Sir,

The subject of the treatment of the subdivisions of survey fields being now before the Government, I have the honor to submit copy of a letter from my Deputy in the Krishna District, affording a practical illustration of the changeable character of these small interstitial holdings and of the difficulty that will be experienced in attempting to perpetuate them as permanent and unalterable fields for all future time without reference to agricultural conveniences or requirements.

Director of Revenue Settlement.
Madras

Sir,

I have the honor to inform you that the Tahsildars of Gudivada and Kaikalur have reported to me that the subdivisions in many villages are different this year from what they were last year when they were demarcated. The Tahsildars request that they may be instructed whether the Karnams should measure the subdivisions according to our Account or as they now stand. I have directed that our Accounts should be followed, but I address you on the subject that some rules may be formed about these alterations or else the whole benefit of the measurement of these subdivisions will be lost.

I have &c.
