Fort Saint George, Revenue Consultation of 8th June 1858.

No. 3. Read the following Extract from the Proceedings of the Board of Revenue, dated 14th May 1858, No. 1725.

In Con. 14th May 1858. Read letter from the Collector of Vizagapatam, dated 13th March 1858.

(Here enter No. 45.)

Resolved that the above letter be laid before Government with reference to the Board's Remarks* on Cases Nos. 9, 20, 24, and 61 of the Collector's Tabular report on lapsed Enams for the 3rd and 4th Quarters of 1856.

* *7th December* 1857.

No. 9. On being called upon to state under what circumstances the quit rent of this Enam was reduced, the Collector explains that the records of his Office afford no information of any reduction having been effected, and that both the holder of the Enam and the Curnum, who asserted the fact, are unable to adduce any evidence in support of it. The quit rent originally charged was, he states, subsequently distributed over other Enam lands which had been divided amongst the members of the family, and cannot now be re-assessed. The Enam was granted prior to the permanent Settlement and bears entry in the Curnum's copy of the Settlement Accounts in the name of the late incumbent's uncle. The original Accounts having been damaged cannot be referred to. In consideration of the long period, during which it was under enjoyment, the Board agree with the Collector that the share held by the deceased should be continued to his son Bramana; but they would restrict it to his life as it is but a charitable grant and Government are not bound to perpetuate it.

No. 20. Besides being an alienation by an incompetent authority, this Enam has long passed out of the family of the original grantee by an alleged sale, of which no evidence is forthcoming. Its resumption is therefore recommended.

No. 24. The late incumbent was the purchaser of this Enam in 1828, and as it appears to be a bonâ fide transaction supported by a Bill of Sale, the proposal of the Collector to continue it at half the assessment is recommended with the limitation that it shall lapse at the death of the deceased's son, in whose name it should be registered.

No. 61. This grant having been conferred subsequently to the permanent Settlement and in contravention of the provisions of Section XII. Regulation XXV. of 1802, its resumption is recommended.

In column 3 of the Tabular report, the grant is said to have been made 20 years prior to the permanent Settlement; a statement for which no grounds appear to exist, and which is moreover contradicted by the statement made in the letter recorded at the head of these Proceedings.

(A true Extract.)
