Fort Saint George, Revenue Consultation of 15th June 1858.

Read the following papers.

No. 79. Extract from the Proceedings of the Honorable the President of the Council of India in Council in the Military Department under date the 27th April 1858, No. 1256.

From Major F. D. ATKINSON, Officiating Secretary to the Government of India in the Military Department; to the Inspector General of Ordnance; dated Fort William, 27th April 1858, No. 1255.

SIR,

With reference to your letter No. 7699 of the 19th April 1858, reporting on the subject of Surveying Instruments ordered to be forwarded to Madras, I am directed to inform you that the Honorable the President in Council authorizes the supply of the three additional sets of Instruments similar to that now under despatch applied for by the Acting Secretary to the Government of Fort Saint George in his letter to your address No. 415, dated 30th March 1858.

ORDER.—Ordered that a copy of the foregoing letter be transmitted to the Financial Department for information, with reference to Extract from that Department No. 1159, dated 5th March 1858.

(True Extract.)

(Signed) F. D. ATKINSON, Major,
Offg. Secy. to the Govt. of India in the Mily. Dept.

No. 2421.

Financial Department. Ordered that a copy of the foregoing Extract be sent to the Home Department, with reference to Extract from this Department No. 1158, dated 5th March last.

COUNCIL CHAMBER,
The 7th May 1858.

(Signed) C. HUGH LUSHINGTON,
Secretary to the Govt. of India.

No. 780.

Forwarded to the Government of Fort Saint George in continuation of the endorsement No. 422, dated the 11th March last.

(By Order.)

HOME DEPARTMENT,
The 12th May 1858.

(Signed) R. B. CHAPMAN,
Under. Secy. to the Govt. of India.

No. 80. From H. NEWILL, Esq., Directer of Revenue Settlement; to W. H. BAYLEY, Esq., Acting Secretary to Government, Revenue Department; dated Madras 29th May 1858, No. 273.

SIR,

1. Refering to Extract Minutes of Consultation under date the 10th
No. 965. September 1856, prescribing that the cost of 60 Gunter's chains should be defrayed from the unexpended portion of the amount sanctioned for the charges of the South Arcot survey for the year ending 30th October 1855. I have the honor to state that it appears from a letter dated 11th instant from the Acting Collector of South Arcot that no such balance is available for the purpose, and to request that in conformity with para. 19 of Extract Minutes of Consultation of 15th February last, the sanction of Government may be granted for including this charge, viz. Rupees 623 in a Contingent Bill and its being drawn from the funds of the general survey.

2. I take this opportunity also of soliciting sanction for Captain Priestley to obtain direct from England or elsewhere 100 Gunter's chains which will be required for the 3d survey party, to be organized for the Masulipatam District within a few months, the cost will be within Rupees 1,000, it is doubtful whether the chains may be procurable at Calcutta, as only a limited supply for the 2d party was at first available from the Mathe-
E. M. C. 23d April 1858, *No.* matical Instrument Department though the complement was subsequently made up.

No 1256 3/83 22

Fwd

3. I would also suggest that application should be made for the supply of instruments, &c., from Calcutta for the 3d party similar to that recently received for the 2d party, not excepting the 100 chains, as any excess in these will be available for a 4th party if not required to supply deficiencies from wear and tear in those belonging to the three other parties.

No. 81. ORDER THEREON, No. 820; dated 15th June 1858.

Under the circumstances represented in para. 1 of the above letter from the Director of Revenue Settlement the Government grant sanction for the charge of Rupees (623) six hundred and twenty three incurred on account of 60 Gunter's Chains procured from England under the orders of the 10th September 1856, being included in a contingent bill, and for the amount being drawn from the funds of the General Survey.

2. The proceedings of the Government of India in the Military Department dated 27th April 1858, will be communicated to Mr. Newill, from which he will learn that three additional sets of surveying instruments have been ordered to be supplied for the use of the survey and may soon be expected to arrive. It is presumed that the chains which will be forwarded with these sets will satisfy all requirements.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.

Ordered in consequence that the following letter be despatched.

No. 82. From W. H. BAYLEY, Esq., Acting Secretary to the Government of Fort St. George; to the Secretary to the Government of India; dated 15th June 1858, No. 821.

SIR,

1. In a letter addressed by Mr. Acting Secretary Forbes to the Inspector General of Ordnance at Fort William, under date the 30th March last, No. 415, it was pointed out to that officer, that the list of Instruments furnished to him by the Military Secretary to the Government of India, contained the requisites for one party only of the General survey staff, authorized for the survey of this Presidency; and that, as this staff consisted of four such parties, four similar sets of instruments would accordingly be required. By advices since received from Calcutta from the Superintendent of the Mathematical Instrument Department, the whole, or the greater portion of the first set would appear to have been dispatched from Calcutta; and from the Proceedings* of the Honorable the President of the Council of India, in the Military Department, dated 27th April 1858, No. 1256, recently received, this Government learn that the Inspector General of Ordnance has been authorized to supply the three other sets of Survey instruments, required for the three remaining parties to be employed in the survey of this Presidency.

* *Communicated with order in the Home Department 12th May 1858, No. 780.*

2. Mr. Newill, the Director of the Revenue Setttlement, has just reported that 100 Gunter's Chains are urgently required, so much so that he wished to have authority for direct application to England for those articles. Mr. Newill has however been informed that, as three sets of survey instruments are in course of supply from Calcutta, it is presumed that the chains, which these sets will comprize, will satisfy all requirements. I am now directed to enquire when these three sets of instruments may be expected to arrive at Madras, as the survey parties are being formed, and two in the field already.
