Fort Saint George, Revenue Consultation of 25th May 1858.

No. 62. Read the following Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Financial Department under date the 9th April 1858, No. 1940.

Read an Endorsement from the Home Department, No. 691, dated 19th Ultimo, forwarding for consideration and orders together with the connected papers a letter in original from the Government of Fort Saint George, relative to a charge for feeding bullocks for Scavenger carts at Ootacamund.

RESOLUTION.—On an application submitted by the Government of Fort Saint George for the monthly disbursement of Rupees 30 for feeding 4 bullocks required for 2 Scavenger carts, proposed to be used at Ootacamund on the Neilgherries to keep the bazars and streets clean, this Government observed* that the charge was a Municipal one, and there was no reason why Government

should be required to meet it.

The Government of Fort Saint George now explains that there is no Municipality on the Neilgherry Hills, and that the expenses of the small existing Scavenger establishment are defrayed from special sources, and in consideration of the health of the settlement, earnestly recommends that the charge may receive the early sanction of this Government.

The Honorable the President in Council however still sees no reason why the inhabitants of Ootacamund should not pay for charges of this nature, but is pleased to sanction the allowance for one year, on the understanding that on the expiration of that period means will be found to defray the cost of scavengering otherwise than from the Government Treasury.

ORDER.—Ordered, that a copy of the foregoing Resolution be communicated to the Home Department, in reply to the Endorsement from that Department above adverted to.

 Secretary to the Government of India.
