Fort Saint George, Revenue Consultation of 11th May 1858.

No. 3. Read the following letter from G. S. FORBES, Esq., Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, R. D. dated Fort Saint George, 10th April 1858, No. 1242.

SIR,

I am directed by the Board of Revenue to submit for the orders of the Right Honorable the Governor in Council a letter from the Collector of Chingleput, dated 10th July 1857, requesting sanction for the purchase of a spot in the Cusbah Town of Trivellore, measuring Grs. 6 Sq. ft. 1976, and which is required as a site for a Talook Cutcherry.

2. The correspondence which has passed and which is forwarded with Mr. Shubrick's letter has occasioned some very needless delay, owing apparently to a misapprehension in the Chief Engineer's office as to particular plans applied for by Mr. Shubrick (by direction of the Board), and which were simply the Plans* for Talook Cutcheries circulated some time back by the Chief Engineer. They were alluded to, as the proposed Cutcherry, for which an estimate has already the Board learn been framed by the District Engineer, would be constructed on

one or other of the three standards approved.

3. The Government will observe from Mr. Shubrick's letter of the 13th March 1858, that the proposed site is in every respect suitable for the purpose required, and that it is not probable the town of Trivellore will ever cease to be the cusbah station of the talook.

4. As the new Cutcherry is very urgently required to replace the wretched Muntapum in which the public business is now transacted, the Board request that sanction may be given to Mr. Shubrick to purchase this spot at the price demanded for it, Rupees 293-5-2, which considering its situation is not thought exorbitant.

No. 4. ORDER THEREON, No. 584; dated 5th May 1858.

The Right Honorable the Governor in Council sanctions the purchase of the spot of ground, in the Cusbah Town of Trivellore, measuring 6 grounds and 1,976 square feet, required for the proposed talook Cutcherry, at a cost of Rupees (293-5-2) two hundred and ninety-three, annas five and pice two.

Ordered that the above letter be communicated to the Chief Engineer.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

Extract from the Proceedings of the Board of Revenue
Dated 12th November 1857.

Read letter from the Collector of Chingle-
put dated 10th July and 12th September 1857.

(Here enter Nos. 195. 263)

1. In the above letters the Collector states that
an Estimate is under preparation in the Depart-
ment Public Works for the construction of a futcherry
at Trivallor, for the Tahsilदार who now holds his
Office in a "Muntapam" which is wholly unsuited
for the purpose.

2. A site for the new building can be pro-
-cured in the town for Rupees 293-5-2 and the
Collector requests permission to purchase it at
once. The price is considered moderate for the si-
-tuation, though at the rate of nearly Rupees
1200 per Cawmy, its extent being only 76-83/16.

3. The Board apprehend that Government
will require information whether the District
Engineer considers the site adapted for a futcherry
on one of the new Standard Plans. what class
of building is contemplated and whether no
other eligible situation is procurable on more
reasonable terms.

4. The Collector should also state whether
Trivallor is the most eligible place for the Cas-
-bah station with reference to its position in the
Peddapalliam

the Cusab of Ped-
-dapalliam Taluk.

Peddapallam Talook as well as its own importance.
for any change that may be desirable must be
effected before a Cutcherry is built. In reporting
on this point the Collector will have regard to
the effects of any rectification of the Talook bounda-
ries which may seem necessary or probable in
his judgment.

5. An early reply is requested in order
that the sanction of Government may be obtained
for the purchase of the site at Trinellore, should
that Town be finally selected as the Casbah sta-
tion.
