Fort Saint George, Revenue Consultation of 4th May 1858.

No. 79. Read the following Extract from the Proceedings of the Board of Revenue, dated 12th April 1858, No. 1261.

In Cons. 12th April 1858. Read letter from the Collector of North Arcot, dated 6th March 1858.

(Here enter No. 40.)

Resolved that the foregoing letter from the Collector of North Arcot with its enclosures be submitted for the information of Government, with reference to Extract Minutes Consultation 2nd February 1858, No. 140, Revenue Department.

2. The amended register now submitted shews the relationship of the claimants of the Enam to the original grantee. The remarks recorded in the Board's Proceedings 23rd December 1857, will be found to apply to the Statement of the case as now submitted.

3. The explanation of the delay which has occurred in disposing of the case, though it exonerates the Collector's Establishment from blame, shews great remissness in the Talook and Village Officers; nor is it clearly shewn why the register of the Talook in which this Enam is situated was only sent for by the Sub Collector in August 1856.

No. 80. ORDER THEREON, No. 577; dated 4th May 1858.

1. In Extract Minutes Consultation No. 140 dated 2d February 1858, the Government professed themselves unable to confirm the decision of the Board of Revenue in a case of a lapsed enam reported by the Collector of North Arcot on account of contradictions in the statement on which the Board's decision was partly based.

2. It is observed from revised statement submitted with the Board's proceedings now recorded, that the last holder died in 1843, leaving no heirs; the only members of the original grantee's family being the descendants of his divided brother. Under these circumstances the enam escheated to the State on Mudwachary's death; but as it has probably been enjoyed for the fifteen years which have elapsed since that event by one of the present claimants, the Government will not disturb the present possessor, but direct that resumption take place at his demise.

3. The delay which has taken place in reporting this case is unsatisfactory: It not only shews, as the Board remark, great remissness on the part of the talook and village officers, but it proves that the supervision exercised over his subordinate by the Sub Collector must be lax. And the Government must further remark that it is not difficult to fathom the motives which must actuate the Revenue servants who rake up an old case of this description from the records of the past, while numbers of current lapses must be awaiting attention.

Acting Secretary to Government.
