Fort Saint George, Revenue Consultation of 13th January 1857.

No. 36. Read the following *Extract from the Proceedings of the Board of Revenue; dated 15th December 1856, No. 4236.*

In Cons. 15th December 1856. Read letter from the Collector of Cuddapah dated 1st November 1856, submitting, with reference to the Board's Proceedings of 15th October last, a modified Statement of the temporary Establishment required for clearing off the arrears of Enam cases in his Office.

(Here enter No. 112.)

Read also letter from the same Officer dated 7th July, recorded in Cons. 15th October 1856.

Resolved that the above letters be forwarded for the orders of the Right Honorable the Governor in Council.

2. The Enams in the District of Cuddapah of the classes enumerated in Regulation IV. of 1831 are very extensive, and their aggregate value is stated by the Collector at Rupees 8,03,594. Most of them have been greatly sub-divided; and the numerous lapses, which occur in each year, entail an amount of extra labor, to which the Collector's establishment is unequal. The arrears which have accumulated in consequence, amount to 1027 cases, of which 477 are before the Collector but have not been disposed of for want of translation, and the remainder 550 are pending in the talooks.

3. To clear off these heavy arrears the Collector at first proposed to employ an establishment involving a charge of Rupees 222, per mensem; but the Board considered it preferable in the first instance to dispose of the cases on his own file; and accordance with suggestions in their Proceedings of 15th October last, he has now submitted a modified application for a smaller Establishment to consist of a translator on Rupees 50 and a Writer on Rupees 15 a month. The Board recommend that sanction may be granted for their employment at a monthly charge of Rupees 65 for one year, at the close of which (or previously if the 477 cases referred to be disposed of in a shorter period), the Collector will submit a report on the arrears still outstanding in the District.

4. The net Assessment of the lands to be enquired into in these cases amounts to Rupees 26,707 a further sum of Rs. 42,886 being enjoyed under the same titles by other sharers who are still alive.

Agreeably to the recommendation of the Board of Revenue, the Governor in Council sanctions the extra Establishment required by the Collector of Cuddapah for the disposal of the Enam cases pending on his file at a monthly charge of Rs. 65 and for a period not exceeding one year. At the close of that period the Board will submit a report of the progress made in the work.

Secretary to Government.

Revenue Department

N/44

Extract from the Proceedings of the Board of Revenue dated 15th October 1856.

Read letter from the Collector of Cuddapah dated 7th July 1856, forwarding a Statement of the additional Establishment required for disposing of Arrears of cases of lapsed Inams in his District

/Here Enter No 69./

The Board observe that the Collector of Cuddapah in forwarding certain cases of lapsed Inams with a letter dated 17th December last, regarding to be allowed to entertain either a permanent or temporary Establishment for the disposal of Arrears in cases of lapsed Inams, as the number of Inams in his District was very large, and the Tahsildars with their limited Establishments and heavy work had no time to enquire into the merits of lapsed cases until long after the decease of the Inamdars. He was of opinion that the lands which would revert to Government after due investigation were likely to meet in a great measure the expenses of the extra aid requested.

The

2 The above recorded letter is a reply to the Board's call to be informed what extra Establishment Mr Murray considered necessary, and contains a statement, in the usual form, of the additional charge proposed.

3 It will be seen from the Collector's explanation that there are 477 cases which for want of translation are not disposed of by him, and 350 ascertained cases on which the Talookdars have made no report as yet, it is also anticipated from the number of Enquiries which the Peons are undergoing that cases requiring report will increase rather than diminish.

4 Mr Murray recommends that the additional Establishment now proposed should be maintained until the general measures in contemplation for the regulation of Peons throughout the Presidency are brought into operation.

5. The Board admit that some additional Peons absolutely necessary in the present emergency, but they consider that the arrear in the Collector's Office should first be cleared off, and they request the Collector to submit an application for a Writer on 75 Rupees and a Translator on 50 Rupees in the form prescribed for Extra Establishments. The application will be made for one year or for such shorter period as may suffice. At the close of that period or inevitably the Collector will report how many of the

1 Writer	15
	65

3

the Cases pending before the Talookdars have been disposed of by those Officers, and the propriety of applying to Government for an extra Establishment can then be considered. The Board would however be averse to the employment of Peons as Talooks on such Salaries as are now proposed. The preliminary inquiries should not, in justice to the parties before Courts are questioned, be entrusted to incompetent persons, and the disposal of the cases would often be delayed by defective investigation. If an increase to the Establishment is really necessary in the Talook, a smaller number of persons should be employed on higher Salaries and be transferred as occasion requires, from Talook to Talook. The non-report of cases will however scarcely be remedied without fortifying the village Officers by offering rewards or punishing them for wilful neglect or unreasonable delay. If the village Officers duly attended to this important part of their duty, the final disposal of each case, as it occurs, will be greatly facilitated.

6. The Collector, in submitting the present application in the form now ordered, will give the annual net assessment of the Peons

in

as the 477 cases in his office, which the Board presume can be ascertained without difficulty or delay.
