Madras 17 March 1848

To

The Secretary to the Board of Revenue

Sir,

It is with much regret that I forward to you a Medical Certificate, declaring that it was impossible for me to quit Madras during the 6 weeks intervening between the 24th of January, the date of my return to India, and the 7th March, & recommending that an extension of leave of absence on S. C. may be granted to me retrospectively for that period.

I arrived in India trusting that I was in good health, & hoping to be able at once to take up my appointment as Collector & Agent to the Governor in Ganjam - unfortunately I was attacked by fever 2 days after my arrival & have never been well since - as I now hope to be able to proceed shortly to Ganjam, it would not in all probability have been necessary

for me to apply for leave on S.C to my own detriment, had not the period allowed for joining, which until November last was 3 months been reduced to 8 weeks. This has rendered it absolutely necessary that I should obtain an extension of leave on S. C — I trust that the Board will be good enough to forward this application to Government with the least possible delay.

The penhancy of the circumstances rendered it impossible to have the Certificate prepared in the usual form & has led me to submit this explanation.

I have the honor to be
Sir
Your most obedient Servant

Order

I James Sanderson Garrison Surgeon Fort Saint George do hereby Certify that T. D Lushington Esqre of the Civil Service was in a bad state of health from 24th January to 7th March last, and I solemnly and sincerely declare that according to the best of my judgement an extension of his leave to remain at Madras for that period was essentially necessary to his recovery and do therefore recommend that leave for the above period may be granted to him retrospectively from the 24th January to the 7th March.

Report of the Civil Auditor

The Civil Auditor has the honor to report, that as Mr. J. D. Lushington, Collector and Magistrate and Governor's Agent in Ganjam, has been absent on sick leave continuously for a period of 21 months and 11 days (from 24^th April 1856 to 24^th January 1858) it is optional with Government to grant the extension of leave now solicited up to 7^th instant retrospectively, under Sections III and VI of the Covenanted Service Absentee Rules. The Civil Auditor begs to remark, that under× Clause 5 or Sec: VI, the extension is grantable upon the certificate of a Board of Officers summoned to "report on the state of the Absentee's "health", it is obvious, that this condition cannot be satisfied in the present instance, inasmuch as Mr. Lushington is now fit for duty, and the illness which has prevented his joining his station has now passed away.
