

Revenue Department

Minutes of Consultation
8th Jan 1858

Back No 8 49

Order No 3 5/11th Jan 1858

(V)

Fort Saint George, Revenue Consultation of 8th January 1858.

No. 8. Read the following Extract from the Proceedings of the Board of Revenue; dated 27th November 1857, No. 4252.

Read letter from the Acting Collector of South Arcot,

* In Consultation 27th Nov. 1857. dated 4th November 1857.*

(Here enter No. 201.)

Ordered that the above letter be laid before Government with reference to Extract Minutes Consultation dated 16th Ultimo, No. 1057, R. D.

2. From the above letter it will be seen that there is a Choultry at Vicravandy, within 10 miles of that built by Nullatumby Chetty at Chendoor. This fact, it is observed, should have been stated when the case was first submitted by the Collector.

3. The restriction laid down in para. 3 of the rules for the endowment of Choultries sanctioned in Extract Minutes Consultation dated 11th August 1829 is however not absolute, and looking to the general utility of a public building so commodious and conveniently situated as that in Chendoor, as well as to the fact that no Choultry available for all classes of travellers exists on the North side of it within 20 miles, the Board think that the circumstance of the case entitle it to favorable consideration, and recommend that the application for an endowment be complied with.

C. O. B. Vol. 1, p. 29.

(A true Extract.)

(Signed) L. FORBES,
Acting Sub-Secretary.

Ordered in consequence that the following letter be despatched.

No. 9. From H. FORBES, Esq., Acting Secretary to the Government of Fort St. George; to the Secretary to the Government of India; dated 4th January 1858, No. 3.

SIR,

I am directed by the Right Honorable the Governor in Council to submit, for the favorable consideration of the Government of India, a recommendation from the Board of Revenue, for the grant of waste lands in endowment of a Choultry erected by the deceased brother of one Nullatumby Chetty, who is now the applicant for the grant, at Chendoor, on the road between Tindivanam and Vicravandy, in the District of South Arcot, at a cost of Rupees 9,000. The Collector, in his report on the Choultry in question, states that it is one of the best constructed, and most commodious of the kind in the Zillah; ample accommodation being provided for both Bramins and Soodras, and an additional detached building being available for the use of European Travellers.

2. From the application of the said Nullatumby Chetty, it would appear, that the permission of the late Collector of the District Mr. Hall was received for the construction of the Choultry, but that officer seems to have failed to obtain the previous sanction of the Board, as prescribed in the Circular orders of the 19th January 1832, and 8th August 1836. It appears also from the Collector's report, that there is a Chuttrum at Vicravandy within ten miles South of that under notice, but that there is none within 20 miles to the North of it, open to all classes of Travellers, as required by the orders of Government.

3. Under the restriction laid down in the third of the Choultry rules, the Chuttrum in question may not be entitled to any endowment of waste lands, but considering its general utility, the fact of its providing accommodation for all classes, Europeans and Native, its situation on a great trunk road, and the circumstance of there being no Choultry, open to all classes, within 20 miles to the North of it, I am desired to support the recommendation that waste lands, bearing an annual assessment of 60 Rupees, be granted for the support of the building.

Revenue Department
No 252

Ex tract from the Proceedings of the Board
of Revenue, dated 27th November 1857.

In @. 27th Nov/57 Read letter from the As-
sisting Collector of South Arcot, dated 15th No-
vember 1857.

(Here enters No 201)
Ordered that the above letter
be laid before Government with reference
to Extract Minutes Consultation dated
16th Ultimo No 1057 P.D.

2. From the above letter,
it will be seen that there is a Choultry at
Vicarvandy, within 10 miles of that built
by Vallaturthy Chetty at Chendoor. This
fact, it is observed, should have been
stated when the case was first sub-
mitted by the Collector.

3. The restriction laid
down in para. 3 of the Rules for the
endowment of Choultryes sanctioned
in Extract Minutes Consultation dated
11th August 1829 is however not absolute

and

and looking to the general utility of a public building, so commodious and conveniently situated as that in Chenn-
-door, as well as to the fact that no hospitalry available for all classes of Travellers exists on the North side of it within 20 miles, the Board think that the circumstance of the case entitle it to favorable consideration, and recommend that the application for an endowment be complied with.

L. Dantico.
Ag. Secretary

To
H. Forbes Esq.
Ag. Secretary to Government
Revenue Department.

Q. Revenue Department

143

To
The Secretary to the
Government of
India.

Sir,

Have decided by the
Right Honorable the Governor
in Council to submit, for the
favorable consideration of
the Government of India, a
recommendation from the
Board of Revenue, for the
grants of waste lands in
endowment of a Choultry
erected

Original
P. 10/11/25

10/11/25

10/11/25

(a) a tract from the Chandragiri
of the Board of Revenue

20/11/25
10/11/25

10/11/25

10/11/25

During the year the
acting Collector of the district
very information in respect of the
Choultry built by the Chandragiri
by the Chandragiri, and is recommended
that the application for the
grants of waste lands in
endowment of a Choultry
erected with

erected by the ^{deceased} brother of
our informant by the name of L. Hall, who
is now the applicant for the grant, at
Chumbur, on the coast of
Madagascar. The building is
well situated, on the
west side of South Street, at
about 100 paces from the
beach, and is a most
thoroughly constructed
and comfortable building,
which is one of the
best constructed and
most commodious of
the kind in the colony,
and ample accommodation be-
ing provided for both Europeans
and Africans, and an addi-
tional detached building
being available for the use
of European travellers.

From the application
of

C. C. B. pages 17 & 18

of the said settlement, it would appear, that the
permissions of the late Sec-
retary of the British East India
Company were received for the consti-
tution of the Church, but
that Officer seems to have
failed to obtain the neces-
sary sanction of the Board
as prescribed in the General
orders of the 17th January 1835
and 3rd August 1836. It ap-
pears also from the Collector's
Report, that there is a Christian
at Tiarawan 30 miles from
Miles South of that settle-
ment, but that there is
none within 20 miles to
the North of it, open to all
classes of travellers, as
required by the orders of
Government.

Under

3 Under the restrictions
laid down in the
Mind of the Honorable
Rules, the settlement in
question may not be
entirely beyond the
amount of waste lands,
but considering its gene-
ral utility, the fact of
its providing accommo-
dation for all classes,
European and Native,
its situation on a great
British road, and the cir-
cumstances of there being
no school open to all
classes, ^{within 20 miles to} the north of
it ~~within 20 miles~~, I
am desirous to support
the recommendation
that waste lands be
bearing an annual
assessment

Assessment of 60 Acres, be
granted for the support
of the building.
