over to the Municipal Commissioners of Palamcottah two plots of ground adjoining

the new market, and situated to the north of the town on the site of the old fort ramparts. The Commissioners propose to erect a cart-stand on a portion, and to dispose of the remainder for building-sites which are much required.

2. The ground is not likely to be required for any public purpose. A plan of the same is herewith forwarded.

Acting Under-Secretary to Government.

ENCLOSURE No. 1.—Plan.

THE Board are not prepared to support this application without further information.

2. They have recommended that 11,154 square-yards of ground should be given to the Municipality for a market-site, and it may be possible that a little more may be wanted for the convenience of traders; but they can see no reason whatever for giving up land to be used for building-sites. If the land ought to be used for that purpose, the proceeds should go to Government and not to the Municipality.

3. Moreover, the Board believe that it has been considered desirable in the interest of the town that the space should be kept open, and that money has been spent on it by Government with this view.

No. 135. ORDER THEREON, 10th August 1870, No. 1,201.

Miscellaneous.

THE Government resolve to grant to the Municipal Commissioners of Palamcottah so much of the available land adjoining the site allotted for the new market as will suffice for the erection of a cart-stand.

*Proceedings of the Madras Government Revenue Department,
10th August 1870.*

2. If the remaining portion of the land is required as sites for buildings, it should be sold in convenient lots and the proceeds credited to Government.
