No. 10. Read the following letter from H. CLEGHORN, Esq., M. D. Conservator of Forests; to the Secretary to Government, Revenue Department, Fort Saint George, dated Madras 18th January 1858, No. 260.

SIR,

I have the honor to enclose (copy) the accompanying letter, addressed to me by the Collector of Canara, regarding the accounts of the Forest Department in that District, and I have to request that you will obtain the orders of the Right Honorable the Governor in Council, as to the date on which the alteration of accounts from the Fusly to the official year should commence.

From W. FISHER, Esq., Collector of Canara; to H. CLEGHORN, Esq., M. D. Conservator of Forests, dated Karekal 9th January 1858.

SIR,

With reference to the concluding part of para. 9 of Extract Minutes Consultation, dated 12th November 1857, received with your communication of the 19th Ultimo, in which it is directed that the Account Current of the Forest Department should be made up from July 1856 to April 1857, and future Accounts Current prepared by the official year, I have the honor to observe that the general accounts of the District for the past year having been closed for the Fusly, i. e. from July 1856 to June 1857. I do not now see how the alterations required by Government can be made, without causing confusion, as my journal and other financial returns furnished to the Account Department cannot now be revised.

The whole of the Forest revenue appearing in the Account Current, has been brought to credit in my journal for June 1857, the last month of the Fusly year in which all disbursements were closed, and the net surplus proceeds of timber taken as Government revenue. I would therefore propose to leave the accounts undisturbed, and adopt the plan now directed by Government in preparing the Forest Accounts of the Current year. On this subject, therefore, I request the favor of your early instructions.

(Signed) H. CLEGHORN,
Conservator of Forests.

No. 11. ORDER THEREON, No. 181; dated 10th February 1858.

Under the circumstances represented by the Collector of Canara, the Government will not object to allow the Account Current of the Canara Forests to be rendered for Fusly 1256, i. e. from July 1856 to June 1857. Future accounts should be made up for the official year, and the next Account Current will be rendered from 1st July 1857 to 30th April 1858.

(Signed) H. FORBES,
Acting Secretary to Government.

Whereas it hath been represented unto the Governour and Company of Massachusetts Bay in New England, that diverse of the Subjects of the French King have of late years, without any Commission or Authority from their Master, set up a Trade with the Indians upon the River Penobscot, and other Rivers and Harbours within the Limits of the Territories granted to the said Governour and Company by their Charter, to the great Damage and Prejudice of His Majesty's Subjects trading thither, and particularly to the Fishery, which is the Foundation of the Trade of New England, and the Principal Support of the Navigation thereof, and is likewise very much prejudiced by the Woods being destroyed for supplying the Trade with Shipping, which is not only a Loss to His Majesty in his Customs, but will in time render the Country unfit for Habitation, by exposing the Inhabitants to the Injuries of the Indians, for want of Timber to build Houses for their Security, and Fuel to support them in the Winter Season; His Majesty, taking the same into his Royal Consideration, is graciously pleased to Order, and it is hereby Ordered accordingly, That the Governour and Company aforesaid, do, from time to time, and at all times hereafter, Seize and Apprehend all Persons whatsoever, as well Strangers as others, who shall be found Trading with the Indians in any Parts, Rivers, Harbours, Creeks or Bays within the Limits of the Territories granted to the said Governour and Company by their Charter, and Carry them in order to be Proceeded against by Action, Bill, Plaint or Information, in His Majesty's Courts of Record, or Admiralty, in such manner as shall be thought most proper for the Recovery of the Forfeitures and Penalties inflicted by the Laws of Trade and Navigation, and for the Condemnation of the Ships, Goods and Merchandizes, which shall be found in their Custody, or Possession, or any of them, as aforesaid.

Given at the Court at Whitehall the 9th day of March 1681/2 in the 34th Year of His Majesty's Reign.
