Fort Saint George, Revenue Consultation of 20th July 1858.

No. 81. Read the following Extract from the Minutes of Consultation in the Financial Department, under date the 10th July 1858, No. 469.

Read the following Extract from the Minutes of Consultation in the Revenue Department.

Referring, for consideration, paras : 5 and 6 of a letter from the Civil Auditor containing certain remarks regarding the control which his Office exercises over the Collector's Establishments. (Dated 19th June 1858, No. 852.)

It seems to the Government to be quite unnecessary to require the Collectors or other Offices to submit and the Audit Office to check detailed lists of Establishments monthly in order that any alterations which may be made irregularly between the 1st May and 30th April of each year may be at once detected. Such alterations are not likely to be numerous. The Collectors should be required to certify monthly that no alterations have been made at all in their sanctioned Moyenzabitahs, or, if there have been any, to note them and the authority on which they rest.

2. It might at the same time be notified by the Civil Auditor to all heads of Offices that this course had been adopted in reliance on their good faith in not allowing any unauthorised changes and to save the labor that would be entailed by the preparation of monthly lists in detail; and that Government would visit severely any case which came to their notice in which such irregular changes had been made, as this could not in fact be done without the submission of false certificates.
