Mis

No. 204. Read the following Proceedings of the Board of Revenue:—

Submitting Report on settlement and collection of revenues of the Madras Presidency in Fusly 1277, and requesting sanction to write off Salt wastage in certain districts. (Here enter 31st March 1869, No. 2,060.)

No. 265. ORDER THEREON, 11th May 1869, No. 1,313.

Land Revenue.

In these Proceedings the Board of Revenue report on the settlement and collection of the revenues of the Presidency for the Fusly (1277) or Revenue year ending 30th June 1868. This report is submitted earlier than that for Fusly 1276, nevertheless the interval between the close of the year under review and the date of the report was nine months. The Government deem it of importance that these reports should be sent in before the close of the calendar year, in which the Fusly year expires, and request the Board to take steps to ensure the adoption of this course in the submission of their future reports. They will recollect that the numerous Revenue reports, furnished in former years, were discontinued, and Board's letter, dated 26th February 1855, No. 461. the one general report of the description Proceedings of Government, dated 12th April 1855, No. 402. now before Government adopted, with the main object of ensuring its submission within a reasonable time after the close of the Fusly to which it relates, and six months would, the Government believe, afford the Board ample time to procure the Collectors' reports, and to compile their general report.

2. The gross revenue of the year amounted to Rupees 625,47,966 against Rupees 655,37,502 in Fusly 1276. The decrease of Rupees 29,89,536 is the result mainly of the very unfavorable character of the season, which rendered necessary large remissions of "Land Revenue". The decrease is also partly to be accounted for by a considerable reduction in the Salt sales, owing to a portion of the natural demand of the year having been anticipated in the previous year in the Kistna and Madras Districts. The charges amounted to Rupees 58,88,753, showing a net decrease of Rupees 22,526 below the expenditure of 1276. The net income of the year thus amounted to Rupees 566,59,213 against Rupees 596,26,223 in Fusly 1276.

3. SEASON.—The season was generally very unpropitious. The fall of rain was copious only in the northern and west coast districts; but the crops in some of the former suffered damage from floods and unseasonable rains; and the north-east monsoon was a failure in the latter. The early rains in two of the northern districts were scanty, and while the later rains proved injurious to the crops in Kistna, they were inadequate for agricultural purposes in Nellore. Of the Ceded

Districts, Cuddapah suffered most from the bad season. The north-east monsoon was almost an entire failure, and scarcity of water for domestic purposes was felt so much that Government were obliged to sanction a special grant of funds for digging and deepening wells. The fall of rain in Bellary and Kurnool was less than that of Fusly 1276; but owing to its having been more seasonable, these districts did not materially suffer. The season was most disastrous in North Arcot, South Arcot, and Madura, in which both wet and dry cultivation suffered very severely from the total failure of the north-east monsoon. The southern districts of Tanjore, Trichinopoly, and Tinnevely did not fare much better; but the steady and regular freshes in the rivers of those districts counteracted in some measure the ill-effects of the want of local rains.

4. **SANITARY CONDITION.**—The sanitary condition of the Presidency, notwithstanding the succession of bad seasons which have occurred, is however very gratifying. The total number of deaths was 357,032 against 583,104 in Fusly 1276; the ratio per mille being 13.95 and 22.35, respectively. The figures in the margin show that the chief epidemics, with the exception of small-pox, have prevailed to a much less extent in the year under report than in the previous year. As the Board remark the attention of late paid to sanitary arrangements at festivals and fairs, where large numbers of persons assemble, must have had a very beneficial effect on the general health of the Presidency. The introduction of the Municipal Act into most of the large towns in the provinces is also an important move in the same direction.

5. **Disease among cattle** also prevailed to a less extent than usual, and the Government notice with pleasure that Veterinary-Surgeon Thacker's remedies have proved successful in many cases.

6. **PRICES.**—Another matter for congratulation as having prevented considerable distress, which otherwise would certainly have been the result of the bad season, is the general fall in the prices of the several grains which constitute the staple articles of food of the population at large, which took place in the year under report. The high prices of Fusly 1276 fell in every case; the decrease ranging from forty per cent. on horse-grain to thirty-four and thirty-two per cent. on cholam and raggy, which two grains are chiefly consumed by the poorer classes. The decrease in the price of paddy was twenty-nine per cent. The price of cumboo was not only lower than that ruling in Fusly 1276 by thirteen per cent., but was also below the average of the previous ten years by two per cent.

7. **Ryots' Holdings.**—The extent of land occupied by the ryots in all the districts, South Canara excepted, was acres 19,005,610, assessed at Rs. 340,70,855 against acres 18,513,593, assessed at Rupees 335,56,515 in Fusly 1276. The increase of acres 492,017, assessed at Rs. 5,14,340 on the whole, was the result of an increase of acres 497,278, assessed at Rupees 5,29,513, under "Dry," and a decrease of acres 5,260, assessed at Rupees 15,173, under "Wet." The increase under

"Dry" is generally owing to a larger extent of land having been taken up for cultivation, although a considerable portion of the increase in the Godavary and Salem Districts was only nominal, being the result of transfers from one head to another. The decrease under "Wet" is chiefly the result *contra* of the transfers to "Dry".

	Fusly 1276.	Fusly 1277.
Assessment on actual holdings	335,56,515	340,70,855
Deduct waste remitted	5,47,164	15,18,913
Remainder	330,09,351	325,51,942
ADD—		
Second crop assessment	5,04,524	4,76,734
Additional assessment	4,96,678	3,91,451
Water-tax	8,27,894	9,40,378
Revenue of South Canara	13,79,731	13,83,138
Deduct remissions	362,18,178	357,43,643
	13,84,061	30,17,981
	348,34,117	327,25,662

8. **RYOTWAR SETTLEMENT.**—The actual Ryotwar Settlement amounted to Rupees 327,25,662 against Rupees 348,34,117 in Fusly 1276 as shown in the margin. There was thus a very large decrease in the Ryotwar Settlement. It amounted to Rs. 21,08,455 as shown below:—

	Increase. RS.	Decrease. RS.
Holdings	5,14,340	
Increase under waste remitted		9,71,749
Second crop assessment		27,790
Additional assessment		1,05,227
Water-tax	1,12,484	
Revenue of South Canara	3,407	
Increase in remissions		16,33,920
	6,30,231	27,38,686
Net	21,08,455	

These figures conclusively show that the unfavorable season has had a considerable effect in diminishing the revenue of the year, notwithstanding the increase of Rupees 6,26,824 under "Holdings" and "Water-tax".

9. **REMISSIONS.**—The almost total failure of the north-east monsoon rendered large remissions necessary. The only head under "Remissions" in which there was a decrease of charge was "Items allowed on the collections, or from the demand of villages". This was owing simply to payments having been made from the treasury on account of Eru and Ditta Inams in the Tinnevely District, in lieu of the usual deductions from the demand.

The commutation of these payments into land is under consideration.

10. **PERMANENT.**—This is a fixed source of revenue, being the aggregate of the sums permanently settled to be paid by the Zemindars and Muttahdars in the Presidency. The increase in the year under report is owing chiefly to the addition made to the annual payments in

	RS.
Fusly 1276	51,28,622

Proceedings of the Madras Government, Revenue Department,
11th May 1869.

some cases on account of quit-rent charged by the Inam Commissioner, which is collected on behalf of Government by the holders of permanently settled estates.

11. **SROTHIEM AND INAM JODI.**—The decrease under this head was the result of a reduction of the quit-rent on certain Inams, as well as of the resumption of Inam lands by the Inam Commissioner, in consequence of the Inamdars failing to appear as required.

Fusly 1276	Rs. 6,69,883
" 1277	6,68,117
Decrease	1,766

12. **MISCELLANEOUS.**—There was an increase of more than a lac of Rupees under Land Revenue—Miscellaneous; the result chiefly of the transfer of rents on trees and gardens in the Tinnevely District from Ryotwar to this head. The suggestion made by the Board in paragraph 37 of their Proceedings to omit from future reports the abstract statement relating to the few Amani villages in South Arcot, Tanjore, and Madura is approved.

13. The total Land Revenue Demand under all heads was Rupees 419,81,948 against Rupees 441,09,027 in Fusly 1276. The decrease amounted to the large sum of Rupees 21,27,879.

14. **SPECIAL PRODUCTS.**—There was an increase in the extent of cultivation of all these products as shown in the margin. The increased demand for these articles coupled with improved communications and the favorable character of the season in South Arcot for the cultivation of the

	Fusly 1276.	Fusly 1277.
	Acres.	Acres.
Sugar-cane	36,788	41,743
Cotton	1,816,944	1,464,745
Indigo	106,518	116,890

Indigo plant have contributed to this.

15. **SUNDY SOURCES.**—The demand on account of Sundry Sources of revenue is shown in the subjoined table:—

Items.	Fusly 1276.	Fusly 1277.	Difference.
Abkarry	54,61,310	53,27,883	— 1,33,427
License-tax	2,56,290	4,77,487	+ 2,21,197
Salt	115,87,979	105,62,247	— 10,25,732
Sea Customs	20,68,505	24,11,354	+ 3,42,849
Land Customs	1,25,800	1,51,606	+ 25,776
Stamps	30,56,643	35,89,001	+ 5,32,358

16. **ABKARRY.**—The decrease under Abkarry is, the Board state, owing to the resale of the farms for sums below the original rents. This explanation is not clear. According to the terms of the Advertisement, all losses which may be sustained by resales are to be made good by the original renters, and these conditions should have been enforced, unless remissions were sanctioned for special reasons.

17. **LICENSE-TAX.**—The increase under this head was the result of the operation of the tax during the whole of Fusly 1277 instead of during a part of the year only, as was the case in Fusly 1276.

Proceedings of the Madras Government, Revenue Department,
11th May 1869.

18. **SALT.**—The demand under this heading, viz., Rupees 105,62,247, though less than that of Fusly 1276 by Rupees 10,25,732, was above the revenue (102,85,487) of Fusly 1275 by Rupees 2,70,760, and was also above the average (Rupees 82,51,075) of the preceding five years by Rupees 23,11,172. The decrease, as compared with Fusly 1276, is chiefly ascribed to the large exportations in that year from Kistna to the Nizam's territories, caused by the high price of the article prevailing there at the time. The extension of the Railway from Bombay to the Central Provinces has been another cause of decrease, as Ganjam Salt formerly found its way to Nagpore, but is now unloaded by Salt from Bombay. There was a large decrease in Madras also in consequence of the two chief merchants having limited their investments, pending the disposal of their purchases of the previous year.

19. The charges of the Salt Department amounted to Rupees 12,80,916 against Rupees 14,14,280 in Fusly 1276. The decrease is the result of the smaller quantity manufactured in Fusly 1277. The per-centage of the charges on the gross revenue rose in Kistna from four to twelve, and in South Arcot from nine to fourteen per cent. This large increase should have been explained by the Board.

20. The net Salt revenue of the year amounted to Rupees 92,78,219, showing a decrease of Rupees 8,91,834 below the net revenue of Fusly 1276; but an increase of Rupees 10,27,144 above the average net revenue of the previous five years.

Demand	Rs. 105,62,247
Deduct balance	3,112
Actual collection	105,59,135
Deduct charges	12,80,916
Net revenue	92,78,219

21. The total wastage of Salt in the year amounted to Indian Maunds 163,566-34, and the Board have properly called for explanation from the Collectors of those districts in which the per-centage of wastage was high. The sanction of Government is accorded for writing off the wastage in those districts in which it was either less than five per cent., or has been satisfactorily explained, amounting to Indian Maunds 70,291 and 2 Seers, as per particulars given in paragraph 51 of the Board's report.

22. **SEA AND LAND CUSTOMS.**—The increase under Sea Customs is owing principally to the revival of the trade of the northern districts, which had suffered a severe check in consequence of the famine of 1866, as also to a general increase in the export of paddy and rice and in the import of betel-nut. The increase under Land Customs occurred in the duties on wines and spirits imported into British territory.

23. **STAMPS.**—The increase under Stamp Revenue was the result of the operation of Act XXVI. of 1867.

24. **DEMAND, COLLECTION, AND BALANCE.**—The total current demand on account of all sources of revenue amounted to Rupees 645,01,506. Of this sum, Rupees 590,15,677, or little more than ninety-one per cent., was collected within the Fusly, and the subsequent collections up to November 1868 amounted to Rupees 38,72,910, leaving a balance of Rupees 16,12,919, or only two-and-a-half per cent.

Land Revenue	Rs. 419,81,948
Sundry Sources	225,19,558
Total	645,01,506

*Proceedings of the Madras Government, Revenue Department,
11th May 1869.*

25. The Government view this result as very satisfactory, considering the highly unfavorable character of the season and the distress which the community at large suffered in consequence. They have noticed the explanations given by the Board for the outstanding balances under the several heads, and no further remarks are called for. The attention of the Board and the Collectors must, however, be drawn to paragraph 23 of the Order, dated 22nd December 1868, No. 3,200, wherein the propriety of enforcing the conditions of the Abkarry leases, and the necessity of watching the collections, so as to prevent the balance exceeding the value of the security lodged, are pointed out.

Demand		No.
Collection	within the Fiscal Year..	34,467
No.	Subsequent, up to } 31st Aug. 1868. }	25,101 4,300
		<hr/> 29,401 <hr/>
	Balance ...	5,066

26. The collection of the revenue of the Neilgherry talook shows a decided improvement, and as the subject is now engaging the attention of the Commissioner, the Government do not deem it necessary to enter into further particulars on the subject.

Demand	Rs.
Product	53,13,831
Collection	38,61,922
Remissions	4,51,402
Subsequent collections and remissions	1,07,881
	<u>44,21,205</u>
	8,92,625

27. DEMAND, COLLECTION, AND BALANCE OF ARREARS.—The total demand on account of arrears amounted to Rupees 53,13,831 at the commencement of the Fusly, and deducting the collections and remissions, both within and subsequent to the Fusly up to 30th November 1868, the balance left was Rupees 8,92,626. Of this, the sum of

Rupees 2,02,160 is stated to be irrecoverable. Rupees 2,02,160

28. The Government have carefully considered the explanation of the grounds on which the balances under the several heads are pronounced to be irrecoverable. The Abkarry balance of Rupees 21,489-0-3 in the Madura District proposed to be struck off is large, and should not have occurred if, as already remarked, timely measures had been taken to realise the regulated kists. As no good end, however, can be served by retaining this sum in the accounts, now that the defaulters are found to be completely insolvent, sanction is granted for writing off the entire amount of Rupees 2,02,160.

29. The particulars given in the Fuslywar statement of old balances under "Not Permanently settled," appended to paragraph 77 of the Board's report, include the sum of Rupees 1,19,311-13-4 already sanctioned to be written off, and the Government have no means of ascertaining the districts in which old items remain unadjusted at the close of the Fusly for which the report is submitted. The Government attach great importance to the prompt and final settlement of these balances, and the Board will, therefore, place such information before them more clearly in their future reports.

*Proceedings of the Madras Government, Revenue Department,
11th May 1869.*

30. The extent to which coercive process was issued during the year for realising the revenue is noted in the		
	Fusly.	Fusly.

Exd. F. R. Bantleman.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 31st March 1869.

The Board resolve to submit to Government their report on the settlement and collection of the revenues of the Madras Presidency, in Fuly 1277 (A. D. 1867-68), accompanied by a file of the printed reports of the Collectors and the usual statements.

2. This statement shows the number of talooks settled under the Ryotwar system, the number of villages comprised in them, and the number of puttahs issued. The number of talooks is the same as in the previous year, but that of the villages is a net decrease of 2,339, resulting from a decrease of 2,384 villages in five districts, and an increase of forty-five villages in the Tanjore district. The large decrease in Tanjore is due to the re-arrangement of the villages and the amalgamation of many small and independent villages preparatory to the introduction of the revised village establishments, in Government Order, dated 8th October 1867, No. 2,359. The decrease in Visagapatam and Cuddapah districts is attributed, in the former, to the abandonment by the ryots of two villages, the lands in which are overgrown with jungle, and in the latter to the conversion of one of the Anna Shrotriem villages into Kayem Jodi village by the Inam Commissioner. The increase in the other districts is the result generally of the transfer of certain villages from other modes of settlement to Ryotwar, and the re-occupancy of villages previously deserted.

Fuslee.	Talooks.	Villages.	Puttaha.
1276.....	154	80,186	23,32,534
1277.....	154	27,847	23,59,325
		Decrease 2,339	Increase 26,791

District.	Increase.	Decrease.
Visagapatam.....	—	3
Cuddapah.....	23	1
Belary.....	1	—
Madras.....	11	—
North Arcot.....	6	—
Tanjore.....	—	2,381
Tinnevely.....	4	—
Total.....	44	2,384
	Net...	2,339

3. The following is an abstract of the number of puttahs issued in Fuly 1277 compared with Fuly 1276:—

Fuslee.	Number of fresh Puttaha.	Old puttahs modified by additional entries.	Old puttahs not altered.	Total.
	No.	No.	No.	No.
1276.....	8,30,081	4,75,239	10,27,214	23,32,534
1277.....	5,26,978	6,69,903	11,62,444	23,59,325
	Decrease 3,03,103	Increase 1,94,664	Increase 1,35,230	Increase 26,791

4. The decrease in the number of fresh puttahs is the result of the present system of giving no new puttah except when it is indispensable. The decrease would have been still larger, but for the large number of puttahs given for the first time in certain Mottahfial villages in Tanjore, in which the Ryotwar system was this Fuly introduced. The large increase under "old puttahs modified by additional entries" is owing, partly to the diminution in the issue of new Puttaha, old puttahs having been altered instead, and partly to the inclusion, in the Puttaha, of the demand on account of Miscellaneous items, and of the full amount of the Road Cess.

5. SEASON.—The season was generally very unfavorable. The Northern Circars and the West Coast Districts were however peculiarly fortunate. In the three Northernmost districts of

Govt. of Madras

REVENUE.

MAY.

Nos. 264-265.

Land Revenue Report for Fuly 1277.—
Board's Proceedings on this subject, reviewed.

Ganjam, Vizagapatam, and Godavery, the fall of rain was copious, though somewhat partial. The Godavery received heavy freshes, the highest known since 1861, namely, 37 feet, and the early dry crops yielded well. The crops in the islands in the bed of the river suffered to some extent, in consequence of the floods. The crops in the Southern parts of Ganjam also sustained damage by a fall of rain in September. In Kistna the season, though an improvement on that which preceded it, was not on the whole favorable. The early rains were neither seasonable nor sufficient and the later rains from August to October, which were very heavy, proved injurious in some localities. In the Delta talooks the annicut channels overflowed, breaching the embankments and flooding a considerable extent of country. The wet crops in them were submerged and damaged. The crops in the Colair islands suffered greatly from deficiency of rain and the ravages of insects.

6. In South Canara and Malabar, the south-west monsoon set in seasonably. The fall of rain was sufficient and continued with occasional breaks from May to September 1867, but the north-east monsoon was a failure.

7. In the Ceded Districts, Cuddapah, Bellary, Kurnool, South Canara, and Malabar, the south-west monsoon set in seasonably. The fall of rain was sufficient and continued with occasional breaks from May to September 1867, but the north-east monsoon was a failure. The crops in the islands in the bed of the river suffered to some extent, in consequence of the floods. The crops in the Southern parts of Ganjam also sustained damage by a fall of rain in September. In Kistna the season, though an improvement on that which preceded it, was not on the whole favorable. The early rains were neither seasonable nor sufficient and the later rains from August to October, which were very heavy, proved injurious in some localities. In the Delta talooks the annicut channels overflowed, breaching the embankments and flooding a considerable extent of country. The wet crops in them were submerged and damaged. The crops in the Colair islands suffered greatly from deficiency of rain and the ravages of insects.

8. In Nellore the early rains were scanty. There was a very copious fall in August, but the later rains were inadequate for agriculture. In the districts noted in the margin the season proved disastrous, especially in the first three. It was, however, so promising in the beginning of the year, that the ryots extended their cultivation very largely. The total failure of the north-east monsoon in some places and the premature cessation of rain in others had the most unfavorable effects on the cultivation both wet and dry. The water supply from all sources became insufficient and the springs and wells already suffering from the effects of successive bad seasons, were reduced to a state from which they have not yet recovered. In Tanjore and Trichinopoly the season was unfavorable, and in Tinnevelly not good. The freshes in the Cauvery and Tambrapurney were regular and steady, and these to a great extent counter-balanced the partial failure of the monsoon.

9. The average fall of rain in the several districts of the Presidency is shown in the following table, in comparison with that of Fusly 1276:—

Districts.	April to September 1867.	October 1867 to March 1868.	Total for the whole year.	Total for the last Fusly.

19. Malabar.....	89.48	7.85	97.33	85.05

10. SANITARY CONDITION.—Notwithstanding the very adverse character of the season, the sanitary condition of the Presidency was comparatively good, a result which though chiefly due to natural causes, may be attributed in some degree to the more general distribution of European Medicine by means of Public Dispensaries, as well as through the Revenue Officers, and in a greater measure to the attention now paid to sanitary improvements generally; especially to the

arrangements made when large numbers are assembled at Festivals and Fairs. Cholera of a mild type prevailed in almost every District, those noted in the margin suffering more than others; but the loss of life from the epidemic was considerably less than in Fusly 1276. Fever and small-pox of a peculiarly virulent type, caused considerable mortality, especially in the Districts noted in the margin. The following abstract prepared from the Mortuary Returns received from the Districts, shows the number of deaths during the past year and the ratio per mille. Compared with Fusly 1276, the number of deaths exhibits an increase only in the District of South Canara, where fever was largely prevalent.

Districts.	Population.	DEATHS.					Ratio per mille.
		Cholera.	Small pox.	Fever.	Other diseases.	Total.	
1. Ganjam.....	12,35,790	343	355	6,038	5,229	11,965	9.68

11. Disease among cattle also prevailed, but not to such an extent as in the previous year. Dr. Thacker's remedies were successfully used in many cases. The sickness induced to a great degree by want of water and forage, was prevalent in the Districts of Nellore, Cuddapah, Salem, and Madura.

12. STATEMENT No. 2.—PRICES.—The following abstract gives the prices of the staple articles of consumption compared with the prices of Fusly 1276 and with the averages of the preceding ten years. From this it will be observed that there was a decline of from 3 to 40 per cent. in the almost famine rates of Fusly 1276 and of the preceding years. The prices of first and second sort paddy fell from Rupees 258 and 231, to Rupees 183 and 164 respectively, and the prices of Cholum, Cumboo, Raggy, and Horse-grass show a decrease of Rupees 107, 28, 95, and 153 respectively, compared with Fusly 1276.

Grains.	Average price per Madras garce for ten years. Fuslies 1267 to 1276.	Fusly 1276.	Fusly 1277.	Increase or decrease in Fusly 1277, as compared with the average.	Percentage of Columns 2 and 5.	Decrease in Fusly 1277 as compared with Fusly 1276.	Percentage of Columns 3 and 7.

Raggy.....	184	297	202	18	10	85	32
Illoce-gram.....	227	386	233	6	3	153	40

13. The price of second sort paddy is compared below with the averages of the three preceding periods of five years, and with the prices of Fusly 1276. The decrease in the prices compared with Fusly 1276, is general throughout the Presidency, but it is very large in the Bellary district, where it amounted to Rupees 122. This is attributed mainly to the better out-turn of the Moongary crops, to large importations from the Nizam's Territories north of the Toombuddra, where the season was remarkably favorable, and to the abundant harvest of the wet crops, in the preceding year.

Districts.	PRICE OF GARCE.

Ryots' holdings—Statement No. 2.

14. This statement and its two enclosures embody the particulars of the ryots' holdings, cultivation and settlement. An abstract of it is subjoined, in which the particulars for South Canara are entered separately as usual; the extent of land under occupancy in that district is not known:—

Items	Dry.		Wet.		TOTAL.	
	Extent.	Assessment.	Extent.	Assessment.	Extent.	Assessment.
	Acres.	Rs.	Acres.	Rs.	Acres.	Rs.
Holding at the beginning of Fusly 1277.	1,49,40,073	1,62,54,914	35,73,520	1,73,01,601	1,85,13,593	3,35,56,515

Add the Beris of South Canara, for which no particulars can be had.....						13,83,138
Total...	1,51,34,514	1,64,96,167	32,97,022	1,60,55,776	1,84,31,536	3,39,35,081

15. The holdings at the commencement of the Fusly as entered in the above abstract, will be found to differ from those entered in the like abstract for Fusly 1276 by Acres 1,000. This difference occurs in Madras, and is the result of incorrect entries made in the accounts of Fusly 1276 now rectified. The holdings of Fusly 1277 compared with those of the previous year exhibit an increase of Acres 4,92,017, assessed at Rupees 5,14,340, being the result of a gross decrease of Acres 5,260, assessed at Rupees 15,173, under wet, and a gross increase of Acres 4,97,278, assessed at Rupees 5,29,513, under dry. The increase under dry occurs in almost every District except Tinnevely, and is due to a larger extent of lands having been taken up in anticipation of a good season. The large increase in the District of Godavery is owing to the transfer of wet lands erroneously classified as such, to dry, under the orders of the Board dated 26th March 1867, No. 1907, and the increase in Salem also is nominal, consisting as it does of old well garden lands, transferred to dry, under Government Order, dated 1st July 1867, No. 1,458. In Bellary the increase is owing to the early rains having been favorable to the Moongary dry crops, and in South Arcot it is due to the transfer of six Amany Villages to Ryotwar and to the extension of cultivation. The decrease in Tinnevely is attributed to the large extent of unprofitable land relinquished by the Ryots pending a revised classification.

	Increase.
	Acres.
Godavery	75,205
Salem	61,505
Bellary	65,403
South Arcot	63,868

16. The extent of wet lands shows a net decrease of 5,260 Acres. The large decrease in Salem and Godavery is owing to transfer to dry as explained in the preceding paragraph. The decrease in the other Districts is small and needs no remark.

	Decrease.
	Acres.
Salem.....	18,744
Godavery	6,460

17. WASTE CHARGED.—The item "Waste charged" exhibits an increase of Rupees 85,707 in four Districts and a decrease of Rs. 4,91,798 in fourteen Districts. The increase is large in Madura and Tanjore, and is the result of the more rigid enforcement of the rule that all wet

	Increase
	Rs.
Madura	37,685
Tanjore	26,024

lands left waste from causes not strictly beyond the control of the Ryots, shall be charged. In Madras and North Arcot there is a very large decrease, and it occurs chiefly under wet, the failure of the monsoon having been more complete in these Districts than elsewhere.

	Decrease. Rs.
Madras	1,44,486
North Arcot	1,04,927

18. ACTUAL CULTIVATION.—The extent of actual cultivation exclusive of waste charged, shows a net increase of 4,40,857 Acres, but in the assessment there is a net decrease of Rupees 47,909. The large increase was under dry cultivation. In Bellary alone this increase amounted to 1,19,057 Acres, and is owing to the extension of cultivation in consequence of the favorable character of the early rains. The extent of wet cultivation shows a decrease of Acres 1,26,369 assessed at Rupees 5,99,214. The decrease was considerable in the Districts noted in the margin, and it was caused by the failure of North East Monsoon.

	Assessment. Rs.
Nellore	73,785
Cuddapah	87,067
Bellary	1,07,553
Madras	70,180
North Arcot	1,46,123
Salem	66,666

19. The final settlement of the Presidency in comparison with Fusly 1276 is shown in the following abstract. It includes the Land Revenue demand of South Canara:—

	FUSLY 1276.		FUSLY 1277.		INCREASE.		DECREASE.	
	Extent.	Assessment.	Extent.	Assessment.	Extent.	Assessment.	Extent.	Assessment.

Total		3,81,78,511		3,61,80,972				19,97,539

20. The fluctuations in the actual occupancy having been already explained, the other items will now be briefly noticed.

21. 2ND CROP CULTIVATION.—The Assessment of the second crop cultivation shows a net decrease of Rupees 27,790 the result generally of the adverse season already alluded to.

22. ADDITIONAL ASSESSMENT.—Under "Additional Assessment" there is a net decrease of 1,05,227 Rupees, resulting from a gross decrease of 1,07,167 Rupees in twelve districts, and a gross increase of Rupees 1,940 in three others, a result chiefly due to the failure of seasonable rains.

23. WATER TAX.—In Fusly 1276 this item appeared in the accounts of only seven districts, but in the year under review it appears in that of Tanjore also. The net increase amounted to Rupees 1,12,484. The largest increase occurs in the Godavery District and is owing chiefly to the irrigation of dry crops in parts of the district in consequence of the failure of rains. In Bellary and Madras this item of Revenue shows a decrease.

24. STATEMENT No. 4.—This Statement exhibits the particulars of remissions from the gross demand. These remissions amounted to Rupees 45,36,893 or Rupees 26,05,667 above those of Fusly 1276.

Items.	Fusly 1276.	Fusly 1277.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Waste remissions as per statement No. 3	5,47,165	15,18,912	9,71,747	
Abstract of Statement No. 4. Occasional remissions	5,70,761	22,31,759	16,60,998	
Fixed do.	96,437	97,801	1,364	
Items allowed on the collections or from the demand of villages	7,16,863	6,88,421		28,442
Total	19,31,226	45,36,893	26,34,109	28,442
		Net...	26,05,667	

25. WASTE REMISSION.—The item "Waste remitted" shows a net increase of 9,71,747 Rupees and is the result of a gross increase of Rs. 10,06,580 in thirteen Districts and a gross decrease of Rs. 34,833 in three Districts. The almost entire failure of the rains rendered relief unavoidable, and large remissions were granted under the special instructions of the Board. The amount thus remitted was especially large in the Districts noted in the margin. The decrease in the remissions under this head appears only in the Districts of Tanjore, Madura and Ganjam, and is comparatively unimportant.

	Increase. Rs.
North Arcot	2,50,625
Madras	2,00,855
South Arcot	1,06,480
Cuddapah	1,00,629
Coimbatore	64,740
Nellore	79,619
	Decrease. Rs.
Tanjore	13,839
Madura	11,854
Ganjam	9,590

26. The occasional remissions are granted at the annual Settlement with reference to the season and are consequently fluctuating. They amount to Rupees 22,31,759 or Rupees 16,60,998 over Fusly 1276. The increase is owing to the peculiarly unfavorable character of the season. The utmost care was taken in granting these remissions to ensure that the losses sustained by the ryots were not over-estimated and that relief was given only when necessary.

27. The amount of fixed remissions shows an increase of 1,364 Rupees. This is chiefly owing to an increased extent of land having been given away under the Tope rules, with remission of assessment for a certain number of years.

28. The third head of remissions consists of deductions from the settled demand. It shows a net decrease of Rupees 28,442. This is owing mainly to the discontinuance of the remission on account of Eva and Ditta Inams in the Tinnevely District under the Orders of Government, dated 2nd April 1868, No. 883, sanctioning cash payment from the Treasury pending the commutation of the kistbundy beris deductions into grants of land. The particulars of remissions on account of the road and village service cesses are embodied in enclosure B of Statement No. 3. The Collectors of Madura and South Canara have evidently omitted to show the additions and deductions on account of the road cess, and they will be called upon to exhibit them in their future returns.

29. The deductions on account of the village service cess shows a decrease of 36,478 Rupees owing to the diminution in the settled revenue of the year. The Collector of Trichinopoly has again omitted to show the collections on account of the 6½ per cent. village cess notwithstanding the special instructions given to him on the subject.

30. The following abstract shows the entire Land Revenue demand of Fusly 1277 compared with that of Fusly 1276 under each minor head.

Items.	Fusly 1276.	Fusly 1277.	Difference.

	Total.....	13 11 2
		8 0 11
		5
		11,238

32. The decrease in the district of Malabar is the last list of the Peishcush payable by the Rajah of Cananore hitherto included in the Demand for the Fusly although not actually due till two months after, but now transferred for the first time to the following year.

33. SHROTRIEM JODI.—The demand on account of this item shows a net decrease of Rupees 1,766 resulting from a gross increase of Rupees 5,625 in four districts and a gross decrease of Rupees 7,391 in eleven districts. The increase is generally due to the quit-rent charged by the Inam Commissioner on Inams newly enfranchised during the year, and the decrease is owing to the reduction of the quit-rent on certain other Inams as well as to the resumption of Inam lands by the Inam Commissioner in consequence of the Inamdars failing to appear as required.

	Increase.	Decrease.

34. RYOTWAR.—The demand under "Ryot- war" shows a net decrease of Rupees 22,33,184, the result of a net increase and decrease as noted in the margin. The large fall of revenue in eleven districts is in consequence of the bad season as already explained. The large increase in Godavery is owing to lands taken up in conse- quence of the full supply of water in the anni- cut channels—more than half of the increase is in the water tax and is the result of the irriga- tion of dry crops in places where the rains prov- ed insufficient.

35. MISCELLANEOUS STATEMENT No. 5.—The Miscellaneous items of Fusly 1277, show a net increase of Rupees 1,01,634. The increase is large in the items noted in the margin. The increase in all the items occurs chiefly in the Tinnevely District and is only nominal as it is the result simply of transfers this year from Ryotwar. The enhancement of revenue under the third head occurs in Madura, and is due to certain waste lands in the Sub-Division, which were enclosed by the ryots and retained by them exclusively for grazing, having been charged in the year under report, in accordance with the instructions of the Board dated 24th February 1865, No. 1,129. The items noted in the margin show a considerable decrease. The falling off in the first item is generally due to the abolition of Pulery under Government Order dated 13th November 1867, No. 2,676. The decrease in the second occurs in Nellore, and is owing to the deposits of the previous years on account of Urtawar Russums having been brought to account in Fusly 1276, and that in the 3rd which appears chiefly in Tinnevely is left unexplained by the Collector. The decrease under the 4th item is the result of the transfer of certain Amany villages in South Arcot and Tanjore to Ryotwar.

36. The subjoined abstract shows the lands held on Cowle in Fusly 1277. The extent of lands newly taken up was acres 4,571, assessed at Rupees 6,132, and the net beris after deduct- ing the Waste and Cowle remissions amounted to Rupees 16,717:—

37. The following is an abstract of the Cultivation and Settlement of Amany villages in South Arcot, Tanjore and Madura. The Board would suggest the omission of this statement in their future reports as it is hardly worthwhile continuing to exhibit as limited a transaction. The table in the mar- gin shows the ready money collections on account of them. The demand for Fusly 1277 amounted to Rupees 2,252, and the ready money realisations to Rupees 1,724 or Rupees 5,842 less than in Fusly 1276.

42. The subjoined abstract shows the average assessment per acre on the extent of actual cultivation, exclusive of the land charged for, but left waste, entered in Statement No. 3:—

43. The following is a Comparative Abstract of the demand from Sandry Sources of Revenue:—

Sources of Revenue.	Fusly 1276.	Fusly 1277.	Increase.	Decrease.
	RS.	RS.	RS.	RS.
1. Abkarry	54,61,340	53,27,863		1,33,477
2. License Tax	2,56,290	4,77,487	2,21,197	
3. Salt	115,87,979	105,62,247		10,25,732
4. Sea Customs	20,68,505	24,11,354	3,42,849	
5. Land Customs	1,25,830	1,51,606	25,776	
6. Stamps	30,56,643	35,89,001	5,32,358	

44. **ABKARRY.**—The Abkarry demand is less by 1,33,477 Rupees than in Fusly 1276. The decrease which is large in the Districts noted in the margin, is owing to the smaller sums given for Farms which were re-sold. The heavy losses sustained by contractors in the previous year, when many farms were purchased different, and the demand increased by Rupees 19,379.

45. **LICENSE TAX.**—The demand on account of License Tax shows a net increase of Rupees 2,21,197. Act XXI. of 1867 was in operation during the whole year, instead of during a part of the year as in Fusly 1276. In a few Districts there is a decrease because some of the collections were made in advance in the previous year.

Cuddapah	50,924

Nellore.
Kurnool.
Tanjore.
South Canara.

46. **SALT.**—The salt demand is less than in the previous Fusly by Rupees 10,25,732. There is a decrease in every District except Tanjore and Madura, and it is large in the Districts noted in the margin. In Kistna there were unusually large exportations into the Nizam's territories in Fusly 1276, caused by the high price which salt commanded there at the time. In Ganjam the Brinjary trade fell off because large quantities of Bombay salt were carried into the Central provinces by the Railway, which had been extended. In Madras the decrease arose chiefly from a diminution in wholesale transactions and exports. Under the former head alone the decrease amounted to nearly a lac and a half of Rupees. So large a quantity of salt had been purchased in the previous year by two of the principal merchants, that much of it remained stored along the line of rail at the end of the Fusly. The increase in Tanjore and Madura is accounted for by the facilities afforded to traffic by the extension of the Railway to Erode, and the opening of the Salt canal between Vadarniem and Negapatam.

Remaining balance...	95,33,430	96,10,067	76,637	...

48. The balance in store at the beginning of the year amounted to 95,33,430 Indian Maunds. The quantity of salt manufactured and brought into store amounted to Indian Maunds 69,10,693, making the quantity available for sale, Indian Maunds 164,44,123. This quantity is less than that available in Fusly 1276 by Indian Maunds 13,56,161. The quantity manufactured decreased chiefly in the districts noted in the margin. In Madras owing to the entire failure of the north-east monsoon and the scantiness and insufficiency of the freshes the Ennore bar remained unopened till opened late in the season by artificial means. The absence of any tidal flow into the backwater proved a great impediment to the work. In Ganjam, the manufacture diminished in consequence of the failure of the demand. In Kistna the quantity manufactured increased by 4,22,526 Indian Maunds.

	Decrease.
	Indian Maunds.
Madras	9,45,458

51. The wastage of salt in Fusly 1276 which Government allowed to be written off, amounted to Indian Maunds 1,71,053-19, but the adjustment was not made because the sanction of Government did not reach the Collectors until after the accounts were closed. Hence this quantity is again included in the balance shown as remaining in store at the close of Fusly 1277. The wastage which the Collectors now propose to write off amounts to Indian Maunds 1,63,566-34.

Ganjam.....	4.29
Vizagapatam ..	1.15
Nellore	2.54
Tanjore.....	2.02
Malabar... ..	0.81

In the districts noted in the margin, the percentage of salt lost by wastage is less than 5.

In Madura and South Canara it is a little more than 5, and in the districts noted in the margin it ranges from 6.51 to 7.68. The

Collector of Godavery alone has explained the

Godavery... ..	7.36
Kistna	6.51
Madras.....	6.50
South Arcot.....	7.23
Tianorelly.....	7.68

cause of this large percentage, and in the absence of satisfactory explanation from the other Collectors, the Board cannot support the proposal to strike out the wastage for their Districts from the accounts. The Collectors are therefore directed to report under what circumstances the percentage

	Rs. Mds.	Score
Ganjam.....	16,653	3
Vizagapatam	884	20
Godavery	19,069	0
Nellore	7,588	0

Madure	6,834	11
South Canara	14,474	11
Malabar	423	0
	<hr/> 70,391	3

of wastage rose so high and what exceptional causes tended to produce this result. The large

percentage in Godavery is due to the storage of Salt belonging to Fusly 1275 with incorrect weighing machines and the sale of it with improved ones subsequently received. The

sanction of Government is requested for writing

off the wastage in the districts noted in the margin, amounting to Indian Maunds 70,291 and 2 Seers.

52. The following is an abstract of the financial transactions of the Salt Department in Fyso 1277 in comparison with those of the previous year.

Items.	Fuly 1276.	Fuly 1277.	Increase or Decrease.	Percentage.
	Rs.	Rs.	Rs.	
Gross Revenue	1,15,73,397	1,05,51,999	—10,21,398	— 9.68
Miscellaneous	10,936	7,138	— 3,798	—53.21
Total	1,15,84,333	1,05,59,137	—10,25,196	— 9.71
Deduct charges.....	14,14,280	12,80,916	— 1,33,364	—10.41
Net Revenue.....	1,01,70,053	92,78,221	— 8,91,832	— 9.61

53. The entire Salt revenue of the Presidency inclusive of Miscellaneous items amounted to Rupees 1,05,59,137 or Rupees 10,25,196 below the Revenue of Fuly 1276. The causes of this large decrease have been already noticed. The charges amounted to Rupees 12,80,916 and were Rupees 1,33,364 less than those of the preceding year, owing chiefly to the smaller quantity

manufactured. In the following table the charges for the different districts are compared with those of Fusly 1276:—

Districts.	Fusly 1276.		Fusly 1277.		Increase.	Decrease.
	Charges.	Percentage in the gross revenue.	Charges.	Percentage in the gross revenue.

55. SEA CUSTOMS.—The Sea Customs collections amounted to Rupees 24,11,354 or Rupees 3,42,849 more than in Fusly 1276. They improved in all the districts except Kistna, Tanjore, Madura, South Canara and Malabar, in consequence of a revival of the trade at the Northern Ports which had failed temporarily in consequence of the Famine of 1866, and of a general increase in the export of paddy and rice and in the import of betelnut. The decrease which occurred in some districts arose mainly from the decrease in the export of Piece goods and Railway Stores.

56. LAND CUSTOMS.—Land Customs are collected only in the four districts noted in the margin. They amounted to Rupees 1,51,606 or Rupees 25,776 more than in Fusly 1276, and the increase was chiefly in the duties on wines and spirits imported into British territory.

Godavery.
South Arcot.
Tanjore.
Malabar.

57. STAMPS.—The stamp revenue exhibits an increase of Rupees 5,32,353 or 17 per cent., the result of the new provisions contained in Act XXVI. of 1867.

58. The entire demand on account of all sources of Revenue was Rupees 6,45,01,506 or Rupees 1,61,108 less than in Fusly 1276.

59. The following abstract shows in one view the particulars of current Demand, Collection and Balance of all sources of Revenue for the Fusly:—

Items.	Current demand.	Collections.	Balance.	Subsequent Collections and Remissions upto 30th November 1868.	Balance.

Grand Total ...	6,45,01,506	5,90,15,677	54,85,829	38,72,910	16,12,919

60. Of the entire current demand Rupees 6,45,01,506, Rupees 5,90,15,677 was collected within the year, leaving a balance of 54,85,829 which was reduced by subsequent collections and remissions to Rupees 16,12,919 by the end of November 1868.

61. The balance under "Permanently Settled" amounting to Rupees 4,67,679 appertains to the Districts noted in the margin. The large amount in Madura is due from the Zemindars of Ramnad, Sivagunah, etc. The Ramnad landholder has been permitted to pay the amount by instalments under the Order of Government, dated 25th August 1868, No. 2,251. The sums due from the other Estates are small and will be realised at an early date. The balance in North Arcot is also large: the Zemindars of Calastry and Arcot are also large: the distresses which want of rain had produced in their result from the same cause. The balances in the remaining districts are small and

Vizagapatam	Rs.
Godavery	1,094
Kistna	8,363
Madras	8,888
North Arcot	8,266
South Arcot	85,920
Madura	41
Salem	8,41,468
Malabar	24,470
	250
	4,67,679

Punganur fell into arrears in consequence of the distresses which want of rain had produced in their result from the same cause.

1. North Arcot	Rs.
2. Madras	7,479
3. Salem	4,023
4. Bellary	2,531
5. Tinnevely	2,356
	8,421

in some cases to the non-distribution of Title-deeds by the Inam Commissioners.

62. The balance under "Shrotriem Jody" is Rupees 32,791. The arrears are large in the districts noted in the margin, and are owing generally to successive unfavorable seasons, and in some cases to the non-distribution of Title-deeds by the Inam Commissioners.

63. The Ryotwar balance, Rupees 6,11,971, is contributed to by all the districts. In North Arcot the balance amounts to Rupees 2,03,579 caused by the character of the season. The provisions of the Revenue Recovery Act had to be kept in abeyance until the remissions had been settled. In most of the districts the ryots withheld payments in the expectation that the season would be so adverse that large remissions would be granted, and when in some cases the season improved and these expectations were disappointed, they had not the means of meeting the large demand against them before the close of the Fusly.

64. The balance on account of "Land Revenue Miscellaneous" amounts to Rupees 3,50,613 and is shared by all the districts except Malabar. It is considerable in the districts of Godavery, Kistna, and North Arcot. None of the Collectors have given any explanation on this score. They will be requested to make their future reports more complete.

65. The Abkarry balance amounts to Rupees 1,49,024 and is distributed among the districts noted in the margin. In Salem the Renter was allowed time to enable him to collect his Sub-renters' outstandings. In Madura, loss was incurred by the re-sale of five out of the eight Abkarry farms, and some of the renters fell into arrears in consequence of heavy losses occasioned by the bad season. The balances in the remaining districts are generally due more or less to the same cause.

66. The balance of Rupees 841 under Salt appertains to Bellary and is due on account of Earth Salt.

67. The Demand, Collection, and Balance of the Neilgherry Talook is entered below. The total revenue of Fusly 1277 amounted to Rupees 31,467 against Rupees 28,907 in Fusly 1276. The increase of Rupees 5,560 arose chiefly from the large extent of land sold under the Waste Land Rules charged with assessment and brought to account.

Items.	Demand for Fusly 1277.	Collections within the Fusly.	Balance.	Subsequent collections up to 31st August 1868.	Balance.
<i>Land Revenue.</i>					
Ryotwar	Rs.	Rs.	Rs.	Rs.	Rs.
Land held by Burghers and other hill tribes	16,954	16,822	132	4	128

<i>Miscellaneous.</i>					
1. Quit-rent on house properties	4,247	3,153	1,094	653	441
2. Revenue on lands not included in the Jum-mahbundy	3,005	1,915	1,090	3	1,087
3. Other items	106	106			
Total...	7,358	5,174	2,184	656	1,528
Grand Total..	34,467	25,101	9,366	4,300	5,066

68. Out of the total demand of Rupees 31,467, the sum of Rupees 25,101 was collected within the Fusly and Rupees 4,300 subsequently up to 31st August 1868 leaving a balance of Rupees 5,066 at the beginning of September 1868. There is an improvement visible in the collection of the revenue due from European landholders on the hills, and as the subject is now engaging the attention of the Commissioner, the Board deem it unnecessary to dwell upon it further.

69. The Demand, Collection, and Balance of the arrears of land and other sources of revenue are shown in the following table:—

Items.	Demand.	Collections.	Remissions.	Subsequent collections and remissions.	BALANCE.		
					Recoverable and doubtful.	Irrecoverable.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs. A. P.	Rs.

Abkarry	9,02,551	6,47,722	1,65,526	25,993	41,652	21,657 12 7	63,310
Salt.....	5,373	2,994	53	408	1,877	38 12 6	1,916
Total...	53,13,831	38,61,922	4,51,402	1,07,881	6,90,466	2,02,160 3 5	8,92,626

70. The outstanding balance at the beginning of Fusly 1277 was Rupees 53,13,831, deducting however the collections and remissions within the Fusly, the balance at its close was Rupees 10,00,507. This was further reduced by subsequent collections and remissions to the amount of Rupees 8,92,626. Of this last balance Rupees 9,90,466 is stated by the Collectors to be recoverable or doubtful, and the remainder irrecoverable.

71. The irrecoverable balance under the head "permanently settled," amounts to Rupees 1,016-3-4 and is distributed among the three districts noted in the margin. The balance in Godavery is due from the estates of Billumilly and Bayanagudem for Fusly 1276, it is the sum withheld as in former years, because the repairs to the Byanna Calingulch have not been completed. The balance in Madras is due from the Mambalam Muttah, and consists of the arrears on two pieces of land taken up by Government and given over to other parties. One of these blocks forms part of the Government farm; the arrears must therefore be written off. The assessment on the other was collected and carried to account under the head "Miscellaneous" like other quit-rent collections, instead of being credited to the Muttah. The Collector promises shortly to submit propositions for the permanent reduction of the Peishcush on this Muttah. The balance in South Arcot is a portion of the Peishcush on a Muttah village the collection of which is suspended because some of the land has been taken up for Public roads. The Collector in his report solicits sanction for reducing the Peishcush of this Muttah and the Jodi on a Shrotriem village from which land has been taken for an irrigation channel. He will address the Board separately on the subject.

72. The irrecoverable balance under "Shrotriem Jodi" occurs in the eight Districts noted in the margin. In almost all cases the balance consists of quit-rent once charged by the Inam Commissioner, but afterwards reduced on appeal or of sums erroneously brought to account by the talook officials, under the impression that the Inamdars concerned had agreed to enfranchise their Inams although they had not done so.

73. The irrecoverable "Ryotwar" and "Miscellaneous" balances have been carefully scrutinized by the Collectors. They amount to Rupees 1,75,512-4-0, a sum much greater than that for the preceding year. This is partly due to the fact that no sums were then written off in the Madras district.

74. The irrecoverable Abkarry balances occur only in the two districts noted in the margin, and the Collectors recommend that they be written off the accounts because the parties from whom they are due possess no property. The balance in Madras is due from the renters of Melur, Dindigul, Periakolem, Ramnad, and Shevagungah, who have become completely insolvent, and that in Madras from certain shop-keepers who are reduced to indigent circumstances.

75. The whole of the salt is irrecoverable. It has been noticed above.

76. Full particulars of all the irrecoverable arrears recommended for remission are given in the following abstract. The total amount is Rupees 2,02,160, and the Board request the sanction of Government for writing it off.

82. The demand on the Hinjeram and Palcondah estates in Viragapatam, which are rented to Messrs. Arbuthnot and Co., was Rupees 1,52,060, of which the collections amounted to Rupees 1,51,509, leaving a balance of only Rupees 551. There was a small decrease of 8 acres in the area cultivated. The cultivation of Indigo has much increased and the ryots realised Rupees 27,439 for one crop alone of that article.

85. The Village and Talook accounts have been carefully examined by the Collectors and their subordinates during the Jummahbundy, and were found to be properly kept. These accounts are generally reported to have been much better kept during the year than in Fualy 1276 although in some places the Curnums still showed great ignorance. Irregularities when discovered were duly noticed and the parties concerned punished.

86. The sale proceeds of unassessed waste lands, etc., are shown below as usual. The receipts show a decrease of Rupees 21,013 and this is chiefly owing to the diminished amounts realized from escheats in Malabar as the sales approach completion:—

Items.	Fusly 1276.	Fusly 1277.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Sale of lands in freehold for building purposes at an upset price equal to twenty-five times the land tax	3,630	922	...	2,708
Redemption of assessment on assessed Government lands converted into freehold.	2,086	276	...	1,810
Redemption of Inam lands other than Village Service Inams enfranchised on payment of quit-rent	344	283	...	61
Sale of waste lands under new Rules of 5th March 1863.	16,156	11,374	...	4,782
Sale of proprietary right in the escheats of Malabar	2,61,822	2,50,170	...	11,652
Total...	2,84,038	2,63,025	...	21,013

87. The Board must call the attention of Collectors to the Circular, dated 7th July 1860, No. 3,145, and 15th September, 1864, No. 788, which direct that these reports shall be submitted within the end of August. The Collector of Kurnool alone complied with this order. The reports from the districts noted in the margin were received during the latter part of September, and those from other Districts subsequently. The Collectors of Godavery, Madras, and South Arcot submitted their reports long after all those from other districts had been received.

(A true Extract.)

A. Sharpey
Acting Secretary.

To the Acting Secretary to Government, Revenue Department,
with 8 printed and 1 MS. Statements.
Copy to all Collectors, with 8 Statements to each.

[illegible]

Revenue Department

4/13/13

Proceedings of the Madras Government
Under date the 11th May 69
Read the following Pro-
ceedings of the Board of Revenue

Submitting Report on settle-
ment and collection of revenues of the
Madras Presidency in July 1277,
and requesting sanction to write off
Salt wastage in certain districts.

(Here enter 31st March 1869 & 20th)

In these Pro-
ceedings the Board of Revenue
report on the settlement and
collection of the Revenues
of the Presidency for the July
/1277/ or Revenue Year ending
30 June 1868. This report
is submitted earlier than
that for July 1276, but
nevertheless the interval
between the close of the year
under review, and the date
of the report was nine months.

PROCEEDINGS, 31st MARCH 1869, No. 2,060.

Encl. 3rd April 1869 Enclg
Received 5

MARCH
No. 2,060.

Settlement and collection of revenues of
Madras Presidency in July 1277.—Report sub-
mitted to Government on —, and their sanction
requested to writing off Salt wastage in certain
districts.

16th

16th

The Government see no reason why these reports should not be sent in before the close of the Calendar year in which the Fyaly year expires and request the Board are requested to take steps to ensure the adoption of this course in the submission of their future reports. They will recollect that the numerous Revenue reports furnished in former years were discontinued, and the one general report of the description now before Government adopted, with the main object of ensuring its submission within a reasonable time after the close of the Fyaly to which it related, and six months would, the Govt believe, afford the Board ample time to procure the Collectors reports and to compile their general reports.

deem it of importance that

Board's letter of 26th May 1855, at 481.
P.G. dated 12th April 1855, at 402.

The

Season

2. The gross Revenue of the year amounted to Rupees 655,47,966 against Rupees 655,37,502 in Fyaly 1276, and the decrease of Rupees 29,84,536 is the result mainly of the very unfavorable character of the season which rendered necessary large remissions of Land Revenue. The decrease is also partly to be accounted for by considerable reduction in the salt sales owing to a portion of the natural demand of the year having been anticipated in the previous year in the Pishwa and Madras Districts. The charges amounted to Rupees 58,88,753 showing a net decrease of Rupees 22,52,6 below the expenditure of 1276. The net income of the year thus amounted to Rupees 56,65,923 against Rupees 59,62,623 in Fyaly 1276.

3. The season was generally

generally very unpropitious.
The fall of rain was copious
only in the Northern and
West Coast Districts but
the crops in some of the
former suffered damage
from floods and unsea-
sonable rains - and the
North East Monsoon
was a failure in the
latter. The early
rains in two of the
Northern Districts
were scanty, and
while the later rains
proved injurious to
the crops in Kistna
they were inadequate
for agricultural pur-
poses in Nellore. Of the
Coastal Districts, Godavari suf-
fered most from the bad season.
The North East Monsoon was
almost an entire failure &
scarcity of water for domestic purposes.

felt so much that
Government were obliged
to sanction special funds
for digging and deepening
wells. The fall of
rain in Bellary and
Kurnool was ~~less than~~ ^{only} 12 1/2 inches. Having
been more seasonable there
Districts did not suffer
much. The season was
most disastrous in North
Arcot, South Arcot, and
Madurai in which both
wet and dry cultivation
suffered very severely
from the total failure of
the North East Monsoon. The
Southern Districts of
Tanjore, Trichinopoly,
(and

and inevitably did not
 fare much better but the
 steady and regular fresher
 in the rivers of those dis-
 tricts counteracted in some
 measure the ill effects of the
 want of local rains.

The sanitary
 condition of the Presidency
 notwithstanding the
 succession of ^{which have occurred} bad seasons
 is ^{however} very gratifying. The
 total number of deaths
 was 35,703 against 58,104
 in July 1276; the ratio
 per mille being 13.95 and
 22.35 respectively. The
 figures in the margin
 show that the chief epi-
 demics with the exception of

Sanitary Condition

	Deaths in	
	July 1276	July 1277
Cholera	175,645	160,46
Small pox	27,570	33,623
Fever	124,003	105,504

have
 carrying of water for domestic purposes

have prevailed to a much
 less extent ^{than in the previous years.} than in the previous years.
 reports to the Board
 remark the attention of
 late paid to sanitary ar-
 rangements at festivals
 and fairs where large
 numbers assemble must
 have had a very beneficial
 effect on the general health
 of the Presidency. The
 introduction of the im-
 portant Act into most of
 the large towns in the Pro-
 vince is also an important
 move in the same
 direction.

Disease among
 cattle also prevailed
 to a less extent ^{than usual} and the
 Govt.

6. Another matter for congratulation is ~~the~~ ^{the} having prevented a considerable distress which otherwise would certainly have been the result of the bad season is the general fall in the price of the several grains which constitutes the staple.

The high prices of
Sensly 1276 fell in every
case.

Prices.

case, the decrease, ranging from 46 per cent on horse grain to 34, and 32 per cent on cholera and raggy, which two grains are chiefly consumed by the poorer classes. The decrease in ^{the price of} raddy was 29 per cent. The price of Sumbroo, was not only lower than that ruling in Fusly 1276 by 13 per cent, but was also below the average of the previous ten years by 2 per cent.

Pyote Holdings

7 - The extent of
Land occupied by the Ryots
in all the Districts, South Canara
excepted, was acres 1,90,05,610
assessed at - Rs 34,070,855
against

against acres 185,13,593 assessed at Rs. 335,56,515 in July 1276. The increase of acres 4,92,014 assessed at Rs. 5,14,34,000 in the whole, was the result of an increase of acres 1,97,278 assessed at Rs. 5,29,513 under 'Dry' and a decrease of acres 5260 assessed at Rs. 15,173 under wet. The increase under 'Dry' is generally owing to larger extent of land having been taken up for cultivation, although a considerable portion of the increase in the Godavary and Salem Districts ^{only} was nominal, being the result of transfers from one head to another. The decrease under 'Wet' is chiefly the result entire of the transfers to 'Dry'.

8. The actual Ryotwar Settlement amounted to Rs. 327,25,662 against Payers 348,34,117 in July 1276 as shown in the margin.

There,

Ryotwar Settlement		
	July 1276	July 1277
Assessment on actual holdings	335,56,515.	340,70,855.
Deduct waste, permitted	5,47,164.	15,10,913.
Remainder	330,09,351.	325,59,942.
Add.		
Second crop assessment	5,04,524.	4,76,734.
Additional assessment	1,96,648.	3,91,451.
Water tax	8,27,894.	9,40,378.
Revenue of South Canara	13,79,731.	13,83,138.
Deduct permissions	362,18,178.	357,43,643.
	13,84,061.	30,17,981.
	348,34,117.	327,25,662.

There was ^{thus} a very large decrease in the Ryotwar Settlement. It amounted to Rs. 21,08,1,55 as shown below.

	Increase	Decrease
Holdings	5,11,340	
Increase, under waste permitted		27,17,419
Second crop assessment		27,790
Additional assessment		1,05,227
Water tax	112,484	
Revenue of South Canara	3,407	
Increase in permissions		16,33,920
	6,30,231	27,38,686
Net		21,08,1,55

These figures conclusively show that the unfavorable season has had a considerable effect in diminishing the Revenue of the year notwithstanding the increase of Payers 6,26,824 under 'Holdings' and water tax.

The

9 The almost total
 failure of the North East
 monsoon rendered large re-
 missions necessary. The
 only head under "Remissions"
 in which there was a decrease of charge
 was "line allowed on the
 collections from the De-
 mand of villages. This
 was owing simply to pay-
 ments having been made
 from the Treasury
 in account of Exche and
 Dilla. Arrears in the
 Chinnelly District
 in view of the usual
 deductions from the demand
 The commutation
 of

of these payments into
 land is under consider-
 ation. This is a fixed
 source of revenue being
 the aggregate of the in-
 come permanently settled
 to be paid by the land-
 owners and the holders
 in the Presidency. There
 is an increase in the year un-
 der as far as is owing
 chiefly to the addition
 made to the annual pay-
 ments in some cases
 on account of quit-rent
 charged by the Indian
 community which is collected on behalf of
 the Government by the landholders.
 The decrease in
 this head was the
 result of deduction of
 the quit-rent on certain
 lands as well as of the
 exemption of Indian
 lands by the Indian Com-
 missions in conse-
 quence of the Indian
 failing to appear as
 required. There was an in-
 crease of more than a
 lac

Almufree
Acting Secretary

Rev-1053/69
 Enclosure in the
 Proceedings of the Board
 of Revenue to the Ag-
 lary to Govt R. D. 27
 31 March 1869 R-2060

Enclosure No 4

Comparative statement
 of cultivation and
 settlement of the Ryotwar
 Land Revenue July 1277

Sundry sources

communications and the favo-
 rable character of the
 season in South Ar-
 coth for the cultivation
 of the Indigo plant
 have contributed to this

Result:-

15- The demand on account of sundry
 sources of Revenue is
 as shown in the subjoin-
 ing table:-

Item	July 1276	July 1277	Difference
Abkary	54,61,240	53,27,862	-1,33,477
Licence Tax	2,56,290	4,77,487	+2,21,197
Salt	11,58,979	10,52,247	-10,25,732
Sea Customs	20,68,505	24,11,354	+3,42,849
Land Customs	1,25,830	1,51,606	+25,776
Stamps	30,56,642	25,89,001	-5,67,641

The

Abkarry.

The decrease
under Abkarry
to the Board of State,
owing to the decrease
of the farms for an
sum below the
original entry. This
explanation is not
clear - According
to the terms of the
advertisement all en-
tries which may be
sustained by sales
are to be made good
by the original entries
and

Licence Tax

Salt

and these conditions
should have been enforced
unless remissions were
sanctioned for special
reasons

7 The manner in
this head was the
result of the operation
of the tax during the
whole of July 1277
instead of during a
part ^{of the year} only as was the
case in July 1276.

18. The demand
under this heading
viz Rs. 105,62,247
though less than that
of

of July 1276 by Rs.
 10,25,732 was above
 the Revenue (102,85,187)
 of July 1275 by
 Rs. 2,76,760 and
 was above
 the average (Rs. 82,51,075)
 of the preceding
 five years by Rs.
 23,11,72. The
 decrease as com-
 pared with July
 1276 is chiefly
 ascribed to the large
 exportations in
 that year from
 Nitra to the
 Nizam's

To the Nizam's
 Government
 at Hyderabad

The cotton in the Nizam's
 Province is the Central Province
 has been under the same of cotton
 as Gangan salt cement found
 it was to be sold, but was
 undersold by salt from Bombay

Nizam's Territories
 caused by the
 high price of the
 article there at
 the time, as also
 to the facilities
 afforded by the
 extension of the
 Railway for
 transporting Bombay
 salt into the Central
 Provinces, which
 were formerly sup-
 plied from Gangan
 by the Brigades.
 There is a
 large

large decrease in
Merch also in
consequence of the
two chief merchants
having limited
their movements pending
the disposal of their
purchases of the
previous year.

19. The charges of
the Salt Department
amounted to Rs 12,80,916

against Rs 14,14,280 in

July 1276. The decrease
is the result of the smaller quantity

manufactured

56
manufactured in
July 1277. The per-
centage of the charges
on the gross Revenue
rose in Pista
from 11 to 12 and
in South Arcot from
9 to 11 percent. This
large increase should
have been explained
by the Board.
20. The net Salt
Revenue of the year

amounted to Rs

Demand	Rs 105,62,247
Deduct balance	<u>3,112</u>
Actual collection	105,59,135
Deduct charges	<u>+2,80,916</u>
Net Revenue	92,78,219

Rs 92,78,219

showing a decrease
of

of Rupees 89,1834 be-
low the net revenue of
Truly 1276, but an increase of
Rupees 10,27,144 above
the average net reve-
nue of the previous
five years.

2. The total wastage
of salt in the year
amounted to Indian
Maunder 16,3566-32
and the Board have
properly called for
explanation from the
collectors of those
Districts in which
the percentage of
wastage

90,000	Revenue
10,000	Wastage
80,000	Net Revenue
10,000	Wastage
70,000	Net Revenue

wastage was high. The
sanction of Govern-
ment is accorded
for writing off the
wastage in those Dis-
tricts in which it
was either less than
5 per cent, or has been
satisfactorily explained,
amounting to Indian
Maunder 70,291 and
2 seers as per particu-
lars given in
para 51 of the Board's
report.

Law & Land Customs. 22. The increase

under Sea Customs
is owing principally to the
residual of the trade of
the Northern Districts,
which had suffered a
severe check, in consequence
of the Famine of 1866, as
also to a general increase
in the export of paddy
and rice and in the import
of betel nut. The in-
crease under Land
Customs occurred
in the duties on
minerals and spirits
imported into
British territory.

Stamp

Demand Collection Balance

Land Revenue—419,81,948
Sundry Sources—22,51,558
Total 442,33,506

23. The increase under
Stamp Revenue was the result
of the operation of Act No. 18 of 1867.

24. The total current demand
on account of all sources of re-
venue amounted to Rs 45,01,506.
Of this sum Rupees 59,01,567
or little more than 91 per cent
was collected within the Fidelity
and the subsequent collections
up to November 1868 amounted
to Rs 38,72,970, leaving a bal-
ance of Rs 7,61,299 or only 2 1/2
per cent.

25. The Govt view this result
as very satisfactory considering
the highly unfavorable character
of the season and the distress
which the community at large
suffered in consequence. They
have noticed the explanations
given by the Board for the
outstanding balances under the
several heads, and no further
remarks.

remarks are called for. The
 attention of the Board and the
 collectors must however
 be drawn to para 28 of the Order
 dated 22nd December 1868 Rs. 3200
 wherein the propriety of enforcing
 the conditions of the Ahkary
 leases and the necessity of watch-
 ing the collections as to pre-
 sent, the balance exceeding the
 value of the security lodged
 are pointed out.

26. The collection of the
 revenue of the Nilgherry Ta-
 look shows a decided improve-
 ment, and as the subject is now
 engaging the attention of
 the Commissioner, the
 Government do not
 deem it necessary
 to enter into further
 particulars on the subject.

Demand	Rupces
Collection, with	31,464
in the July	25,101
D: subsequent to	4,300
31 st August 1868	
	29,401
Balance	5,066

The

Demand Collection 27. The total demand
Balance of Arrears on account of arrears
 amounts to Rs. 58,12,581 at
 the commencement of the
 July, and deducting
 the collections & remissions
 both within and subse-
 quent to the July upto
 30th November 1868, the
 balance left was Rs.
 8,92,626 - of this the
 sum of Rs. 202,160 is
 stated to be irrecoverable.

28. The Govt. have
 carefully considered
 the explanation of the
 ground, which is
 the balance under the
 several heads are pro-
 nounced to be irreco-
 verable. The Ahkary
 balance of Rs. 21,489 -
 in the Madras district
 proposed to be struck
 off is large, and should
 not

not have occurred if, as already remarked, timely measures had been taken to realize the equated interest. However, no good had can be derived by retaining this sum in the Accounts, now that the defaulters are found to be completely insolvent, sanction is granted for writing off the entire amount of Rs 202,160.

29. The particulars given in the July year statement of old balances under "not permanently settled" appended to para 77 of the Board's report include the sum of Rs 119,311-13-4 already sanctioned to be written off if the Govt have no means of ascertaining the districts in which old items remain unpaid at the close of the July for which the report is submitted. The Govt attach great importance.

importance to the prompt and final settlement of these balances, and the Board will therefore place such information before them more clearly in their future reports.

30. The extent to which coercive process was issued during the year for realizing the Revenue is noted in the margin. It was more largely resorted to than in July 1276. The character of the season must, it is presumed, have rendered recourse to Law necessary to a more than usual extent.

Number of ryots against whom process was issued.	July 1276.	July 1277.
Revenue realized by Actual sales;	5,997.	58,344.
	21,219.	1,32,631.

As per Table of Ryots & Revenue
to be sent to Govt. Secy.
