Fort Saint George, Revenue Consultation of 15th June 1858.

No. 62. Read the following letter from G. S. FORBES, Esq., Secretary to the Board of Revenue; to W. H. BAYLEY, Esq., Acting Secretary to Government, Revenue Department; dated Fort Saint George 22nd May 1858, No. 1841.

SIR,

In Con. 22nd May 1858. Adverting to the remarks of Government in Extract Minutes Consultation, dated 27th Ultimo, No. 532, Revenue Department, regarding the arrangements for working the Bellary Press, I am directed by the Board of Revenue to submit the following explanation.

2. In requesting permission to postpone the reduction already sanctioned by Government in the Huzzoor establishment at Bellary, allowing the Press to be worked in the meanwhile under the arrangements originally made, the Board referred to Mr. Pelly's letter of the 24th March 1857, in which he states that he worked the Press at the outset by effecting such reductions in the general establishment of the district, as he found most convenient.

3. For these arrangements it was intended to substitute a scheme in accordance with the principle on which establishments have been provided for the Press in other districts. Certain reductions in the Huzzoor establishment were accordingly proposed, and received the sanction of Government in Extract Minutes Consultation, 28th November 1857, No. 1234, Revenue Department Mr. Pelly, had however continued in the interim to provide for his Press establishment in the same way as before.

4. When the revision of assessment was sanctioned, he appears to have lost sight of the necessity of reducing his Huzzoor Goomastas on behalf of the Press, and calculating on their services in the work consequent on the revision, he omitted consequently to apply for extra assistance on this account and is now compelled to ask (as stated in my letter of the 25th March 1858) that he may be allowed to continue to provide for the Press establishment by the irregular arrangements already described, or that a distinct establishment may be authorized, the charge for which would be covered when the revision is concluded by the reductions already approved by Government, but never carried into effect.

No. 63. ORDER THEREON, No. 812; dated 14th June 1858.

In their Secretary's letter above recorded, the Board of Revenue reply to the remarks contained in Extract Minutes Consultation dated 27th April 1858, No. 532, in regard to the Bellary Press Establishment.

2. The Government see no new grounds adduced in this paper to induce them to alter their opinion that Collectorate Presses should not constitute* an extra charge to the State. The Board of Revenue themselves remark in para. 4 of their present letter that the arrangements under which Mr. Pelly has hitherto met the Press charges are irregular; they will therefore instruct that officer to carry out the orders† already passed; any extra Establishment that may be required for the revision of assessment should form a separate charge without any reference to the Press, and any distinct communication that may be submitted on the subject will receive due consideration.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.
