TO

The Surveyor General of India.

Calcutta, dated 10th January 1876.

Surveys.
SIR,

In reply to your letter sk. 2085 dated the 6th ultimo, I am directed to say that the Government of Madras should not be supplied with copies of your Manual of Surveying without intimation from that Government that the supply is desired. The application from that Government to which reference was made in my letter sk. 863 dated the 2nd ultimo, was made under the impression that the Government of India would supply the Copies asked for officially.

Extract

Extract (paragraphs 1-3) from letter
at. 2085 dated 6th December 1875 from the
Surveyor General of India.

1 In reply to your letter at. 863, dated
the 2nd December, enquiring if a new Edition
of the Manual of Surveying for India
has been published for distribution
to Government Officials or for sale, I have
the pleasure of informing the Government
of India that the 3rd Edition of this work, has
just been published by Messrs. Thacker,
Spink and Co. of Calcutta, and is now on
sale, in accordance with the enclosed
Prospectus.

2 No copies have yet been subscribed
for by Government, and this Office is unable
to supply other Departments or the Madras
Government, who will of course have to
purchase from their own Budgets. The order
has been sent to the Publishers for compliance
direct to the Madras Government, and to the
Revenue, Agriculture and Commerce Depart-
ment.

3 I take this opportunity of submitting
a copy of the 3rd Edition of the Manual, which
I have for several years past been revising.
It is now greatly improved and enlarged
with superior matter in a condensed
form, which I trust makes it much more
useful and convenient for the Department,
and for students of the Profession and others
in India generally.

Copy of paragraph 1, together with
extract from Colonel Theilliers's letter,
paragraphs 1 to 3, and the prospectus therein
referred to, forwarded to the Government
of Madras for information, with reference
to its letter at. 2386 dated the 9th November
1875, and with the remark that copies of the
work are procurable on payment from the
publishers, and that it is not considered
necessary for the Government of India to
supply them.
