PUBLIC DEPARTMENT.

No. 1044.

Extract from the Minutes of Consultation, under date the 19th August 1858.

Read the following Extract from the Proceedings of the Board of Revenue.

Submitting, with the Board's remarks and suggestions thereon, a letter from the Collector of Bellary, proposing certain arrangements whereby to defray the expenses of maintaining the Dispensary which it is intended to establish at Gooty in that District. } (Here enter 9th August 1858, No. 3003.)

Order.—Having been called upon to state whether a Dispensary could not be supported out of the Funds assigned for the "Munro Choultry" at *Gooty*, without unduly trenching upon the other objects to which the Choultry is now made available, the Collector of *Bellary* suggests that of the sum of Rupees 2,045 annually allowed for the Institution, Rupees 1,645 be in future set apart for the Choultry proper, and that the balance, Rupees 400, be assigned to defray the charges of the proposed Dispensary.

2. The Board of Revenue believe that a sum of Rupees 1,540, the accumulated surplus of the last four years from the funds of the Choultry, is now lying in the Collector's Treasury, and that, possibly, there are similar accumulations of previous years; and with this fund to meet contingencies, they are of opinion that the yearly grant is sufficient to provide for the estimated cost of the proposed Dispensary, viz., Rupees 400 per annum, without in any way circumscribing the usefulness of the Choultry.

3. Under these circumstances, the Governor in Council readily accords his sanction to the establishment of a Dispensary at Gooty. From the letter of the Superintending Surgeon, Ceded Districts, dated 15th March last No. 58, it appears that a room in the Choultry can be allotted for the purpose.

No. 3003.

Extract from the Proceedings of the Board of Revenue, dated 9th August 1858.

In Con. 9th August 1858. Read letter from the Collector of Bellary, dated 28th June 1858.

[Here enter No. 112.]

Resolved that the foregoing letter be laid before Government with reference to Extract Minutes Con-
In Con 12th June 1858 sultation, dated 3d June 1858, No. 747, Revenue Department.

2. The Collector states that if the whole cost, viz. Rupees 400, of the Dispensary proposed to be established at Gooty be defrayed from the Funds of the Munro Choultry at that place, the remaining sum will hardly be sufficient for the expenses of the Choultry in times of scarcity and high prices. Should it however be determined to establish a Dispensary in connection with the Choultry, the Collector proposes to make the following modifications in the present arrangements for the distribution of the sum of Rupees 2,045 annually allowed for the Choultry.

	Present arrangement.		Proposed arrangement.		
Feeding expenses	Rupees	947	Rupees	1,000	
Saderwared	„	50	„	30	
Utensils	„	68	„	27	
Establishment	„	588	„	588	
Retained for emergent purposes	„	392	„	...	
Total Choultry charges	„	2,045	„	1,645	
For Dispensary			„	400	
					2,045

3. From this it will be seen that nearly the whole of the sum required for the Dispensary will be made up of the amount hitherto retained for emergent purposes of the Choultry. The amount set down for food and Saderwared has been calculated on the expenses incurred on that account during the last three years; and that for utensils on the average of the last 24 years. The cost of the establishment is the same as that finally sanctioned in 1855, and which the Collector states should not be reduced.

4. The correspondence connected with the original establishment of the Munro's Choultry did
In Con. 16th Dec. 1852. not pass through the Board of Revenue, but from Extract Minutes Consultation, dated 4th December 1852, No. 1165, R. D. para 3, it would appear that a permanent endowment in land and money of the annual value of Rupees 2,045 was bestowed upon it, and if this be the case there must now be lying in the Treasury of the Collector, the accumulated surplus of the last four years at least, averaging apparently about Rupees 385 per annum.

5. With this fund in hand to meet contingencies (and there may possibly be some similar former balances) the Board are of opinion that the finances are sufficient to meet the charge of Rupees 400 per annum for a Dispensary establishment, as estimated by the Superintending Surgeon in the correspondence communicated with the Extract Minutes Consultation under reply, without injury or limitation to the other proper purposes of the Choultry.
