Fort Saint George, Revenue Consultation of 15th June 1858.

No. 48. Read the following letter from G. S. FORBES, Esq., Secretary to the Board of Revenue; to W. H. BAYLEY, Esq., Acting Secretary to Government, R. D; dated Fort Saint George; 20th May 1858, No. 1808.

SIR,

In Con. 24th January 1856.

With reference to Extract Minutes Consultation, dated 12th January 1856, No. 39, I am directed by the Board of Revenue to submit for the information and

orders of the Right Honorable the Governor in Council, the accompanying correspondence regarding the disposal of the Revenue and Police Establishment sanctioned for the Additional Sub Collector of North Arcot, and for the revision of the assessment of that district, consequent on the appointment of Mr. Banbury to be Deputy Director of Revenue Settlement.

Establishment of Sub Collector. Rs. A. 2. The Collector reports that he has discharged the whole of the servants of the Additional Sub Collector's Establishment, excepting those named in the margin, whom he proposes to retain for the purpose of assisting at the current Jumma-bundy, which will be of an unusually laborious and important character, in consequence of the introduction of the revised rates of assessment.

3. The services of these servants, the Collector states, will also be of great utility, in making the examination and measurements now in progress in the Chendragherry Talook, and in Sautghur in which it is proposed to extend a similar investigation.

4. It is further stated that the Azmaish in the former Talook has been attended with much success, and it is expected from the frequent complaints of concealed cultivation and the peculiarities of the country, that similar results will be obtained in the latter.

5. Under these circumstances, the Board of Revenue recommend that sanction be granted for the continuance of the servants named by the Collector, to the close of the two years for which their employment has been sanctioned, which will expire on the dates marginally entered.

1. In reporting the dismissal of the establishment sanctioned\* for two years for the Additional Sub-Collector of North Arcot, and for the revision of the assessment of that District, consequent on the appointment of Mr. Banbury to be Deputy Director of Revenue Settlement, the Board of Revenue, on the application of the Collector, recommend the retention of seven servants, as per margin, until the expiry of the authorized period in each case, to aid in the current Jumma-bundy expected to be of an unusually laborious and import character, in consequence of the revised rates of assessment, and to make the examination and measurements in progress in the Chendragherry Talook, to be extended afterwards to Sautghur. The Board add that the examination in the Chendragherry Talook has been very successful, and that the same result is expected in Sautghur also, from the frequent complaints of concealed cultivation and the peculiarities of

2. As Mr. Whittingham's letter was received in the Board's office on the 12th April there seems no reason why the sanction of Government should have not been applied for without this delay.
