Fort Saint George, Revenue Consultation of 13th January 1857.

No. 18. Read the following *Extract from the Proceedings of the Board of Revenue* ; dated 4th December 1856, No. 4082.

Read letter from the Collector of North Arcot In Con. 4th December 1856, No. 4786. dated 15th November 1856, affording explanation regarding the loss of a Cart supplied by one Roodrapah in 1854, to an Officer of the 3d Regiment Madras Europeans.

(Here enter No. 263.)

Resolved that the above letter be laid before Government, with reference to Extract Minutes of Consultation 1st August 1856, No. 796.

2. The Collector reports that in September 1854 Lieutenant Colonel Archer, Commanding a detachment of the 3rd European Regiment on route to Bellary, applied to the then Collector Mr. Bourdillon to be furnished at Palmanair with 12 Carts with bullocks and drivers to relieve those brought from Madras.

3. This requisition was met to the extent of 8 bandies and 12 bullocks, and it is stated that 4 of the drivers only consented to go as far as Bellary, the rest wishing to return from Poonganoor.

4. Lieutenant Colonel Archer informed Mr. Bourdillon from Muddenpully (15 miles beyond Poonganoor) that one of the drivers had absconded, leaving his Cart and bullocks in the Camp, and another had fallen sick and disappeared. He also stated that he had taken the Carts beyond Poonganoor as none could be procured there.

5. Of the number furnished, 6 Carts and 10 bullocks were made over to the Magistrate of Cuddapah by the Detachment and transmitted by him to the Tahsildar of Palmanair. another bandy with bullocks appears also to have returned, probably from some intermediate stage, and thus the whole number of Carts and bullocks are accounted for, with the exception of the single Cart belonging to Roodrapah which forms the subject of the present correspondence.

6. The references made to the Officers Commanding the Regiment have as already stated in the Board's former proceedings proved unsuccessful, either in eliciting information or procuring an adjustment of the matter.

7. The missing Cart is valued by the owner at 40 Rupees, but 35 is considered its proper price. Considering all the circumstances of the case and the length of time which has elapsed since the loss occurred, the Board think that no abatement should be made in the owners claim.

8. The bandymen appear to have received some advances from the Tahsildar of Palmanair, but the amount is not stated. The Board conclude that this money was merely paid through the Tahsildar by the parties by whom the bandies were engaged.

9. One bandy owner received full hire to Bellary, to which place the Board infer (from the dates stated) that he did not proceed. The other seven received nothing beyond the advances already referred to, and they profess to be ignorant of the exact distance to which their carts &c. were taken and consequently to be also ignorant of the precise Sum due to them. The Collector recommends that they shall all receive the full hire to Bellary (14 Rupees) less the advances received from the Tahsildar and a sum of seven Rupees paid by the Magistrate of Cuddapah for the subsistence of the bullocks on their way to Palmanair.

10. The Board observe that the carts &c. were supplied at Palmanair on the 4th September, and were returned from Cuddapah on the 19th and 22d of the same month. They could not therefore between those dates have proceeded to Bellary and returned to Cuddapah, a journey of about 350 miles. On the other hand these claims have been unadjusted for 2 years, and it seems

impossible to ascertain now what sum is really due to them. The Board therefore consider that the Collector's suggestion may be adopted, particularly as the distance to Cuddapah and back is little less than that to Bellary, and the owners could not have made use of their carts on the return journey from that place to Palmanair.

No. 19. ORDER THEREON, No. 34; dated 8th January 1857.

The Board of Revenue submit a letter from the Collector of North Arcot affording the further information required in Minutes Consultation dated 1st August 1856 No. 796 regarding the loss of a cart supplied by one Roodruppah in 1854 for the use of a party of the 3d Regiment Madras Europeans marching to Bellary. The Board recommend that Rupees 40 the valuation set upon the lost cart by the owner be paid to him instead of 35 Rupees, as proposed by the Collector and support Mr. Whittingham's suggestion that the bandymen who went with this and other carts from Palmanair at the time be paid the full hire to Bellary (Rupees 14) less the advances made to them by the Tahsildars.

2. Considering the length of time which has elapsed and the vexation and annoyance to which the owners were put; the Right Honorable the Governor in Council agreeably to the recommendation of the Board of Revenue authorizes the payment by the Collector of North Arcot to Roodruppah the owner of the lost cart, of a compensation of Rupees (40) forty and to the seven bandymen of the full hire of Rupees (14) fourteen each. The aggregate amount, thus sanctioned is Rupees (138) one hundred and thirty eight, should be debited to "Military Books." The sum of Rupees (7) seven paid by the Magistrate of Cuddapah will be returned to him by the Collector of North Arcot out of the amount now sanctioned.

3. The Governor in Council cannot but observe that a moderate degree of attention to this subject on the part of Colonel Archer, such as is due by every officer in command of a Detachment of Troops on a march, would have prevented the mistakes which have occurred in this matter, and the long delay in the payment of the hire due. A copy of this order will be communicated to Colonel Archer.

Secretary to Government.

Extract from the Proceedings of the Board of Revenue dated 1st December 1856 No. 4082

Read letter from the Collector of North Arcot dated 15th November 1856, affording explanation regarding the loss of a Cart supplied by one Roodruppah in 1854, to an officer of the 3d Regiment Madras Europeans

/Mr. Suter No. 263/

Resolved that the above letter be laid before Government, with reference to Minutes Consultation 1st August 1856, No. 796.

2. The Collector reports that in September 1856, Lieut. Colonel Archer, commanding a detachment of the 3d European Regiment en route to Bellary, applied to the then Collector, Mr. Bourdillon to be furnished at Palmanair with 12 carts with bullocks and drivers to return there brought from Maras.

3. This requisition was met to the extent of 8 bullocks and 12 bullocks - and it is stated that 1 of the drivers only consented to go as far as Bellary - the rest wishing to return from Pongamoor.

4. Lieut. Colonel Archer informed Mr. Bourdillon

Roundell from Madras fully 15 miles beyond
Poozangoor / that one of the drivers had absconded,
leaving his Cart and bullocks in the Camp, and another
had fallen sick and died. He also stated
that he had taken the Carts beyond Poozangoor
as none could be procured there.

5. Of the number furnished, 6 Carts and
10 bullocks were made over to the Magistrate of
Cuddapah by the District Officer and transmitted
by him to the Tahsildar of Palamaner. As the
bandy with bullocks appears also to have returned,
probably from some intermediate stage, and thus
the whole number of Carts and bullocks are
accounted for, with the exception of the single Cart
belonging to Roodapah which forms the subject
of the present correspondence.

6. The references made to the Officers
Commanding the Regiment have as already stated
in the Board's former Proceedings proved unsuccessful,
either in eliciting information or procuring
an adjustment of the matter.

7. The missing Cart is valued by the
owner at 40 Rupees, but 35 is considered its proper
price. Considering all the circumstances of the
case and the length of time which has elapsed since
the loss occurred, the Board think that no state-
ment should be made in the owner's claim.

8. The bandy man appears to have
received

received some advances from the Tahsildar of
Palamaner, but the amount is not stated. The
Board conclude that this money was made good
through the Tahsildar by the parties by whom the
bandy were engaged.

9. The bandy owner received full hire to
Bellary, to which place the Board infer (from the
dates stated) that he did not proceed. The
other seven received nothing beyond the advances
already referred to, and they profess to be ignorant of
the exact distance to which their Carts were
taken and consequently to be also ignorant of
the precise sum due to them. The Collector
recommends that they shall all receive the full
hire to Bellary 14 Rupees less the advances
received from the Tahsildar and a sum of seven
Rupees paid by the Magistrate of Cuddapah
for the subsistence of the bullocks on their way
to Palamaner.

10. The Board observe that the Carts were
supplied at Palamaner on the 1st September,
and were returned from Cuddapah on the 19th and
22nd of the same month. They could not therefore
between those dates have proceeded to Bellary and
returned to Cuddapah, a journey of about 350
miles. On the other hand these claims have
been unadjusted for 3 years, and it seems im-
possible to ascertain now what sum is really

due to them. The Board therefore considers that
the Collector's suggestion may be adopted, particu-
larly as the distance to Chudapah and back
is little less than that to Bellary, and the
owners could not have made use of their carts
on the return journey from that place ^{to} Bellary
again.

The letters of the Officer by the Dept.
are not amongst these Papers &
I am unable to form an opinion on
the case until I see them.

Ly

I think the matter was discussed on a former occasion. I don't see any thing else that can be done now than to pay the men 40 Rs. for the cart & the 7 Bandy men 16 Rs. each advances for their hire. We see much after a long period of much vexation & annoyance. Wm—
