*Proceedings of the Madras Government, Public Works Department,
30th April 1869.*

No. 743. Read the following letter from the Acting Controller of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 13th March 1869, No. 5,197 :—

1. Adverting to the Proceedings of Government in the Revenue Department, No. 3,016, dated 18th December 1867, referred to in G. O. of the Public Works Department, No. 3,955, dated 21st December 1867, I have the honour to state that neither the receipts, as contributions, nor the outlay from those receipts, on account of the Streeviguntum Anicut in the Tinnevely District, appear in the Accounts of the Public Works Department.

2. This work, as estimated for, is, I believe, under execution from Imperial* Funds and Local contributions, and in order to the entire outlay upon it, both by Public Works Officers and the Revenue authorities of the district, being recorded in the Public Works Accounts, it is absolutely necessary, that in accordance with rule, the contributions should be credited, as received, to this Department, and the outlay from that source debited to the work.

3. This procedure will in no way interfere with the arrangement proposed by the Collector in his letter† to the Board of Revenue, No. 626, dated 13th November 1867, as the whole of the contributions received may be placed at his disposal through the Superintending Engineer in the usual way.

4. Should the Government determine upon adopting the course suggested in paragraph 2, I request that, to enable me to embody the transactions in my annual Accounts for 1868-69, the Collector of Tinnevely may be instructed to furnish me with a statement of the contributions received on account of the anicut from the commencement up to the 31st March 1869, and of the outlay thereon from that source for the same period. Any balance which may remain in the hands of the Collector on the 31st instant, from private contributions, should be made over to the Public Works Department, which will arrange for supplying the Collector with funds for the ensuing year.

5. The early orders of Government are respectfully solicited upon this reference.

No. 744.

ORDER THEREON, 30th April 1869, No. 1,417.

IRRIGATION, No. 23.

1. The Government are of opinion that, under the circumstances explained by the Controller of Public Works Accounts, it is necessary that contributions in aid of the Streeviguntum Anicut works and all disbursements therefrom should be brought into the accounts of the Public Works Department, and the Controller will accordingly take the requisite measures for so dealing with them.

Streeviguntum Anicut Works.—Order of the subject of bringing into the accounts of the Public Works Department, the contribution in aid of it, communicated to Revenue Board.
