Proceedings of the Madras Government, Revenue Department,
31st March 1877.

Famine Relief.

No. 943. Read the following Proceedings of the Board of Revenue, dated 22nd March 1877, No. 1305:—

Read the following letter from J. H. MASTER, Esq., Collector of Bellary, to H. E. STOKES, Esq., Secretary to the Board of Revenue, dated Kalyanadroog, 15th March 1877, No. 187:—

I HAVE the honor to forward, for the sanction of Government, an approximate estimate of Rupees 20,389 for the construction of a road between the villages of Bavihally and Medarhally in the Sondoer Territory.

2. The estimate has been framed by Mr. Supervisor Power, and has the approval of the District Engineer.

3. The necessity for the proposed road is shown in the enclosed copy of a letter, No. 69, dated the 26th December last, from the Agent to the Rajah of Sondoer, to the District Engineer.

4. The work is advanced already fair towards completion.

ENCLOSURE No. 1.

From J. MACARTNEY, Esq., Agent, to W. B. LEGGATT, Esq., A.I.C.E., Officiating District Engineer, Bellary, dated Sondoer, 26th December 1876, No. 69.

As I fully expect that the work at the Cunihally pass will be completed in 15 days, or thereabout, and with the view of securing further employment for the people in and around this District,

District

Proceedings of the Madras Government, Revenue Department,
31st March 1877.

Enclosure No. 2.—Estimate.

The estimate will be submitted for the sanction of Government. The work is far advanced. Attention is called to the remarks explanatory of the high rates in the estimate.

(True Copies and Extract.)

(Signed) H. E. STOKES,
Secretary.

No. 944.

ORDER THEREON, 31st March 1877, No. 1,285-B.

Miscellaneous.

With the above Proceedings the Board forward an estimate for making a road, not quite seven miles long, between two villages in the Sandur Territory, called Banahalli and Madarhalli, at a cost of rather over 20,000 Rupees. The Collector in forwarding the estimate points out that the work is already far advanced towards completion.

2. Apart from the fact that the almost completion of the road puts it out of the power of the Government to object to its execution to any purpose, it is to be observed that as the road lies within the limits of a Native State some arrangement should have been come to before the work was commenced as to the share

To Mr. B. Leggatt Esquire
A. B. C.

Officiating Dist. Engineer

Sir

Bellary

As I fully expect that the work at the Churghally Pass will be completed in 15 days or thereabout and with the view of securing

securing further employment for the people in and around this District, I have the honor to request that you will be so good as to allow Mr. Conductor Power to mark out a line of road through the valley from Churghally to Madarhally on the Hospett road. The present communication with Hospett is some miles round via the Rammanding and Hospett Ghats, and the proposed road would greatly facilitate traffic, if Government should sanction it being carried out.

2. In the event, however, of Government thinking that such a work is not of sufficient general

general benefit to justify its being
undertaken by them, and that the
Raja, himself should at sometime
or other open it out; I purpose to
ask permission to commence the
road on the Githinbath side
towards Lingambally and Antapur
to meet that now in progress of
formation through the Zoontee pass.

This would furnish labor not
only to many of our people, but
also to the inhabitants of Gog,
Gonerepoor, ~~Ng~~lapur and Talloor
near their homes.

I have &c.

 a demand for clearing about 8 times the ordinary
 rate for such work is sufficient, the difference
 would be charge of 10 p/c on the estimate of the work
 done & inside the "seamless" section
 for the road "unusually" - The Dr. says
 will exhibit a small abstract of the estimate at
 the ordinary rates for the formation of soil
 with a small addition of 5 percent for maintenance
