(Here enter No. 151.)

The Board resolve to forward this letter for the information of Government, in continuation of their Proceedings dated 12th Ultimo, No. 3784.

2. They approve of the partial reduction made by the Acting Collector in the contract price of Bombay Salt.

No. 10. ORDER THEREON, No. 5; dated 3d January 1857.

In September 1856 the Collector of Malabar notified throughout the District that on and after October 1st till November 30th inclusive Bombay Salt would be received by weight only.

The result of this measure was that the importers gained largely owing to the difference between the Maund and its nominal equivalent the Parah; and its nominal equivalent the Parah;

for no diminution was made in the prices to correspond with the diminished quantity of salt supplied.

2. The gain that would thus accrue to the importers was estimated at from 15 to 25 per cent.

3. On the termination of the period specified in Mr. Clarke's notification it became necessary to make fresh arrangements to obviate the loss to Government produced by the weighing system.

4. The Board of Revenue now submit with their approval, the Acting Collector's report of what he has done in the matter.

5. It appears that in Mr. Robinson's opinion a large and sudden reduction in the price allowed would have been unadvisable as probably the supply would have been checked thereby. He therefore has advertised that prices about 10 per cent. under those in force up to November 30th will be given, and he hopes (he states) to introduce a still further reduction as the season opens and trade becomes brisker.

6. The Government concur in the Acting Collector's reasoning; and approve the arrangement he has made.

(Signed) J. D. BOURDILLON,
Secretary to Government.
