[Order ~~to~~ N^o 49 dated 12th Jan 1857]

(9)

Fort Saint George, Revenue Consultation of 13th January 1857.

No. 45. Read the following Extract from the Proceedings of the Board of Revenue; dated 12th December 1856, No. 4197.

Read the following letter from J. W. CHERRY, Esq., Acting Collector of Tanjore; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George; dated Vellum 15th November 1856, No. 182.

SIR,

Para. 1. With reference to para. 3 of the Board's Proceedings dated the 30th April 1855, No. 1077, I have the honor to report upon the result of the measures adopted for the improvement of the breed of cattle in this District for Fusly 1265.

2. It will be in the recollection of the Board that on Mr. **Ex. Min. Con. dated 24th April 1855, No. 523.* Forbes' application, the Government sanctioned* in the aggregate, a sum of Rupees 2,500, to be expended in the purchase (including travelling expenses) of 16 bulls, and an equal number of male buffaloes of a superior description, corresponding to the number of talooks in the District.

3. Thinking it advisable to introduce the one species first, and after ascertaining the result, to introduce the other, the above number of bulls were sent for from Nellore; they arrived in August last. The price of the bulls and their travelling expenses cost Rupees 2,454-10-10, including the charges for their keep, as shown below.

	Rs. A. P.
Price of bulls,	825 4 0
Travelling expenses,	52 15 4
On account of fodder, &c., purchased during the Fusly,	1,027 7 11
Wages of servants,	548 15 7
Total...	2,454 10 10

4. Of these bulls, 11 being sufficiently old and vigorous for immediate use, were sent to the talooks in September following, and of the remaining 5 which were detained in the Hoozoor, 2 were subsequently sent to the talooks of Trivalore and Nunnium in February, and 2 more to the talooks of Myaveram and Combaconum in April last. The bull at Sheally, it appears, has covered only 2 Cows, but the two sent to the talooks of Myaveram and Keevalore have failed entirely; the Tahsildar of the latter named talook reported that the one under his charge was too old to be any longer of use. Accordingly it was sent for to the Hoozoor and on inspection, the Tahsildar's statement being found to be correct, it was sold for Rupees 20; the one that was still kept in the Hoozoor being sent in its place.

5. The marginal Statement will shew the number of Cows covered by the bulls sent to the other talooks, from which it will appear that the greatest number, covered by the bull at Coottalam, was 19 and the smallest number by that at Parallum was 3. The Tahsildar of the former talook reports that one of the Cows in his talook has produced a calf which appears to be of a larger breed than the common one. I intend seeing it, either when I next visit that part of the District, or when it may become strong enough to bear the fatigue of a journey to this Cutcherry. The other Cows have not yet calved, and so I am unable to report upon the quality of the produce.

Fort Saint George, Revenue Consultation of 13th January 1857.

6. The marginal Statement shews the number of Cows covered by the bulls to be very small. It appears that some of them are still young and that the others avoid the Cows of this District which are commonly of a small size, these in their turn get frightened at the very appearance of the large Bulls, and it remains to be seen how far custom and familiarity will overcome the reluctance of the one and the fears of the other.

The Government have in Extract Minutes Consultation 28th July 1856, No. 871, acquiesced in the Board's proposal to continue the experiment for another year, and the Board hope the report then received will be more favorable.

2. It is not stated whether the people evince any interest in the result of the experiment. One or more of the finest bulls should be exhibited at the next Agricultural show and the attention of the people prominently drawn to the importance of endeavouring to improve the indigenous breed of cattle.

3. The Acting Collector might offer some of the bulls for sale at the Exhibition at their prime cost, as the experiment might succeed better if attempted by private individuals personally interested in its result.

4. The Acting Collector is requested to state, whether any further attempt has been made to procure superior buffaloes.

Resolved that the foregoing letter be submitted for the information of Government.

(A true Extract.)

(Signed) J. D. SIM, Acting Secretary.

No. 46. ORDER THEREON, No. 49; dated 12th January 1857.

1. With the above recorded Extract, the Board of Revenue submit the annual report which was called for by Government in Extract Minutes Consultation dated 24th April 1855 of the results of the introduction of Nellore and other bulls into the Tanjore district with a view to improve the breed of Cattle generally in that province.

2. The primary results of the experiment were not encouraging; on the recommendation of the Board of Revenue however, the Government in Extract Minutes Consultation of 28th July 1856 No. 871, authorized the continuance of the experiment for another year.

3. The Government will now await a further report at the end of that period: they approve of the proposal of the Board to exhibit the finest of the bulls at the next Agricultural show.

4. With reference to the Buffaloes concerning which the Board have requested further information from the Collector, the Government observe from the concluding para. of the report of the Committee on the late Agricultural Exhibition in Tanjore, that it had not been deemed expedient to press for the transmission of the animals from Canara on account of the ill results which seemed to have attended the introduction of the bulls.

(Signed) J. D. BOURDILLON,
Secretary to Government.

Revenue Department

1855 Revd. April 24th 1857

Extract from the Proceedings of the Board of Revenue dated 12th December 1856.
Read the following letter

N. 182.

From

J. W. Cherry Esq.

Acting Collector of Tanjore.

To

J. D. Sim Esq.

Secy. to the Board of Revenue

Fort Saint George

Dated 12th Decr 1856 N. 182

Para 1.

With reference to para 3 of the Board's Proceedings dated the 30th April 1855, N. 1077, I have the honor to report upon the result of the measures adopted for the improvement of the breed of cattle in this District for July 1856.

2.

It will be in the recollection of the Board that on Mr. Forbes' application, the Government sanctioned in

Extract Minutes Consultation, the Government sanctioned in
1855 N. 523.

the aggregate, a sum of Rupees 2500, to be expended in the purchase (including travelling expenses) of 10 Bulls, and an equal number of male buffaloes of a superior description, corresponding to the number of talooks in the District.

3. Thinking it advisable to introduce the one species first, and after ascertaining the result, to introduce the other, the above number of bulls were sent for from Nellore, they arrived in August last. The price of the bulls and their travelling expenses cost Rupees 2454. 10-10, including the charges for their keep, as shown below.

Price of bulls.....	Rs. a p.
Travelling expenses.....	825. 4-0
On account of fodder &c.....	52. 15-4
Purchased during the July.....	1027. 7-11
Wages of servants.....	543. 13-7
<u>Total.</u>	<u>2454. 10-10</u>

4. Of these bulls, 11 being sufficiently old and vigorous for immediate use, were sent to the talooks in September following

following, and of the remaining 5 which were detained in the Zoozoor, 2 were subsequently sent to the Talooks of Tiruvalore and Tirumulum in February, and 2 more to the talooks of Myavaram and Combacorum in April last. The Bull at Sheilly, it appears, has covered only 2 cows, but the two sent to the Talooks of Myavaram and Tiruvalore have failed entirely; the Tahsildar of the latter named talook reported that the one under his charge was too old to be any longer of use. Accordingly it was sent for to the Zoozoor and on inspection, the Tahsildar's statement being found to be correct, it was sold for Rupees 20. the one that was still kept in the Zoozoor being sent in its place.

Coottaturu	19	5
Tirumulum	10	
Kodavassal	18	
Valungamam	12	
Panpanasam	10	
Tirupomudiy	8	
Combacorum	6	
Tiruvadi	5	
Pottolottah	5	
Tiruvalloor	4	
Mummargoody	4	
Parallum	3	
	<u>105</u>	

The marginal Statement will shew the number of cows covered by the bulls sent to the other talooks, from which it will appear that the greatest number covered by the bull at Coottaturu, was 19. and the smallest number by that at Parallum

The marginal Statement B shows the number of Cows covered by the Bulls to be very small. It appears that some of them are still young and that the others avoid the Cows of this District which are commonly of a small size, these in their turn get frightened at the very appearance of the large Bulls, and it remains to be seen how far custom and familiarity will overcome the reluctance of the one and the fears of the other.
