Fort Saint George, Revenue Consultation of 2d July 1858.

No. 66. Read the following Extract from the Proceedings of the Board of Revenue; dated 3rd June 1858, No. 1963.

Read letter from the Collector of Salem, dated 6th March recorded in Consultation 17th August 1857, forwarding a statement of lands proposed to be given to the village officers in lieu of their unproductive Enams.

In Cons. 3rd June 1858. Read also letter from the Collector, dated 28th April 1858, rectifying the errors pointed out in the Statement.

Resolved that the above letters be submitted for the orders of Government.

2. In the District of Salem, the class of village servants designated Neercutties, or distributors of water, includes 351 persons holding Enam lands to the value of Rupees 2,904-14-4, exclusive of quit rent, as remuneration for their services. Of this land, Acres 8-20-0, assessed at Rupees 31-6-10 held by seven Neercutties having become totally uncultivable from causes beyond their control, and their official income being in consequence greatly reduced, the Board request that sanction may be accorded for the grant of Acres 8-19-8 of fresh land assessed at Rupees 38-3-9, proposed by the Collector in lieu of the unproductive Enams. The excess in the assessment of the fresh lands, viz., Rupees 6-12-11 will be charged as quit rent and their value will thus be reduced to that of the lands relinquished.

No. 2730. 900/4

Extract from the Proceedings of the Board of Revenue dated 17th August 1857.

Read letter from the Acting Collector of Salem dated 6th March 1857 forwarding a Statement of lands proposed to be given to Village Servants in exchange for their Enams which have become unproductive.

(Reenter No. 22)

The Board do not fully understand the first case entered in the Return. The Neenbutty is said to receive Rupees 13-11-1 by a deduction from the Nattandy Peru but the proceeds of the Enam appear to have been only Rupees 18-4-1 per annum. It does not appear whether the whole land is unprofitable or only the portions entered in Column 2. nor how the difference between 7-11-9 and 18-4-1 the value respectively of the new and old land is to be paid. It is also not apparent how
