Resolved that the foregoing letter with the type received therewith be submitted to Government, with reference to the Board's Proceedings, dated 19th February 1858.

2. The type appears to be much worn, and the cause of its early deterioration is attributed to its being constantly used in printing on thick Country paper.

3. The type was received from Government, and was forwarded to the Collector of Madura in April 1856.

(A true Extract.)

No. 60. ORDER THEREON, No. 614; dated 8th May 1858.

With reference to para. 14 of Extract Minutes Consultation dated 29th March 1858, No. 408, the Board report the result of their enquiry as to the cause of the Tamil type supplied to Madura wearing away so soon. The deterioration is attributed to the constant use made of it on thick country paper. The Governor in Council directs that the Board will instruct the Acting Collector to use a better description of paper. Mr. Hathaway remarks that thick paper is used on account of its durability but there are several descriptions of paper comparatively thin and at the same time durable.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.
