SUBJECT.

Referring to the Revenue department letter from the Superintendent of Works, Periyar No. I Division, enquiring whether the report which he was directed to submit in G.O. No. 738 W dt. 16-3-93 should include the matter of the irrigation in Ramnad & Sivaganga Zemindaries & of the rights of the landholders concerned.

Sir, With reference to G.O. No. 738 W of 16.3.93 (Confidential) I have the honour to ask for instructions as to whether the report I am therein directed to submit should include the matter of the irrigation in Ramnad & Sivaganga Zemindaries & of the rights of the landholders concerned.

It seems improbable when the fullest & most accurate information on this question can be immediately got at first-hand, from the Collector & the Executive Engineer of Madura District that Government should refer to me for a report on a matter in respect to which I could only inform myself by reference to the Officers above-named. But para 4 of G.O. No. 81 Revenue of 30.1.93 seems to imply that these matters are to be embodied in my report, & I therefore ask for the favour of definite

Mr. Collector will not know how far the proposed reservoir will affect the water supply conveyed by the Vaigai to Ramnad & Sivaganga wells

orders, although the meaning of the G.O. under reference is apparently that my report should be confined to the purely engineering aspect of the proposed dam itself, & is not even to include any estimate of the amount of land that might possibly be irrigated from the reservoir nor of the cost of distributaries & subsidiary works.

I have &c.

Read. C. No 3747.

Order of 26th May 1893 No: 1932.

The Govt desires a full report
on the Varasandi Valley Reservoir
Project dealing with the
following questions
(1) How much water can
be stored.
(2) How much land can
be brought under new irrigation
(3) How much new revenue
can be looked for.
(4) What effect, if any,
such storage & new
irrigation will have on
lands now irrigated.
New lands, ~~in~~ the
Govt understand, are
situated in the Ramnad
& Sivaganga Zemindaries
& care must be taken
not to prejudice their
existing irrigation.

2. Mr. Pears observing
has not the time to
prepare the detailed report
above described & the Govt considers
in communication with the duty of preparing should be
the Collector entrusted to
a Competent
Engineer, specially deputed for
the purpose, as soon as the
services of such an officer
are available.
