Fort Saint George, Revenue Consultation of 20th January 1857.

No. 2. Read the following *Extract from the Proceedings of the Board of Revenue, dated 27th November 1856, No. 3973.*

Read letter from the Collector of Tinnevely dated 25th In Cons. 27th November 1856. October 1856.

(Here enter No. 341.)

Resolved that the above letter be laid before Government, with reference to Extract Minutes Consultation 31st Ultimo, No. 1159.

2. Mr. Silver reports that from a rough draft of letter left in his office by his predecessor Mr. Bird, who personally inspected part of the new boundary line, it appears that with one slight deviation (suggested by considerations of mutual convenience and rather to the advantage of Government), the boundary between the Shencottah Talook of Travancore and the Tinnevely District has been marked satisfactorily according to the survey of Messrs. Connor and Ward.

3. All the lands mentioned in the Statement which accompanied Mr. Bird's letter dated 5th August 1852 as forming subjects of dispute, fall within the Travancore limits as now defined. The annual proceeds of these lands amounted to Rupees 445-1-8 of which the Travancore Government admit and agree to make good Rupees 359-3-5, leaving Rupees 85-14-3 to be relinquished by Government.

4. For the reasons stated by the Collector in para. 4, the Board recommend that this point be conceded, and that authority be granted for the erection of permanent marks along the new boundary line at the joint expense of the two Governments.

5. The Government are aware that the late Collector in the correspondence entered in the margin brought to notice that there was a considerable difference between the actual and the reputed value of the village of Mallancolum which had been received from Travancore in exchange for the Government village of Pooliary.

6. The difference in the average collections of these villages would appear to be Rupees 149-9-10 after deducting the allowances of the village officers, and Rupees 67-14-10 inclusive of their emoluments. On the whole however the Collector seemed to think that the exchange was, or at least would be, advantageous to Government.

	Average annual Beriz.			Currents &c. allowances.		
	Rs.	A.	P.	Rs.	A.	P.
<i>Mylappapooram, Pooliary, (now attached to Travancore),</i>	1,785	3	5	52	8	0
<i>Malyancolum, (transferred to Tinnevely),</i>	1,717	4	7	134	3	0
	67	14	10			

7. The Travancore authorities now propose to make an annual payment to Government of Rupees 32-11-6, which according to their accounts constitutes the difference between the average beriz of the two villages.

8. The exchange of these villages, as remarked in Extract Minutes Consultation 19th June last, No. 627, was desired by Government "on considerations of Police &c. independently of the mere question of Revenue," and the Board are of opinion that the payment now tendered by the Travancore authorities may well be accepted in final adjustment of all differences connected with these villages.

9. The Travancore Government further agree to pay over the annual amount of the Shencottah Melwarum claimed by the Comptium Pagoda; the exact sum being determined by the settlement accounts of each Fasly.

Fort Saint George, Revenue Consultation of 20th January 1857.

10. The Board would suggest that a fixed annual payment, *In Con. 13th December 1852.* calculated on an average of the receipts of past years, would be preferable to this arrangement and would save much trouble, as well as preclude all disputes. In the Collector's letter dated 17th November 1852, a Statement of the receipts is given from Fusly 1218, so that there are ample means of calculating a fair average. If the Government concur in this view the Board will instruct the Collector to communicate with the Resident on the subject. The payment of the sum determined should, the Board think, be made to the Collector, who will hand it over to the Trustees of the Pagoda for the time being, a payment direct to the Trustees might only lead to further disputes.

11. The arrears due on this account amount to Rupees 9,203-7-9, of which Rupees 8,270-12-5 have been already realized, having been deducted from the proceeds of the Zuffee lands when payment of the balance in deposit was made in 1853.

12. The Travancore authorities have agreed to pay the remainder Rupees 932-11-4, and the Board have now under consideration a proposition from the Collector for the employment of the aggregate sum in the improvement of the District roads. The orders of Government as to the disposal of the accumulated and future receipts from this source will be solicited in a separate communication.

13. The Board regard the arrangements now proposed as on the whole a very satisfactory adjustment of the conflicting claims of the two Governments and recommend their confirmation by Government.

(A true Extract.)

(Signed) J. D. SIM, *Acting Secretary.*

No. 4. ORDER THEREON, No. 60; dated 14th January 1857.

In the Extract from their Proceedings above recorded, the Board of Revenue report upon the final settlement of the boundary dispute between Travancore and Tinnevely. On the restoration to Travancore of the Zuffee lands in the Shenkotta Talook in 1852-3 it was found necessary to rectify the boundary line of the Travancore State and Tinnevely District. General Cullen proposed that this should be done by an experienced Surveyor attached to the Travancore Circar under the superintendence of Captain Drury. His proposition was agreed to, and it was resolved that the whole boundary from the Arambaly gate to Cape Comorin should be surveyed as well as the Shenkotta part of it. The latter was undertaken first and in his letter dated August 3d, 1856 the Resident reported its completion. The Board of Revenue were accordingly requested in Extract Minutes of Consultation dated 31st October 1856 to take early steps for the fixing of the Boundary stones, about which it appeared that Mr. Silver had already made a reference to them. The Board now submit with their opinion for the consideration and orders of Government Mr. Silver's letter upon the subject dated October 23rd (they make however no mention whatever of the orders of Government of 31st October last) and they recommend that sanction may be granted for the erection of permanent boundary stones according to the limits indicated in that letter. They also suggest the acceptance of the tender of the Travancore authorities for the payment of Rupees 32-11-6 as the difference between the average annual Beriz of Meliankulam (which was given by Travancore in exchange for Paliyeri transferred to that State) and Paliyeri.

4. From a letter left on the records of Mr. Silver's office by his predecessor Mr. Bird, it appears that the new boundary line was partly inspected by the latter, and also that, with the exception of a slight deviation in one place which is rather (the Collector states) in favor of the Honorable Company's claims the line is the same as that laid down by Messrs. Connor and Ward, who were appointed to survey the whole of the western part of the Shenkotta Talook.

5. In Mr. Bird's letter of 5th August 1856 a list of the disputed lands was enclosed. All situated on the Travancore side of the boundary. Their annual proceeds are Rupees 445-1-8. Of this sum Rupees 32-11-6 are paid by the Travancore Circar. As to the remaining sum of Rupees 412-10-2, the Board suggest that Rupees 38-8-6 is one to which both Mr. Bird and Mr. Connor think that a permanent Government cannot be established and

Fort Saint George, Revenue Consultation of 20th January 1857.

the rest of it is made up of claims of lands which actually fall within the newly defined limit so that the Board support the Collector's desire that the claim may be relinquished, and the boundary fixed permanently as now traced.

4. The Government authorize the laying down of the permanent boundary stones at the joint expense of the two Governments. Mr. Silver will include their cost in his Statement of Contingent charges.

5. The question respecting the relative values of the villages of Meliankulam and Paliyeri, noticed in paras. 6 to 8 of the Board's present Proceedings was discussed in the papers noted in the margin, and the Government regarded the question as settled, and were not disposed to press for any further concessions on the part of the Travancore State, that Circar has now offered however to pay annually the difference between the value of the two villages, viz Rupees 32-11-6, the sum thus tendered is far below the difference of value between the two villages according to the Collector's account which makes it amount to Rupees 149-9-10; the Government however in accordance with the recommendation of the Board of Revenue resolve to accept this offer as a final settlement of the question.

6. Under the foregoing arrangements the amount to be paid annually by the Travancore Circar on account of the change of boundary to the Company will be Rupees 391-14-11 made up as follows:

Beriz of lands relinquished to Travancore, ...	445	1	8
Do. of land acquired from do. ...	85	14	3
Difference...	359	3	5
Add difference of Beriz of Paliyeri and Meliankulam.	32	11	6
Rupees..	391	14	11

It does not appear from the Board's Proceedings how this payment is to be made and this point should be settled.

7. With reference to paras. 9 and 10 of the Board's Proceedings, the Governor in Council quite agrees that a fixed annual payment of Melvaram to the Courtallam Pagoda by the Travancore Government would be preferable to calculating the sum on the settlement accounts of each Fusly, which latter course would probably give rise to many disputes. But the consent of the Travancore Government is necessary to such an arrangement, and the Government will await the result of the communication which the Board propose to make to the Resident on the subject. They will be glad to have at the same time the Board's opinion upon the Collector's proposition for the disposal of the arrears due on the same account; final orders will then be passed.

8. In Extract Minutes of Consultation dated 19th June 1856, the Government called for certain information respecting the Customs Chouky which, on the transfer of the village of Paliyeri to Travancore, was moved to a village called Elanji. The Board will be good enough to supply this information at an early date.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Connor and Ward.

3. All the lands mentioned in the Statement which accompanied Mr. Birds letter dated 5. August 1852 Infused 20. August 1852 as forming subjects of dispute fall within the boundary limits as now defined. The annual proceeds of these lands amounted to Rupees 15. 1. 3. of which the Travancore Government admit and agree to make good Rupees 35. 3. 5, leaving Rupees 38. 14. 3 to be relinquished by Government.

4. For the reasons stated by the Collector in Para 4, the Board recommended that this point be conceded, and that authority be granted for the erection of permanent marks along the new Boundary line at the joint expense of the two Governments.

5. The Government are aware that the late Collector in the correspondence with the Government was entered in the margin brought to notice that there was a considerable difference between the actual and the reported

reputed value of the Village of Chellan, a column which had been received from Travancore in exchange for the Government Village of Pookang.

From Collection of
Berga and 5. D.
under 1852

6. The difference in the average collection of these Villages would appear to be

	Average Berga	Average Chellan	
Malayalam	1785.3.5	1712.1.5	9.10 after deducting the allowances of the Village Officers, and the fees 5. 14. 18 is a balance of their emoluments. On the whole however the Collector seemed to think that the exchange was, or at least would be, advantageous to Government.
Pookang	1785.3.5	1712.1.5	
from attached to Travancore			
Malayalam	1785.3.5	1712.1.5	
(transferred to Travancore)			
	17. 14. 10	14. 9. 10	

7. The Travancore authorities now proposed to make an annual payment to Government of Rupees 32. 14. 5 which according to their accounts constitutes the difference between the average Berga of the two Villages.

8. The exchange of these Villages as remarked in Extract No. 10 of the Consultation of June last, 1852 was

was decided by Government "on considerations of Policy & independently of the mere question of Revenue", and the Board are of opinion that the payments now tendered by the Travancore authorities may well be accepted in final adjustment of all differences connected with these Villages.

9. The Travancore Government further agree to pay over the annual amount of the Chervattah Melwarum claimed by the Kovilathum Pagoda. The exact sum being determined by the settlement accounts of each Euliy.

10. The Board would suggest that a fixed annual payment, calculated on an average of the receipts of past years, would be preferable to this arrangement and would save much trouble, as well as preclude all disputes. In the letter dated 17 November 1852 a statement of the receipts is given from July 1848 so that there are ample means for calculating

calculating a fair average. If the Government concur in this view the Board will instruct the Collector to communicate with the Resident on the subject. The payment of the sum determined should, the Board think, be made to the Collector, who will hand it over to the Trustees of the Pagoda for the time being - a payment direct to the Trustees might only lead to further disputes.

11. The arrears due on this account amount to Rupees 925. 7. 6, of which Rupees 870. 12. 5 have been already realized, having been deducted from the proceeds of the Euliy lands when payment of the balance in deposit was made in 1853.

12. The Travancore authorities have agreed to pay the remainder Rupees 932. 11. 4, and the Board have now under consideration a proposition from the Collector for the employment of the aggregate sum in the improvements

of the District Roads. The matter of
Government as to the disposal of the
accumulated and future receipts from
this source will be settled in a se-
parate communication.

10. The Board regard the ar-
rangements now proposed as in the
whole a very satisfactory adjustment
of the conflicting claims of the two go-
vernments and recommend their con-
firmation by Government.

End of the Travancore
State and Travancore District.

Mr. Rival Cotton proposed
that they should be
done by an experienced
Surveyor attached to
the Travancore Survey
under the superintendence
of Captain Murray. His proposition
was agreed to, and it
was resolved that the
whole boundary from
the Travancore Gate to
Cape Comorin should
be surveyed as well
as the Cherthala part
of it. The latter was
undertaken first and
in his letter of 1st
August 1856 the Rev.
Archbishop reported its com-
pletion. Mr. Benson
of Travancore was deputed
to report on the spot.
Minutes

10
1/2
Minutes of Consultation
dated 31st October 1856
to take early steps for
the fixing of the bound-
ary stones, about which
it appeared that the
Survey had already
made a reference to
them. ~~With their pro-~~
~~posed~~ ^{long requested} The Board of
~~the~~ ^{now} submit with
their opinion for the
consideration and
orders of Government.
Mr. Benson's letter upon
the subject dated October
25th they make however
no mention whatever
of the orders of
Government of 31st
October last and
they recommend
that sanction may
be granted for the
erection of

sections of permanent
boundary lines accord-
ing to the limits indicated
in that letter. They
also suggest the accept-
ance of the transfer
of the Hawaiian Islands
Authorities for the
payment of \$2.48
as the difference
between the average
annual Bery
of Molokai
for that was given
by Hawaiian
in exchange
for Plover's
transferred to
that

that state and Plover's
From a letter left
on the records of Mr.
Sellers' Office by his pre-
decessor Mr. Birds, it
appears that the new
boundary line was
partly inspected by
the latter, and also that,
with the exception of a
slight deviation in one
place which is rather
the collector states) in
favor of the Honorable
Company's claims the line
is the same as that laid
down by Messrs. Greiner
and Woods, who were ap-
pointed to survey the
whole of the portion of
the Honolulu Water W.
In Mr. Birds' letter
of 5th August 1852 a state-
ment of the disputed land

are included. All these
lands fall in the American
ownership of the river as
boundary. Their owners
of proceeds are \$100,000.00
of this sum \$10,000.00
are allotted by the Indians
are given. As to the
remaining sum of \$90,000.00
the principal
sum in the \$100,000.00
is to which both the
Indians and the United States
claim that the claim
of this Government and
it is established and
the rest of it is made
up of claims of lands
which actually fall
within the newly defined
land so that the Board
of the collection
has that the claim
may

4
The Government
authorize the laying down
of the permanent boundary
of the joint ex-
penditure of the two Govern-
ments. All about will
include their cost in his
statement of contingent
charges.
The question re-
specting the relative va-
lues of the villages of
Indian lands and
the lands, noted in
Paras 6 & 8 of the Board's
present Proceedings was
discussed in the papers
submitted in the margin, and
the Government is
regarded

Page 1st of the
March 27, 1868
to the 6 June 1975 at 6:57

regarded the question
settled, and were
not disposed to prop
for any further com
pensation on the part
of the Travancore state
that Lakkar has now
offered however to pay
annually the difference
between the value of the
two villages, viz Pusses
391-11-8, the sum thus
tendered is far below
the difference of value
between the two villages
according to the Collector's
account which makes
it amount to Pusses
447-9-11. The Govern
ment however in ac
cordance with the re
commendation of the
Board of Revenue reserve

to accept this offer as a fi
nal settlement of the
question.

Under the foregoing
arrangements the amount
to be paid annually by
the Travancore to the
Government of the change
of boundary to the Com
pany will be Pusses
391-11-8 made up as
follows.

Being of land relinquished

to Travancore. 615-11-8

do of land acquired

from do. 385-11-8

Difference 359-11-8

Add difference of

Being of Paliyon

and collection

to do. 33-11-8

Pusses 391-11-8

391

to class not appear from
the Board's proceedings
how this payment is
to be made and this is
what should be settled.

With reference
to Paras 9 and 10 of the
Board's proceedings
the Governor in Council
will agree that a fixed
annual payment of
Hologram to the Board
Hologram Pagoda by the
Government
it will be preferable to
deducting the sum
from the settlement re-
mains of each year,
which latter course
will probably give
rise to many disputes
and the interest of the
Government

1850
necessary to such an
arrangement, and the
Government will have
the result of their com-
munication which the
Board propose to in-
volve to the Resident
the subject. They
will be glad to have
the same time the
Board's opinion upon
Collector's proposi-
tion for the disposal
of arrears due on
same account,
and orders will then
be made.

In Extract 111.
of Consultation
of 19th June 1856
Government called
for certain information
concerning the Customs
Chattel.

chevilly which, on the
transfer of the village
of Palmyre to Travancore,
was moved to a village
called Chayji. The Board
will be good enough to
supply this information
at an early
date.
