Fort Saint George, Revenue Consultation of 22d June 1858.

No. 69. Read the following Extract from the Proceedings of the Board of Revenue; dated 31st May 1858, No. 1930.

Read letter from the Collector of Trichinopoly, dated 23rd April 1858.

In Consultation 31st May 1858.

(Here enter No. 67.)

Resolved that the above report be laid before Government, with reference to their Endorsement on Petition No. 2902 of 1857.

2. The Collector states that many years ago under the Carnatic Government, one Vencatashastry, a learned Pundit, of whom Petitioners style themselves grandsons, received an allowance of 80 Cullums of Paddy out of the Melwarum of the village of Manachanellore, in Laulgoody Talook.

3. On the assumption of the country by the British Government, the villagers were directed to contribute this donation, for which probably an allowance was made to them out of the Melwarum before the assessment was fixed in money. In 1822 the then Collector on a complaint from the grandson of the original grantee to the effect that the villagers were irregular in their payments, ordered the value of the grain to be realized by a rateable addition to the ryots' puttahs.

4. In Fusly 1265 the ryots complained to Mr. Bird, who considered that the Petitioners had no right to such a levy from the people and refused to make it. In this view the Board concur, the enam not having been formally confirmed by Government so far as can be ascertained, and the inclusion of a private demand in a ryot's puttah being obviously objectionable.

5. As regards the enam itself the Board are unable to recommend its continuance. It seems to have been granted in the first instance on personal grounds, and is not one which Government can reasonably be expected to perpetuate. The so-called Purwanah produced by Petitioners is merely an order directing enquiry into the matter, and continuance of the allowance if that enquiry proved its existence. The allowance having been continued shews that the result of the enquiry was favorable to the grantee, but it does not follow that the grant was originally intended to be perpetual.

6. The Board consider that the Government are in no way bound to continue an allowance of this character, without at least full proof of its having been granted in perpetuity. The receipt of it up to Fusly 1265, seems ample consideration for the claim.
