Revenue Department

E. M. C. dated 27th Jan 1857

Book No. 1-2

---

order no 79 dated 27th Jan 1857

Fort Saint George, Revenue Consultation of 27th January 1857.

No. 1. Read the following *Extract from the Proceedings of the Commissioner for the Northern Circars; dated Vizagapatam 25th July 1856, in continuation, No.* 103.

Read the following letter *from H. NEWILL, Esq., Acting Collector of Guntoor; to J. GOLDINGHAM, Esq., Commissioner for the Northern Circars; dated Moondradoo Dindy 11th June 1856, No.* 79.

SIR,

1. I have the honor to acknowledge the receipt of your letter No. 96 of the 7th February 1856, and to forward a revised statement of lands to be given in exchange for service Enams rendered useless.

2. The lands previously proposed to be given to Washermen, Barbers, and others of that class, have now been excluded from the statement in accordance with your instructions, and the parties will have the option of retaining them at the full quit rent or resigning them altogether.

3. The items for the Curnums and Paddacapoos have also been entirely withdrawn, as I have since found that as recently as in Fusly 1264 they were allowed to throw up the unproductive portions of their Enams, when the lands now alleged to be also of the same kind were retained as cultivable, and it is to be inferred that although they may have become impoverished, they are not of such a nature as to call for an exchange.

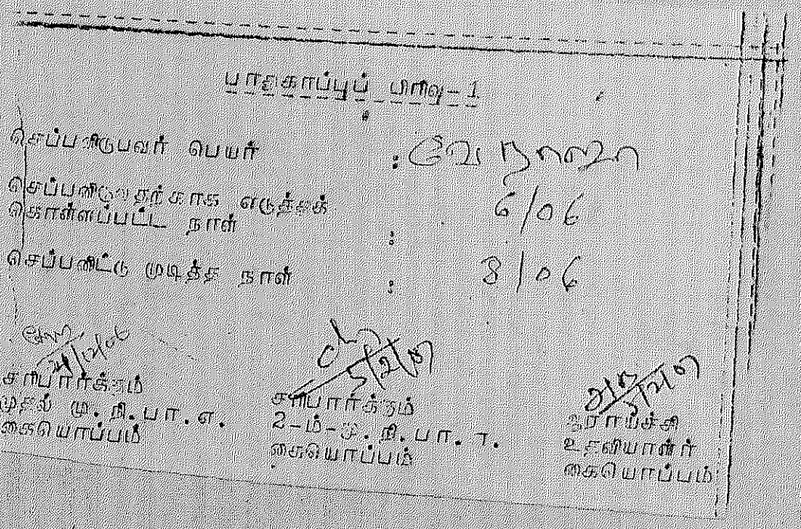
4. The exchange of Melvaud Enams has been reduced from Acres 220 Coontahs 33 valued at Rupees 331-8-10 to Acres 183 Coontahs 33, assessed at Rupees 195-6-5, as the unproductive portions can be resumed to such extent as will leave a sufficient provision for the number of Melvaudis required to be retained. The Government having in Extract Minutes of Consultation dated 24 August 1849 resolved that where Enams exist for this class of servants, they should not in future be superceded by money payments, it is very necessary that the present provision should be made for a productive source of emolument.

5. Of the Vetty Enams 250 Acres, 24 Coontahs assessed at Rupees 332-0-3, have been struck out of the list, as it is not necessary to renew this portion by fresh grants, the remaining emoluments being considered sufficient, the extent of 91 Acres, 7 Coontahs now recommended to be given in exchange is on account of those whose remuneration is small, or whose lands are unfit for cultivation.

6. With reference to the Shroff Enam 17 Acres, 14 Coontahs are proposed to be resumed, leaving the remainder 35 Acres, 27 Coontahs in the occupancy of the Shroffs, which considering their number and the duties to be performed would appear sufficient.

7. In the item of Curtoobady Enams, the quantity proposed to be unconditionally resumed is Acres 175 Coontahs 2 bearing an Assessment of Rupees 244-10-1, the services of some of the Curtoobadies being dispensed with in places where not much required, and the remuneration of others were found to be excessive being reduced to a suitable standard. The exchange now proposed is only in cases where the allowance is small, and the land useless and is confined to the Palnaud, where the services of this class of servants are needed in the Frontier and the hilly tracts which are out of the reach of constant visitation by the ordinary establishment.

8. The subjoined abstract of the enclosed Statement revised in the manner above described shews the aggregate quantity of land proposed to be exchanged, the quantity to be resumed, and that which will remain unaltered.



Items.	Quantity and revenue of land proposed to be exchanged as per former Statement.					Deduct Quantity.														Remaining to be exchanged.					Extent now proposed to be given in exchange.

Mungalagherry,	Boroopolem,	1	Mohatsud,	0 15	25	...	...	Covered by sandy banks by inundation of the Kistna.	0 15	25	...	...	Many of these lands situated in the Dachapully and Timmercotta talooks have been unproductive for many years past; but no relief was sought at the time as the quit rents on uncultivated Enams were not collected. The orders of Government dated 11th January 1851 directing their collection in future to be made in all cases, have led the parties to seek the exchange of their uncultivable lands for productive ones.

2. Referred for the report of the Sub-Collector, the Commissioner of Customs, with copy of letter to the Acting Collector, 7th February 1857, No. 59. Receipt is acknowledged of the village servants' proposal, dated 3rd [illegible] 1857, No. 58, forwarding a statement of the lands proposed to be given in exchange for Eruma lands, amounting to [illegible] assessed at Rupees 625-4-4 rental, and the lands [illegible] assessed at Rupees 625-4-4 rental, and the Acting Collector. The lands are described minutely in the proposal, and the [illegible] was left at [illegible] to be [illegible] which [illegible] the Acting Collector.

3. The extent of waste land proposed to be given in exchange for Eruma lands, viz. A. 305, C. 30 assessed at Rupees 303-6-1, is now stated to be [illegible] and the quantity will [illegible] exchanged for good land, as proposed, subject to a fair [illegible] remuneration.

(A true Extract.)

(Signed) A. GOLDINGHAM, Commissioner.

No. 2. Queen's Advocate, No. 79, dated 21st January 1857.

With the above letter the late Commissioner in the Northern Circle submitted for the orders of Government a reference of lands proposed to be given in exchange to village servants in Cantonment, whose Erumai had become unfit for cultivation. The statement of the lands embracing Erumai to Carriman, Headmanpoor, Mahatarlies, Vettias, Smith and Cattabadiers, but the remainder of Barbers, Washermen and Pounders, had been excluded under instructions from the Commissioner, communicated to the Acting Collector in his letter of the 7th February.

2. The Government do not however concur in this distinction. They consider it undesirable to break up the long established form of the village community, by refusing the same indulgence to Potters, Barbers and Washermen, as to the other Mereasidars, and they request the Board of Revenue will be good enough therefore to call for and submit a statement of the items struck out by order of the Commissioner, as they are of opinion that the whole of the Erumai should be replaced to the cultivators as well as to the others.

3. An abstract of the whole extent of land proposed in the present letter to be exchanged, the quantity to be resumed, and that to remain unalienated is given in para. 8 of the Acting Collector's letter. The extent of land recommended to be now made over to the village servants is A. 305, C. 30 assessed at Rs. 467-3-0 in lieu of A. 313, C. 60 assessed at Rs. 495-1-4, rendered uncultivable chiefly by the soil of the rocky subterranean having been washed away by the hill streams. As this exchange, it is stated, will secure sufficient remuneration to the village officers, Government sanction the arrangements as proposed. As a general rule they do not consider that the Erumai at Chittoubadies need be renewed; they have already remarked more of the nature of perquisites than offices; but they have been induced to sanction the indulgence in the present instances, as the Collector states that the services of these Ryotwar villages are required on the frontier and is fully treated by the ordinary establishments.

(Signed) J. D. BOURDILLON,

Secretary to Government.
