Proceedings of the Madras Government, Revenue Department, 26th January 1861.

No. 376. Read the following Proceedings of the Board of Revenue, dated 5th January 1861, No. 45:—

Read letter from the Collector of Malabar, dated 30th October 1860, No. 213.
(In Cons. 5th November 1860, No. 5,670.)

From Malabar, 19*th in Cons.* 27*th July* 1860, *My. No.* 2,189.
From Superintendent of Stationery, 4*th in Cons.* 11*th August* 1860, *My. No.* 2,332.
Board's Procs., to Malabar, 3*rd September* 1860.

1. Ordered that the foregoing letter and its enclosure, together with the papers noted in the margin, be submitted for the orders of Government, with the Board's recommendation that the Collector be authorized to obtain from Bombay six China scales of a capacity to weigh 500 Rupees in each scale, at a cost of 126 Rupees, being at the rate of 21 Rupees for each set of scale.

2. These scales, the Collector states, are absolutely necessary for the use of the Revenue Treasury at Cochin, in consequence of the abolition of the Residency Treasury at that place, and for the District Treasuries, which have never been furnished with Government scales. Scales of the description required cannot be procured at Madras.

3. The Collector will submit an estimate of the cost of the small scales, alluded to in his letter, dated 30th October 1860, for sanction.

(A true Extract.)
(Signed) W. HUDLESTON, *Acting Secretary.*

No. 377. ORDER THEREON, 26th January 1861, No. 189.

Agreeably to the recommendation of the Board of Revenue the Honorable the Governor in Council authorizes the Collector of Malabar to obtain from Bombay for the use of the Treasuries in his District six sets of China scales, at a cost of Rupees (126) one hundred and twenty-six.

(Signed) J. D. BOURDILLON,
Secretary to Government.

No. 4,012.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 3rd September 1860.

Read Indent from the Collector of Malabar, dated 19th July 1860, No. 151.

(In Cons., 11th August 1860, My. No. 2,332.)

1. The Collector is informed that scales such as he requires cannot be procured at Madras, nor do the Board see the necessity for so large a size as to allow of 1,000 Rupees being weighed 'at each drop,' if by this is meant that *each* scale should be large enough to contain Rupees 1,000.

2. Very good scales of Chinese manufacture can be procured at Bombay calculated to weigh Rupees 500 in each scale, which the Board think would answer every purpose, and these the Collector can procure and charge for in a Contingent Bill, or submit an Estimate of their cost for the Board's sanction.
