangement was carried out with the Collector's sanction conveyed in his letter No. 138, dated 13th April 1892, and the lands involved incorporated with the reserve.

4. I must not omit to mention that the late District Forest-officer in his memorandum, dated October 1889, proposed to cut out altogether the hills called Pandulakonda, Sunkaratippa, Mondipothulagutta, which, according to the initial notification, were included in the reserve, the reserve as demarcated did not include these hills. No reasons, however, appearing in this exclusion, which was not ordered at the settlement, and the present District Forest-officer having stated that the hills should remain included in the reserve according to the initial notification, as they contain a growth of valuable teak, I have, in drawing up the boundary notification, included the hills in question within the reserve, throwing out the cultivation at the northern end as required by the initial notification.

5. A signed copy of the register of claims and a sketch-map of the reserve are enclosed.

6. The date from which the reservation is to take effect has to be inserted in the draft notification.

7. The spelling of the proper names has been adopted from the survey plans in the papers submitted.

15	Ediga Timanna, & Co., ryots of Bakkapatnam.	30th May 1889.	Claim right to pasture and forest produce according to mamul.	The ground of claim is mamul.	The District Forest-officer denies that the claimants have any right.	The claimants assert no right to what they want and, even if asserted, no such right can be recognised, inasmuch as their long enjoyment of pasture and free felling in poramboke lands constitutes merely a privilege enjoyed by them at the pleasure of Government who have always exercised the right of alienating such lands for purposes of cultivation according to mamul and unquestioned. The claim is rejected. (Signed) C. SOMASUNDARA SHASTRI, Forest Sett.-officer. 15th February 1891.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from W. G. UNDERWOOD, Esq., Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue, dated 6th July 1892, No. 778:—

I have the honour to forward herewith the papers connected with the reservation of Vengalammacheruvu reserve for submission to Government.

ENCLOSURE No. 1.

From M.R.Ry. C. SOMASUNDARA SHASTRIAR Avergal, Special Deputy Collector on Forest Settlement Duty, Nellore, Bellary and Anantapur, to the Collector of Anantapur, dated Tadpatri, 20th May 1892, No. 403.

I have the honour to submit, for transmission to Government, a draft notification under section 16 of the Madras Forest Act V of 1882 in respect of the proposed Vengalammacheruvu reserved forest, which appeared as item No. 2 of the notification under section 4 published at page 179 of the *Fort St. George Gazette*, dated 19th March 1889, the Head Assistant Collector, Penukonda, having been originally appointed Forest Settlement-officer. This notification was republished in the District Gazette, dated 6th April 1889. By the notification published in the *Fort St. George Gazette*, dated the 25th November 1890, the settlement of this block was transferred to me from the Head Assistant Collector. The proclamation under section 6 of the Act issued by my predecessor was published in a supplement to the District Gazette, dated 4th May 1889, and the time allowed for the preference of claims expired on the 4th August 1889.

2. This block is situated in the Penukonda taluk and its settlement was conducted by the Head Assistant Collector. The late District Forest-officer Mr. Nallasawmy Naidu having informed me that the previous settlement was incomplete as none of my predecessors had perambulated the boundary of the reserve, I inspected and perambulated the reserve in February last with the present District Forest-officer, but no fresh claims were received.

3. This reserve is merely an extension of the Kottakota reserve on its southern and western sides, the boundaries of the two reserves being conterminous. In all fifteen claims were preferred in connection with this reserve, of which fourteen relating to occupied lands were disposed of by Mr. Bell, late Head Assistant Collector, Penukonda. The remaining claim for pasturage was rejected by me. Mr. Bell in the aforesaid fourteen land claims recorded the order that "the reserve boundary as now proposed by the Forest Department will exclude all the lands for which these claims Nos. 1 to 14 are put forward. There is therefore nothing more to be done so far as they are concerned." The present District Forest-officer, however, having represented that it would be inconvenient to exclude the fields concerned in claims Nos. 8, 9, 10 and 14, I negotiated with the claimants for the acquisition of their lands and the parties having offered to give up their lands accepting other lands outside the reserve in exchange, this arrangement was carried out with the Collector's sanction conveyed in his letter No. 138, dated 13th April 1892, and the lands involved incorporated with the reserve.

4. I must not omit to mention that the late District Forest-officer in his memorandum, dated 18th October 1889, proposed to cut out altogether the hills called Pandulakonda, Sunkaratippa and Mondipothulagutta, which, according to the initial notification, were included in the reserve, and the reserve as demarcated did not include these hills. No reasons, however, appearing for this exclusion, which was not ordered at the settlement, and the present District Forest-officer having stated that the hills should remain included in the reserve according to the initial notification, as they contain a growth of valuable teak, I have, in drawing up the boundary description, included the hills in question within the reserve, throwing out the cultivation at the northern end as required by the initial notification.

5. A signed copy of the register of claims and a sketch-map of the reserve are enclosed.

6. The date from which the reservation is to take effect has to be inserted in the draft notification.

7. The spelling of the proper names has been adopted from the survey plans in the papers now submitted.

15	Ediga Timmanna, &c., ryots of Bakkapatnam.	30th May 1889.	Claim right to pasture and forest produce according to manual.	The ground of claim is manual.	The District Forest-officer denies that the claimants have any right.	The claimants assert to right to what they want and, even if asserted, no such right can be recognised, inasmuch as their long enjoyment of pasture and free felling in poramboke lands constitutes merely a privilege enjoyed by them at the pleasure of Government who have always exercised the right of alienating such lands for purposes of cultivation according to manual and unquestioned. The claim is rejected. (Signed) C. SOMASUNDARA SHASTRI, Forest Sett.-officer. 15th February 1891.
