Fort Saint George, Revenue Consultation of 23d February 1858.

No. 14. Read the following letter from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, Revenue Department, dated Fort Saint George, 12th January 1858, No. 138.

SIR,

I am directed by the Board of Revenue to request that you will submit for the consideration and orders of the Right Honorable the Governor in Council the correspondence noted in the margin, regarding the employment of an Establishment for the Port of Tuddry in the Canara District.

From Collector 10th July in Cons. 1st October 1857.
Proceeding to Collector 1st October 1857.
From do. 4th December in Cons. 12th January 1858.

2. Tuddry has hitherto been considered a mere out port or dependency of Coompta and as such has no separate Sea Customs Establishment assigned to it; but has been provided for out of that sanctioned for the Coompta Port. Mr. Robinson the late Acting Collector considered it indispensably necessary that a distinct Establishment should be entertained for Tuddry, in consequence of the great increase in its trade during the last 3 years, the probability that it will soon become a direct shipping port to the markets of Europe, and surpass in importance that of Coompta. Its tidal river accessibility from the cotton growing districts by the two great high roads* of Norta Canara, and the recent Establishment of cotton screws, &c., by Messrs. Brice and Co. ensure its further development.

1266	5,61,891	61,963

* *Devamany and Arigla.*

3. It will be seen from the statement furnished by the Collector that the total annual value of the trade of the several Ports of the District, amounts to Rupees 1,18,19,816 and the Sea Customs Revenue to Rupees 70,320. The cost of the Establishments employed in its collection is Rupees 1,322 per mensem or Rupees 15,864 per annum, giving a percentage of Rupees 22·5 on the revenue but of 14 on the value of the trade.

4. Under these circumstances the Board support the Acting Collector's recommendation that sanction be obtained as soon as the finances permit for the entertainment of the Establishment proposed at a monthly charge of Rupees 116. This sum it will be observed will be reduced by a monthly saving of 50 Rupees in the Coompta Establishment to Rupees 66 or Rupees 792 per annum; the actual expenditure requiring the sanction of the Supreme Government. Further reduction the Collector states cannot be effected in the Coompta Customs Esta-

Statement without impairing its efficiency. An Application in the prescribed form is enclosed in the Acting Collector's letter, dated 10th July 1857.

No. 45. ORDER THEREON, No. 235; dated 23rd February 1858.

Resolved that an application in the usual form be submitted to the Government of India for their sanction.

(Signed) H. FORBES,
Acting Secretary to Government.

Ordered in consequence that the following letter be despatched.

No. 46. From H. FORBES, Esq., Acting Secretary to the Government of Fort Saint George; to the Secretary to the Government of India; dated 23rd February 1858, No. 236.

SIR,

Para. 1. I am directed by the Right Honorable the Governor in Council to submit, for the sanction of the Government of India, the accompanying Tabular Statement, in the prescribed form, for the employment of an establishment for the Port of Tuddry in the Canara District.

2. Tuddry has hitherto had no separate Sea Customs establishment, it having been deemed a mere out-port of Coompta, and been provided for, as occasion required and circumstances permitted, out of the establishment sanctioned for the latter port. The circumstances which render the submission of the present application indispensably necessary, are the rapid progress of the trade* of the port under notice during the last 3 years; the probability of its soon rising to the position of a direct shipping port to the markets of Europe, and of surpassing in importance the Port of Coompta. Its tidal river, its accessibility from the cotton growing Districts by the two great roads† of North Canara, and the recent establishment, in its neighbourhood, of cotton screws, &c., by Messrs. Brice & Co., have all contributed to its development.

† *Devamany and Arbyle.*

3. From the table given in column 13 of the Tabular Statement it will be perceived that the annual value of the trade of the port under consideration amounts to Rupees 6,20,854. The monthly cost of the establishment proposed to be entertained is Rupees 116, which it will be seen, will be reduced by a saving to be effected in the establishment at Coompta, to Rupees 66 or Rupees 792 per annum, which leaves the cost of the additional establishment now asked for, an insignificant per centage of ·13 on the valuation of the trade.

4. The Government are fully aware of the resolution of the Supreme Government not to sanction any application for increase of establishments in the present state of the Indian Finances, except in cases where the increase is clearly necessary. In the present instance, it will be true economy to grant the establishment solicited, for the servants at present entertained for the Tuddry port, are so wholly insufficient to overlook its largely increasing trade, that justice can neither be done to the Government in the collection of its revenue, nor to the merchants in facilitating the transaction of their business. The extra expenditure now sought will so immediately repay itself by the more certain collection of the Customs duty, and by the increase in trade which will arise from the more regular and speedy transaction of business, that the Government confidently hope that the Government of India will readily accord their sanction to it.

Read Letter from the Actg 2nd Collector of Canara dated 10th July 1857.

(Here in to No 68.)

Under ordinary circumstances the Board would have had no hesitation in supporting the Acting Collector's recommendation. They have however lately been informed that Government cannot at present sanction fresh expenditure without the clearest proof of its necessity. They therefore request the Acting Collector to enquire how the existing establishment could be reduced in any further reduction cannot be effected in the Canara Establishment without impairing its efficiency. They also wish to be furnished with an abstract statement showing the value of the lands, the Sea Customs Revenue and total Establishment charges of each of the Canara Ports.
