Fort Saint George, Revenue Consultation of 20th July 1858.

No. 21. Read the following Remarks of the Board of Revenue, dated 19th June 1858, on the following Tabular Report on lapsed Enams, No. 2133.

In Con. 19th June 1858. From the Collector of Cuddapah, dated 25th January 1858.

No. 763. Of the origin of this Enam, nothing whatever is known, though in the Survey accounts, it is entered as a charitable grant held without Sunnud. The late holder has left no heirs surviving her, except a second Cousin, to whom, in 1840, she alienated the whole of the Enam by gift. The alienation being of recent date, and the cousin being in possession of Enam lands in another district, the Board recommend the grant being resumed.

No. 766. This Enam was uninterruptedly held by the claimant's ancestors since the date of the Survey; and as it appears in his grand father's name jointly with others, in the early accounts, the Board concur with the Collector in recommending that the small share held by the deceased, assessed at Rupees 2-13-10, be continued to the claimant Ramadoo but by reason of the obscurity, which hangs over the Enam, they would restrict its enjoyment to his life.

Tabular Report 31st Augt. 1857.
To Government 7th April 1858.

No. 767. With reference to the remarks in No. 596, which is identical with the present case, the Board support the Collector's proposal to [redacted] the Enam to Venkiah in lieu of his elder brother, who is said to have died since the date of that report.

No. 770. Before recommending the resumption of this Enam as suggested by the Collector, the Board wish to know the circumstances which, in his opinion, disqualify the son of the deceased's late sister from succeeding to the grant.

No. 772. Recommended to be resumed in default of heirs. The younger sister of the deceased has married into another family, and as she is supported by her husband, her circumstances do not call for an extension of the bounty of Government.

No. 774. Recommended to be resumed in failure of heirs or other claimants.

No. 775. The late holder having left no heirs of her body the Sub-Collector proposes to resume the Enam except that portion which was acquired by gift in 1830 and which he thinks should be continued to the donee's son, but as the deed of gift is proved to be a recent fabrication, the Board concur with the Collector that the entire Enam should be resumed.

No. 779. This Enam consists of two distinct portions, viz. Rupees 5-1-8 are entered in the Survey accounts in the name of deceased's husband and Rupees 8-9-7 were acquired by him by gift at different periods between the years 1809 and 1812. Looking at the long period during which the Enam was under enjoyment, and its trifling value (Rupees 13-11-3) the Board agree with the Collector that it should be continued to Venkama the widowed daughter of the deceased to lapse at her death.

No. 782. The entire Enam in this case is assessed at Rupees 312-15-7 part of which was inherited, part acquired by a bona fide purchase, and part by gift in 1808. On the ground of long possession and the valuable consideration given for a portion of the Enam, the Board support the Collector's proposal for its renewal in favor of the son of the deceased but as the grant was held without Sunnud and is of doubtful title, they would limit it to his life.

No. 783. Recommended to be resumed in default of heirs.

No. 785. The late holder having died without heirs, and the Enam having been recently alienated by him to a person totally unconnected with his family, its resumption is recommended as suggested by the Sub-Collector.

No. 786. A portion of this Enam assessed at 6-7-4 was inherited by the deceased from his late father, who in the early part of the present century was its registered holder and the portion assessed at Rupees 45-7-1 was purchased by him for Rupees 410 prior to the date of the notification prohibiting the alienation of Enams of this description. Looking at all these circumstances, the

Board recommend the grant being continued to Appulreddy son of the deceased subject to report on lapse.

No. 787. In this case, adverting to the long period the Enam was enjoyed both by the deceased and her late husband, who was the registered holder of the largest portion of it at the time of the Survey, and adverting also to the fact that in the year 1839, it was divided between her two daughters who have had possession ever since, the Board support the Sub-Collector's recommendation that the share held by each for more than 18 years be continued to them during the rest of their lives.

No. 794. As the late holder who succeeded to this Enam through her late husband, had no power to alienate it to her brother, who belonged to a different family from that of her husband; and as the other claimant has failed to establish his claim to any portion of it, the Board concur in the recommendation of both the Collector and Sub-Collector for its resumption.

No. 795. On the death of the grand daughter of the registered holder, this grant was taken possession of by her foster son (the deceased) who was then probably residing with her, and who retained it till his decease in 1851, and as succession through a foster son is inadmissible, the Board recommend the Enam being assessed to the revenue.

No. 796. Though the circumstances of this Enam are somewhat analogous to those of No. 794, the Board, on the ground of long enjoyment, recommend its continuance to Soobiah great grand son of the original grantee for life. The Enam having in 1837 been improperly alienated by Alehumah, who is still living, to her two brothers, deceased and the said Soobiah, by whom, it is presumed, she has hitherto been supported the Board see no reason to restore any portion of it to her.

No. 798. With the exception of the Enam land situated in Chinna Gondla all the others, which the Survey accounts shew to have belonged to the deceased's husband and his ancestors might, the Board think, be continued to her nephew Booshiah for life as suggested by the Collector on the ground of his having held possession since 1826 in virtue of a deed of gift proved to have been executed in his favor by the deceased.

With regard to the land in Chinna Gondla, beyond the entry in the *recent* enamaty accounts, no documentary evidence has been adduced to shew that it was granted in gift to the claimant' father. This being the case, the Board do not feel warranted in supporting the Collector's proposal for its continuance, but think the moiety of it, which has lapsed, should be incorporated with the Government lands.

No. 803. This Enam having been partly inherited from the registered holder who was great grand father of the deceased, and partly acquired by a bonâ fide purchase, its continuance to his son during his life is recommended.

No. 804. The party who lays claim to this Enam being of a different family from that of the registered holder, and not entitled therefore to succeed, the Board recommend its resumption in default of heirs.

No. 805. Considering that the Enam was regularly transmitted to the last holder from the original grantee and has been enjoyed for many years, the Board concur with the Collector that it should be continued, for life, to Lutchmucka, an aged widow of one of the registered holders, who appears to be the only surviving member of the family.

No. 810. This case comprises three different grants one of which is said to have been conferred as compensation, and two others, for service which is no longer performed. Besides this, the family is in good circumstances. The Board see no reason therefore for continuing these Enams any longer, and accordingly recommend their immediate resumption.
