Fort Saint George, Revenue Consultation of 8th June 1858.

No. 71. Read the following letter from G. S. FORBES, Esq., Secretary to the Board of Revenue; to W. H. BAYLEY, Esq., Acting Secretary to Government, Revenue Department; Fort Saint George 26th May No. 1869.

SIR,

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council, the correspondence noted in the margin, which has reference to the impressment of carriage for the troops of General Whitlock's force on their march through Kurnool.

2. The Government will observe from the first of these letters that bandies and bullock have been taken from this district with the troops as far as Jubbulpore, instead of to Secunderabad only; and that the drivers having deserted by the way, have returned home to the owners of the bandies without either bandy hire, bullocks or bandies. The case appeared to the Board to involve so much hardship, that they were led to enquire from the Agent the probable value of the bandies and bullocks, which he considers to be hopelessly lost to their owners. The statement which Captain Russell forwards in reply, estimates the losses at a total of 2,146 Rupees for 46 bandies, and 57 bullocks. This sum considerable as it is, should be made good, the Board think, to the owners out of the Public Treasury, both as a matter of justice and in order to lessen the difficulties to be expected on future occasions, from the prejudice which the people are likely to feel against so ruinous a service. The Board suggest that the Commissariat Officer with General Whitlock's force should be directed to ascertain what became of the carriages and cattle abandoned by the drivers, and that if they can be identified, they should be sold for the benefit of Government.

No. 72. ORDER THEREON, No. 775; dated 8th June 1858.

1. Under the circumstances reported in the foregoing correspondence, the Government sanction the disbursement of Rupees (2,146) two thousand one hundred and forty-six, the estimated value of forty-six bandies and fifty-seven bullocks, supposed to be lost of the number impressed at Kurnool, for the carriage of the troops forming General Whitlock's column.

2. Instructions will, however, be issued, through the Military Department, to the Commissariat officer with the above force, to enquire what has become of the bandies and cattle thus abandoned by their drivers, and to sell such of them as are recoverable for the benefit of Government, crediting the proceeds in the public account, and making a report of the steps taken in pursuance of this order.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

and the other. On the one
 relative to the former, many of
 our friends for the most part
 seem to think that we are
 in the wrong and that
 the American is right. On the
 other hand, many of our friends
 seem to think that we are
 in the right and that the
 American is wrong. It is
 difficult to see how we can
 be in the right and the
 American in the wrong, or
 vice versa. It seems to me
 that the only way to settle
 the question is by a fair
 and impartial trial.
