Fort Saint George, Revenue Consultation of 15*th June* 1858.

No. 12. Read the following Extract from the Proceedings of the Court of Wards, dated 20th May 1858, No. 1811.

In Consultation 20th May 1858. Read letter from the Acting Collector of Tinnevelly, dated 30th April 1858.

(Here enter No. 156.)

Resolved that the above letter be laid before Government with reference to their Endorsement on Petition No. 776 of 1858.

2. The Court have no information regarding the Schools at Madura, referred to by Petitioner. The only minors under their charge in Madura are the proprietors of Shevagunga and Ayagoody, who do not attend any School, but have a private tutor, Mr. Fletcher. The Court doubt whether this gentleman could undertake the education of a third pupil.

3. The Munarcottah Estate is not a large one. The demand for Fusly 1266 was under Rupees 14,000, while the Peshcush and charges were Rupees 8,862; the former of these items being Rupees 5,072.

4. The annual surplus income of the proprietor may be roughly assumed at Rupees 5,000, but in addition to this there was a balance in hand at the close of last Fusly of Rupees 25,643.*

* *In Promy. Notes Rs.* 24,000.

5. There are therefore sufficient funds to meet the expenses of the minor's education either, at a good school or by private tuition, and if the surplus in any year should not suffice, the accumulated proceeds of the property could not be applied to a better purpose.

6. The minor will not attain his majority until April 1864, and there can be no objection to his being temporarily placed at the Government school at Madura, if Government desire it. Should his progress there prove unsatisfactory he could be sent as originally proposed to Combaconum.

7. The minor Zemindar of Shevagunga will attain his majority in October 1859, and Mr. Fletcher's services will then be available, if it should be considered desirable to engage them for the minor of Munnarcottah.

No. 13. ORDER THEREON, No. 787; dated 9th June 1858.

The Government observe that the Director of Public Instruction has lately spoken in high terms of the state of the Combaconum school, while that at Madura is, as observed by the Collector of Tinnevelly, comparatively in its infancy. But apart from these considerations the Government are of opinion that it is highly desirable that the young Zemindars' knowledge of the country should not be bounded by the confines of their Zemindaries; and Combaconum is a place at which the most conservative Hindoo could offer no reasonable objection to allowing children to reside. The Government direct therefore that their former order* be carried out, and that intimation of this resolve be made to Petitioner.
