*Proceedings of the Madras Government, Revenue Department,
27th January 1876.*

No. 231. Read the following letter from Lieutenant-Colonel R. H. REDDOME, Conservator of Forests, to the Hon. D. F. CARMICHAEL, Secretary to Government, Revenue Department, dated Madras, 15th January 1876, No. 795 :—

I HAVE the honor to inform you that it is my intention that Mr. H. Gass, who has just joined this department as a trained Assistant from Germany, shall ~~usually~~ be appointed to the Salem Range; but as he has been thoroughly well trained in the highest standard of forest surveying, he may be, from time to time, employed on work of this nature. He has commenced regular study with a Tamil Moonshee, and is now employed in visiting the Government Museum and Gun Carriage Manufactories to obtain some insight into our forest-products and timber, &c. I propose that he shall proceed shortly to Ootacamund for three or four months study in the language, and when there he will be placed under the Deputy Conservator to learn our system of accounts, reports, and general routine, &c., as well as visiting different plantations on the hills and at Nellambur, Muddumullay, &c. By the G.O., No. 1,813, of the 31st December 1875, I perceive that there will be no difficulty about his drawing travelling allowance; but I would rather not make a precedent by allowing him to draw it the whole time that he may be under tuition or before joining a range. I request sanction, therefore, that he may draw mileage as far as Ootacamund, and that the period for which he draws his fixed travelling allowance may be left to my discretion and sanction.

No. 232. ORDER THEREON, 27th January 1876, No. 115.

Forests, No. 13.

The Conservator's proposals are approved and sanctioned. The necessity of early qualifying in the vernacular should be impressed on all officers.
