Fort Saint George, Revenue Consultation of 26th January 1858.

No. 19. Read the following Extract from the Proceedings of the Board of Revenue; dated 17th December 1857, No. 4565.

Read Petitions Nos. 3376 of 1856 and 1410, No. 1602 and 2093 of 1857.

Read Endorsement dated 20th May, submitted with the letter of the same date from the Collector of North Arcot.

(Here enter No. 116.)

1. In this Endorsement the Collector states that the land in respect of which Petitioner seeks a reduction of assessment on the ground of its having been rendered unfit for cultivation by the overflowing of the Tank which waters it, forms a part of that which in Extract Minutes Consultation dated 8th December 1856, No. 1289, Revenue Department, was charged with a Bilmuctah of Rupees 97-5-11.

2. It has been ascertained that the extent of land permanently injured by the overflowing of the surplus channel from the Kalwah Tank is but Cawnies $2\frac{3}{4}$, and that although in the original account rendered at the time the Bilmuctah was fixed, it was entered under the head "Payamalee" or unfit for cultivation; the Statement which accompanied Mr. Binning's letter of 1st October 1855 was only an abstract and did not indicate whether this Cawnies $2\frac{3}{4}$ was included.

3. The Collector accordingly recommends that a proportion of the Bilmuctah corresponding with this extent, and amounting to Rupees 4-13-0 be deducted.

4. This piece of unproductive land having been erroneously included with the land upon which this Bilmuctah was fixed, being treated as productive and assessed as such at Rupees 1-12-0 per Cawney, the Board concur in this recommendation and request sanction for fixing the amount to be charged in future at Rupees 92-8-11.

No. 20. ORDER THEREON, No. 86; dated 21st January 1858.

The "Bilmuctah" assessment on the land referred to in these Proceedings, was in Extract Minutes Consultation dated 8th December 1856, No. 1289, Revenue Department, fixed at Rupees 97-5-11, during the occupancy of Zahirooddeen Khan, son of the Ex-jaghiredar of Calway in North Arcot being at an average of Rupees $1\frac{3}{4}$ per Cawny on an aggregate area of 55 C. 10 A. 4 P., in which however it now appears were included $2\frac{3}{4}$ Cawnies of land permanently useless for purposes of cultivation.

2. The Collector of North Arcot and the Board of Revenue concur in recommending the remission of the rent assessed on this portion of the land, and the Right Honorable the Governor in Council accordingly authorises the reduction of the "Bilmuctah" in question from Rupees 97-5-11 to Rupees 92-8-11 so long as the land remains in possession of Zahirooddeen Khan.
