*Proceedings of the Madras Government, Revenue Department,
7th January 1861.*

No. 54. Read the following Proceedings of the Board of Revenue, dated 8th October 1860, No. 4,582:—

Read letter from the Collector of Malabar, dated 1st September 1860, No. 176, submitting Report for Fasli 1269, on the management of the Laccadive Islands under sequestration.

(In Cons. 10th September 1860, No. 4,512.)

1. Resolved that the above recorded letter and its enclosure be submitted for the consideration and orders of Government.

2. It will be seen that the result of the operations of Fasli 1269 added to the balance on hand at its commencement, enabled the Collector of Malabar to appropriate a sum of Rupees 17,100 towards the further liquidation of the Bibi's debt, which has been thus reduced in principal (including the Peshkash of Fasli 1269) from Rupees 26,194-1-3 to Rupees 13,538-2-2. The interest due by the Bibi from 1850 to 1859 is, however, stated to be Rupees 34,485-10-5, which augments the demand against her to Rupees 48,023-12-7.

3. The income of the Fasli under report as given by the Collector in his letter and exhibited

in the account particulars accompanying it, is somewhat in excess of that of Fasli 1268, as shown in the margin,* and it is stated that a portion of the year's produce having been received late in the season was only recently sold, and its proceeds amounting to Rupees 6,204 have not been included in the present accounts, but will appear in those of the current Fasli (1270).

† Board's letter to Government, No. 1,400, dated 21st April 1858, submitting report of Acting Magistrate of Malabar, dated 16th March 1858.—Vide paragraphs 13, 16, 20, 24, 29 and 48 et seq.

Extract Minutes Consultation in Revenue Department, No. 671, dated 21st, in Cons., 26th May 1858, No. 2,128, paragraphs 5 and 6.

Board's Proceedings, No. 2,084, dated 16th June 1858.

Extract Minutes Consultation in R. D., No. 922, dated 3rd in Cons., 3rd July 1858, No. 2,900.

4. The expenditure of the year is somewhat higher than that of the preceding one, but it includes a sum of Rupees 2,000 sanctioned in Extract Minutes Consultation, No. 922, in the Revenue Department, dated 3rd July 1858, as "compensation and gratuity" to Hussain Malikhan, in consideration of his loyalty to Government and consequent losses during the disturbance on the Island of Manekoi. The Board do not however gather from the correspondence† which led to the grant that it was intended to be a charge on the Bibi's property, and they request the orders of Government on the subject.

From P. GRANT, Esq., Collector of Malabar, dated Calicut, 1st September 1860, No. 176.

1. I have the honor to submit an Account Particulars of receipts and disbursements connected with the administration during Fasli 1269 of the Laccadive Islands, sequestered for arrears of Peshkash due by the Bibi of Cannanore. The result of the administration was, on the whole, satisfactory.

2. The receipts, it will be seen, aggregated Rupees 40,400-0-11; this sum when added to the balance on hand at the close of the previous year, gives a total of Rupees 42,613-4-0. Out of this sum Rupees 24,785 have been expended in paying the price of the produce purchased from the islanders, as well as the cost of the establishment and other miscellaneous expenses, and Rupees 17,100 have been carried to the credit of Government in adjustment of the Bibi's debt, leaving a balance of Rupees 727-12-5 to meet contingencies.

3. A portion‡ of the produce having been received late in the season, when the prices had gone down, it was thought advisable to postpone its sale until next season. The sale accordingly took place on the 13th ultimo, and the proceeds amounted to Rupees 6,204 which will of course be credited in the accounts for the current Fasli.

No. 55.

ORDER THEREON, 7th January 1861, No. 29.

1. Few remarks are necessary on this report. The result of the Government management of the five Islands belonging to the Bibi of Cannanore, under sequestration is on the whole satisfactory.

2. In reality the sum put down as income for the year under review is less than it should be by a sum of Rupees 6,204, subsequently realized by the sale of a portion of the produce, which it was found inconvenient to sell within the year.

3. The only question on which orders are required is whether the sum of Rupees 2,000, granted on 3rd July 1858, No. 922, to Hussain Malikhan as compensation for loss sustained by him in the disturbances which occurred throughout these Islands between 1855 and 1858, and by way of gratuity in consideration of his loyal conduct, should be charged to the Bibi's account or should be borne by Government. Looking at the circumstances of the case and the conduct of the Bibi throughout, the Government are of opinion that as it was through her fault that the necessity for the payment arose, she must bear the cost of so much of it as represents compensation for losses. This may be taken at 1,000 Rupees, the sum originally fixed by the Collector. The balance of Rupees 1,000 will be paid by Government.

4. The Governor in Council notes that the demand against the Bibi is still in excess of Rupees 48,000.

3. The only question on
which orders are required
is whether the sum of Rupees
2000 granted on 3rd July 1858
to Hussain Malikhan as
compensation for loss sus-
tained by him in the distur-
bances which occurred through-
out these Islands between
1855 and 1858 - and by way
of gratuity in consideration
of his loyal conduct, should
be charged to the Bibi's
account or should be
borne by Government. Looking
at the circumstances of the
case and the conduct of the
Bibi throughout, the Govt.
are of opinion that as it
was through her fault
that the necessity for the
payment arose, she must
bear the cost of so much.

Note. Hussain Malikhan received Rs 2000
as "compensation & gratuity" combined - The
former for losses sustained - the latter
for his loyalty & services - At first 1000
Rs was proposed but Mr. Hunter thought that this
was too little - the Col. then mentioned
1500 & the Mr. Said 2000 - in a lump -
It may not be easy to separate the
compensation from the gratuity - but
it seems true that while the Bibi
may fairly - though perhaps not
quite legally - be made to pay the
former - Govt. should pay the latter
as a debt of honor - If the whole
2000 is paid by the Bibi, should
doubt that Govt. should still
give some ornament or per-
manent mark of their favor.
