Port Saint George, Revenue Consultation of 20th January 1857.

No. 38. Letter from J. D. SEEL, Esq., Acting Secretary to the Board of Revenue; to J. D. BOURDILLON, Esq., Secretary to Government Revenue Department, dated Port Saint George, 17th January 1857, No. 195.

Sir,

I am directed by the Board of Revenue to submit, for the orders of the Right Honorable the Governor in Council, the accompanying letter from the Collector of Madras, dated 8th January 1857, No. 2.

2. Mr. Canfield is desirous that a Telegraphic message should be forwarded to Calcutta, enquiring whether the Bengal Government require any Salt for Chittagong on Public Indent, whether they would purchase the article if conveyed to that port on private account, and what would be the rates of freight allowed in both cases.

3. In the Board's letter to Government dated 24th October last, they reported that freight had been provided on this coast for the one and a half lacs of maunds of Salt specially indent ed for for Chittagong, with the exception of a small quantity of 2594 maunds which the Collector of Madras was desirous to despatch during the present season; the Board are therefore not at liberty to engage any more freight, and they are also unable to inform the Collector what rates the Chittagong authorities would be willing to pay for salt taken there by private traders or on indent.

4. With the Minutes of Consultation dated 24th January 1857, Revenue Department, No. 13, the Board have received a list of engagements entered into at Chittagong for the importation of 394,350 maunds of Madras Karkatch Salt in 1856-57, for the supply of that Agency. It has hitherto been usual to refer these annual lists only to the Collector of Nellore, the vessels arriving at Madras with grain being required to proceed to that district for their return cargoes. The Board conclude that this arrangement must be attended with inconvenience to the shipper in many cases, and as there is a large stock of Salt on hand at the Madras Cuttans, they have on the present occasion forwarded copy of the engagements to the Collectors of Madras and Nellore respectively, with instructions to supply, on application, any of the vessels entered in the Chittagong Agency's list, with the quantity of Salt they have contracted to take from this coast.

5. The Board trust that the Government will approve of this arrangement.

No. 39. ORDER IN COUNCIL, No. 77, dated 20th January 1857.

Ordered that a Telegraphic message be despatched to the Government of Bengal, enquiring whether the Customs authorities at Calcutta wish Salt to be taken to Chittagong on either public or private account, in addition to the contracts already made, and what rate of freight they will allow.

With reference to para. 4 of the Board's Proceedings, the Government approve of the permission granted by them for the shipment of Salt by Chittagong vessels at Madras, provided a sufficient quantity is retained in store to meet other demands.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Ordered in consequence that the following letter be despatched.

No. 40. From J. D. BOURDILLON, Esq., Secretary to the Government of Port Saint George; to the Secretary to the Government of Bengal; dated 20th January 1857, No. 78.

Sir,

With reference to my Telegraphic message of the 20th Instant, I am directed by the Right Honorable the Governor in Council to forward the accompanying* Proceedings of the Board of Revenue, together with a letter from the Collector of Madras,

*Dated 17th January 1857, No. 195.

Fort Saint George, Revenue Consultation of 20th January 1857.

enquiring whether any salt will be required by the Bengal Government for Chittagong on public indent, whether they would purchase the salt conveyed to that port by private parties on their own account, and what rate of freight will be allowed. The enquiry originated in application having been made to the Salt Superintendent at Madras by the owners of certain Chittagong vessels now in the roads and about to return, to be informed whether the Chittagong authorities would purchase the salt which they might convey there from Madras on private account. It will be observed that as the Board had engaged freight for all the quantity of salt specially indented for, they informed the Collector that they were not at liberty to engage any more freight, and in the absence of the necessary information were unable to state whether the authorities at Chittagong would purchase the salt carried there by private traders.

Secretary to Government.

To
J. D. Bourdillon Esq
Secretary to Government,
Revenue Department.

For
I am directed by the Board
of Revenue to submit for the orders of the
Right Honourable the Governor in Council
the accompanying letter from the Collector
of Madras, dated 8 January 1857. A.C.
The Board is desirous
that a telegraphic message should be
forwarded to Calcutta, enquiring whether
the Bengal Government require any salt
for Chittagong on public Indent, whether
they would purchase the article if con-
veyed to that port on private account,
and what would be the rates of freight
allowed in both cases.

In the Board's letter to Government dated 24 October last, they reported that freight had been provided on this Coast for the one and a half laes of maunds of salt specially intended for the Challenging, with the exception of a small quantity of 2524 Maunds, which the Collector of Madras was desired to dispatch during the present season. The Board are therefore not at liberty to engage any more freight and they are also unable to inform the Collector what rates the Challenging authorities would be willing to pay for salt taken there by private trader or in transit.

With the Minutes of Consultation dated 5 January 1857, Madras Department, No 13 the Board have received a list of engagements entered into at Challenging for the importation of 394,350 Maunds of Madras manufactured salt in 1856-57 for the supply of that Agency. It has hitherto been usual to refer these annual lists only to the Collector

Collector of Madras, the vessels arriving at Madras with grain being required to proceed to that district for their return cargo. The Board conclude that this arrangement must be attended with inconvenience to the shipper in many cases and as there is a large stock of salt on hand at the Madras Customs they have on the present occasion forwarded copy of the engagements to the Collector of Madras and Madras respectively, with instructions to supply on application any of the vessels entered in the Challenging Agents list, with the quantity of salt they have contracted to take from this Coast.

The Board trust that the Government will approve of this arrangement.
