No. 8. Read the following letter from J. D. SIM, Esq., Sub-Secretary to the Board of Revenue; to W. H. BAYLEY, Esq., Acting Secretary to Government, R. D. dated Fort St. George; 27th May 1858, No. 1896.

SIR,

From Acting Collector 2nd March in Cons. 9th April 1858.
Pro. to Collector 9th April 1858.
From do. 7th in Cons. 27th May 1858, *No.* 1950.

I am directed by the Board of Revenue to submit for the consideration and orders of the Right Honorable the Governor in Council the accompanying correspondence relative to an application for the issue of Takavi to the Salt Manufactures of the Madura District in Fusly 1267.

Page 86 *of C. O. B. for* 1855.

2. In Extract Minutes Consultation, dated 4th Sept. 1855, No. 1012, R. D., Government deprecated the practice of issuing advances for the manufacture of Salt, and it does not appear that such assistance has been usually sought in Madura. Considering however the adverse nature of the season, the high price of the necessaries of life, the difficulty of procuring coolies owing to the emigration of a great number to Ceylon, and the quantity (garces 2988) of salt still to be manufactured, the Board are of opinion that the present application may be treated as an exceptional case, and therefore recommend that sanction be granted for making the advance solicited, viz. Rupees 11,841¼. This amount will be recovered from the Salt Manufacturers on the first payment of their Coodewarum.

No. 9. ORDER THEREON, No. 831; dated 17th June 1858.

Para. 1. In the above letter the Board of Revenue submit certain correspondence regarding an application made by the Collector of Madura for the issue of Tuccavy for the manufacture of Salt in that District during Fusly 1267.

2. The Collector's recommendation, which is supported by the Board, is based apparently upon the report of the Salt Amildar upon which the Government cannot place much dependance. They have already in their orders of the 4th December 1855, No. 1012, directed the discontinuance of the Tuccavy system, on the ground that it afforded a ready means of peculation on the part of the subordinate Revenue servants, and they cannot for the same reason persuade themselves to comply with the present application. The system has been abolished after considerable trouble, and sufficient reason has not been advanced to make the District of Madura an exception to the rule. In addition to this it may be observed that season and prices on which so much stress is laid are not now so bad as they have been represented, both having since greatly improved. On the whole, the Government are of opinion that the large quantity of Salt required is scarcely a reason for the introduction of a change, and they think that the high rate of Coodewarum paid to the Merassidars should be a sufficient inducement for them to proceed with the manufacture unaided by Tuccavy.

(Signed) W. H. BAYLEY,
Acting Secretary to Government.
